VESSELS LOST

The losses embraced in this list are classified as follows:

1. *Foundered.*—Casualties due to leaking or capsizing of vessels, including vessels lost at sea not due to causes 3 or 4, and vessels not reported after sailing.
2. *Stranded.*—Casualties due to vessels running aground, striking rocks, reefs, bars, etc.
3. *Collided.*—Collision between vessels only.
4. *Burned.*—Casualties due to fire.
5. *Abandoned.*—Abandonment at sea (but not abandonment due to age).
6. Self-explanatory causes not included in preceding classification.

The place given is the position at, off, or near which the casualty occurred.

The information in columns headed "On board" and "Lives lost" is furnished by the Coast Guard.

Total	274	100,269	1,985	168					

[a] Sailed from Curaçao, Dutch West Indies, Dec. 27, 1924, and has not since reported.

VESSELS ABANDONED, SOLD TO ALIENS, OR REMOVED FOR OTHER CAUSES

The explanations for the "Why removed" column are as follows:

1. *Name of country.*—Indicates nationality of purchaser of vessel.
2. *Abandoned.*—Abandonment due to age or deterioration.
3. *Under 5 tons net.*—Tonnage reduced below merchant vessel documentation requirement.
4. *Under 16 tons gross.*—Tonnage reduced below yacht documentation requirement.
5. *Yacht exempt.*—Vessel changed from trading to yachting and being under 16 gross.
6. *Inland waters.*—Documents not required.
7. *Barge exempt.*—Documents not required; used in harbor.
8. *Scrapped.*—Shipping Board vessels sold to be broken up.

LETTER OF TRANSMITTAL

DEPARTMENT OF COMMERCE,
BUREAU OF NAVIGATION,
Washington, July 1, 1925.

SIR: In compliance with the provisions of the act of Congress approved July 5, 1884, directing the Commissioner of Navigation to "annually prepare and publish a list of vessels of the United States belonging to the commercial marine, specifying the official number, signal letters, name, rig, tonnage, home port, and place and date of building of every vessel, distinguishing sailing vessels from such as are propelled by steam or other motive power," the fifty-seventh annual list of such vessels has been submitted, it being the forty-second annual list prepared by the Bureau of Navigation, and bringing the record of the merchant vessels of the United States down to June 30, 1925.

This volume, which is a part of the list of merchant vessels, is designed specially for the use of signal stations and masters of seagoing vessels. It contains the names of vessels having distinguishing signal letters, classed as follows:

Seagoing merchant vessels of the United States.

Yachts.

Seagoing merchant vessels, arranged according to names of owners.

Vessels belonging to the Navy, the Quartermaster Corps, the Engineer Corps, the Coast Guard, the Lighthouse Service, the Coast and Geodetic Survey, the Bureau of Fisheries, and the Bureau of Navigation.

Information relating to merchant vessels is arranged as follows:

1. Official number of the vessel.
2. Signal letters.
3. Rig.
4. Name.
5. Tonnage (*gross and net*).
6. Register dimensions (*length, breadth, and depth*).
7. Year of building.
8. Place of building.
9. Service.
10. Crew.
11. Horsepower.
12. Managing owner.
13. Home port (*where permanent document issues*).
14. Address of owner.

Signal letters are assigned to seagoing vessels of the United States, and upon application, made through a collector of customs, they will be granted to yachts, and, in particular cases, to other vessels, if necessary. Such letters afford the means of recognition by signals at sea.

Respectfully,

D. B. CARSON,
Commissioner.

To Hon. HERBERT HOOVER,
Secretary of Commerce.

EXPLANATIONS

Signal letters.—All vessels named in this publication are arranged in the order of their signal letters.

Rig.—

Bk. =bark.	Ga. s.=gas screw.	Shp. =ship.
Bkn. =barkentine.	Ol. s. =oil screw.	Slp. =sloop.
Bgn. =brigantine.	Sch. =schooner.	St. s. =steam screw.
El. s. =electric screw.	*Sch. =schooner-barge,	St. p.=steam side wheel.

In the foregoing abbreviations "Ga. s." indicates an engine using light oil and "Ol. s." indicates an engine using heavy oil, both in internal combustion.

Name of vessel.—The names of steel vessels are printed in SMALL CAPITALS, iron vessels in *italics*, and wooden vessels in roman.

Vessels equipped with radio transmitting apparatus are marked ⊙; if in addition they have radio direction finders they are marked ⊙.

Dimensions.—The register, not the tonnage dimensions, are given.

Service.—

Cbl. =cable.	Pas. =passenger.	Tnk. =tanker.
Fer. =ferry.	Plt. =pilot.	Tow. =towing.
Frt. =freight.	Pol. =police.	Whl. =whaling.
Fsh. =fishing.	Ref. =refrigerator.	Wrk. =wrecking.
Msc. =miscellaneous.	Ten. =tender.	

Crew.—The figures in this column indicate the usual number of the crew, not including the master.

Horsepower.—The figures in this column represent the horsepower reported when the vessels were new; *b* means brake horsepower (internal combustion engine), and *s* means shaft horsepower (steam turbine engine); figures not preceded by a letter represent indicated horsepower.

Name of owner.—The name of the sole or, if there are two or more owners, the managing owner is given. If the sole or managing owner is a corporation, the corporate name is given.

The abbreviation in parenthesis following the name of a corporation indicates the State in which the corporation is chartered.

Home port.—This is the place where the permanent document of a vessel issues.

SEAGOING VESSELS OF

MERCHANT

SIGNALS

SPECIAL DISTANT SIGNALS OF THE INTERNATIONAL CODE

Made by a single hoist followed by the STOP signal. Arranged numerically for reading off a signal

These signals may be made by the semaphore, by cones, balls, and drums, or by square flags, balls, pennants, and whefts

Signal		Meaning
	2	"Preparative," "Answering," *or*, "Stop," after each complete signal.
	1 2	Aground; want immediate assistance.
	2 1	Fire, *or*, Leak; want immediate assistance.
	2 2	Annul the whole signal.
	2 3	You are running into danger, *or*, Your course is dangerous.
	2 4	Want water immediately.
	3 2	Short of provisions; starving.
	4 2	Annul the last hoist; I will repeat it.
	1 1 2	I am on fire.
	1 2 1	I am aground.

SPECIAL DISTANT SIGNALS, ARRANGED NUMERICALLY

Signal		Meaning
	1 2 2	Yes, *or*, Affirmative.
	1 2 3	No, *or*, Negative.
	1 2 4	Send lifeboat.
	1 3 2	Do not abandon the vessel.
	1 4 2	Do not abandon the vessel until the tide has ebbed.
	2 1 1	Assistance is coming.
	2 1 2	Landing is impossible.
	2 1 3	Bar, *or*, Entrance is dangerous.
	2 1 4	Ship disabled; will you assist me into port?
	2 2 1	Want a pilot.
	2 2 3	Want a tug; can I obtain one?
	2 2 4	Asks the name of ship (*or*, signal station) in sight, *or*, Show your distinguishing signal.

SPECIAL DISTANT SIGNALS, ARRANGED NUMERICALLY

Signal		Meaning
	2 3 1	Show your ensign.
	2 3 2	Have you any dispatches (message, orders, *or*, telegrams) for me?
	2 3 3	Stop, Bring-to, *or*, Come nearer; I have something important to communicate.
	2 3 4	Repeat signal, or hoist it in a more conspicuous position.
	2 4 1	Can not distinguish your flags; come nearer, or make Distant Signals.
	2 4 2	Weigh, Cut, *or*, Slip; wait for nothing; get an offing.
	2 4 3	Cyclone, Hurricane, *or*, Typhoon expected.
	3 1 2	Is war declared? *or*, Has war commenced?
	3 2 1	War is declared, *or*, War has commenced.
	3 2 2	Beware of torpedoes; channel is mined.
	3 2 3	Beware of torpedo boats.
	3 2 4	Enemy is in sight.

SPECIAL DISTANT SIGNALS, ARRANGED NUMERICALLY

Signal		Meaning
	3 3 2	Enemy is closing with you, *or*, You are closing with the enemy.
	3 4 2	Keep a good lookout, as it is reported that enemy's men-of-war are going about disguised as merchantmen.
	4 1 2	Proceed on your voyage.

The following distant signals, made with flag and ball or pennant and ball, have the special signification indicated beneath them

You are running into danger	Fire, *or* Leak; want immediate assistance	Short of provisions. Starving	Aground; want immediate assistance

SEMAPHORES

There are many semaphores established on the French, Italian, Portuguese, and some on the Spanish and Austrian coasts, where only the International Code of Signals is now used. Where practicable these semaphores have means of communicating by telegraph with each other and with the chief metropolitan lines and foreign stations.

Passing ships are able to exchange communications with the semaphores, and when required their messages are forwarded to their destination according to the fixed tariff. On the coasts of Great Britain there are signal stations which offer the same facilities to passing vessels.

39302°—M V 1925——12

DISTRESS SIGNALS

(See Article 31 of International Rules)

When a vessel is in distress and requires assistance from other vessels or from the shore the following shall be the signals to be used or displayed by her, either together or separately, namely:

In the daytime—

(1) A gun or other explosive signal fired at intervals of about a minute.

(2) The International Code signal of distress indicated by NC.

(3) The distant signal, consisting of a square flag, having either above or below it a ball or anything resembling a ball.

(4) A continuous sounding with any fog-signal apparatus.

At night—

(1) A gun or other explosive signal fired at intervals of about a minute.

(2) Flames on the vessel (as from a burning tar barrel, oil barrel, and so forth).

(3) Rockets or shells throwing stars of any color or description, fired one at a time, at short intervals.

(4) A continuous sounding with any fog-signal apparatus.

WEATHER BUREAU STATIONS AND STORM-WARNING DISPLAY STATIONS ON THE UNITED STATES SEACOAST TELEGRAPH LINES

ATLANTIC COAST

Block Island, Rhode Island.
Norfolk, Virginia.
Cape Henry, Virginia.
Manteo, North Carolina.
Hatteras, North Carolina.
Key West, Florida.

PACIFIC COAST

Tatoosh Island, Washington.
Neah Bay, Washington.
Clallam Bay, Washington.
Port Angeles, Washington.
North Head, Washington.
Point Reyes, California.

LAKE SUPERIOR

Whitefish Point, Michigan.[1]

LAKE HURON

Thunder Bay Island, Michigan.[1]
Middle Island, Michigan.[1]
Alpena, Michigan.

[1] Weather Bureau storm-warning display statistics.

LAKE MICHIGAN

St. James, Beaver Island, Michigan.[1]
Sleeping Bear Point, Michigan (P. O. Glenn Haven).[1]
North Manitou Island, Michigan.[1]
South Manitou Island, Michigan.[1]

Of the above stations the following are supplied with International Code Signals, and communication can be had therewith for the purpose of obtaining information concerning the approach of storms, weather conditions in general, and for the purpose of sending telegrams to points on commercial lines:

Cape Henry, Virginia.
Tatoosh Island, Washington.
North Head, Washington.
Point Reyes, California. (Office hours, 6 a. m. to 5 p. m.)

Cape Henry, Va., in addition, is equipped for communication by Morse Code, flashlight, by night.

Any message signaled by the International Code, as adopted or used by England, France, America, Denmark, Holland, Sweden, Norway, Russia, Greece, Italy, Spain, Portugal, and Brazil, received at these telegraphic signal stations, or by the Morse Code, flashlight, at night, at Cape Henry, Va., will be transmitted and delivered to the address under suitable arrangements for payment at the station of the telegraphic charge. All messages received from or addressed to the War, Navy, Treasury, State, Interior, or other official departments at Washington, are telegraphed without charge over the Weather Bureau lines.

The Philadelphia Maritime Exchange at Delaware Breakwater, Del., is equipped for day and night communication with passing vessels. The International Code is used by day and the Morse Code, flashlight, by night. Messages to or from vessels will be forwarded to destination.

[1] Weather Bureau storm-warning display stations.

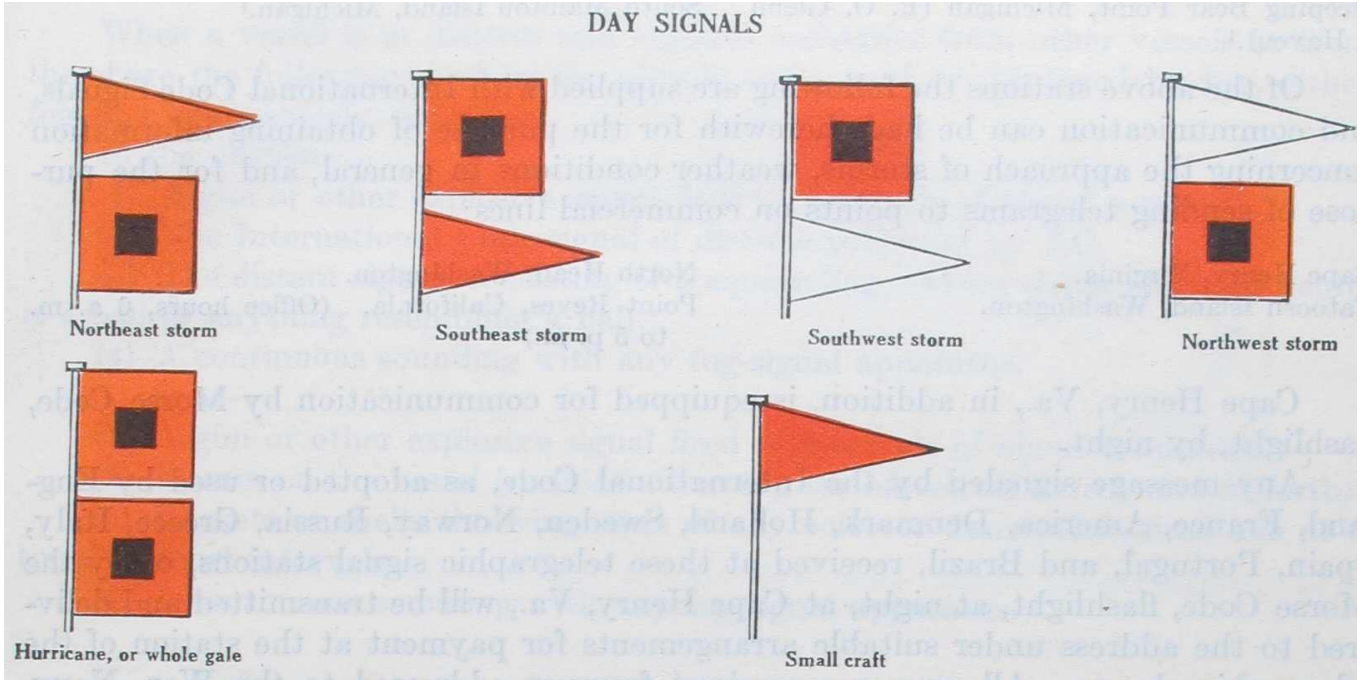
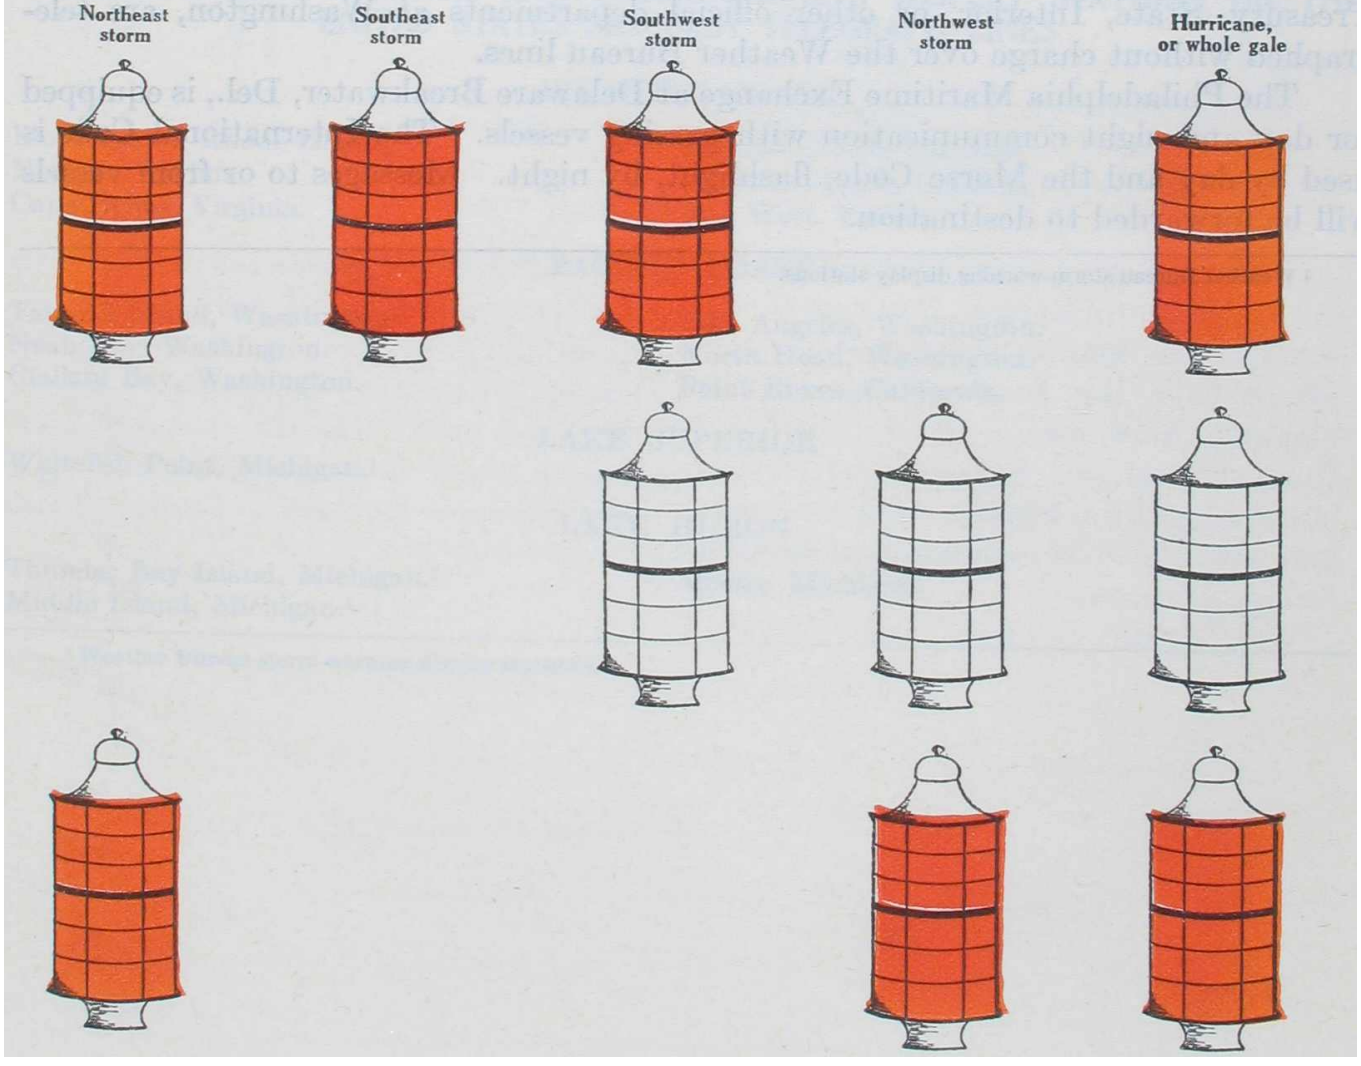
DAY SIGNALS



NIGHT SIGNALS



EXPLANATION OF SMALL CRAFT, STORM, AND HURRICANE WARNINGS[1]

Small-craft warnings.—A red pennant indicates that moderately strong winds that will interfere with the safe operation of small craft are expected. No night display of small-craft warnings is made.

Northeast storm warning.—A red pennant above a square red flag with black center displayed by day, or two red lanterns, one above the other, displayed by night, indicates the approach of a storm of marked violence with winds beginning from the northeast.

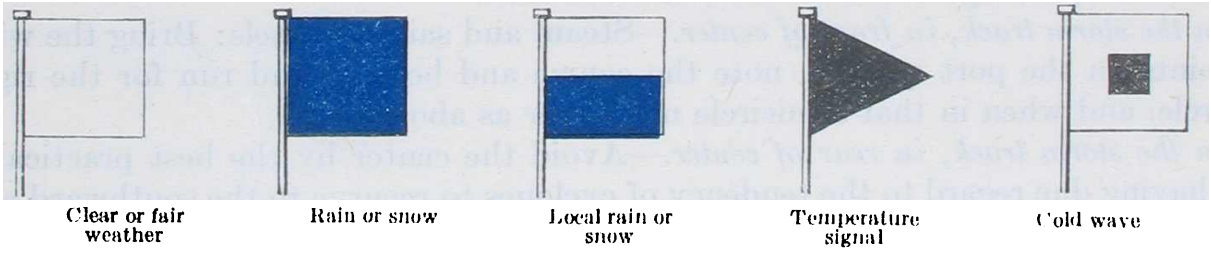
Southeast storm warning.—A red pennant below a square red flag with black center displayed by day, or one red lantern displayed by night, indicates the approach of a storm of marked violence with winds beginning from the southeast.

Southwest storm warning.—A white pennant below a square red flag with black center displayed by day, or a white lantern below a red lantern displayed by night, indicates the approach of a storm of marked violence with winds beginning from the southwest.

Northwest storm warning.—A white pennant above a square red flag with black center displayed by day, or a white lantern above a red lantern displayed by night, indicates the approach of a storm of marked violence with winds beginning from the northwest.

Hurricane, or whole-gale warning.—Two square flags, red with black centers, one above the other, displayed by day, or two red lanterns, with a white lantern between, displayed by night, indicate the approach of a tropical hurricane, or of one of the extremely severe and dangerous storms which occasionally move across the Great Lakes.

WEATHER FORECAST FLAGS



Number 1, white flag, indicates clear or fair weather. Number 2, blue flag, indicates rain or snow. Number 3, white and blue flag (parallel bars of white and blue), indicates that local rains or showers will occur, and that the rainfall will not be general. Number 4, black triangular flag, always refers to temperature; when placed above numbers 1, 2, or 3 it indicates warmer weather; when placed below numbers 1, 2, or 3 it indicates colder weather; when not displayed, the indications are that the temperature will remain stationary, or that the change in temperature will be slight. Number 5, white flag, with black square in center, indicates the approach of a *sudden* and *decided* fall in temperature, and is displayed alone.

2. When displayed on poles the flags should be arranged to read downward; when displayed from horizontal supports a small streamer should be attached to indicate the point from which the flags are to be read.

RULES FOR MANEUVERING A VESSEL IN THE PRESENCE OF CYCLONIC STORMS

[Pilot Chart, Hydrographic Office, U. S. Navy]

NORTHERN HEMISPHERE

Right or dangerous semicircle.—Steamers: Bring the wind on the starboard bow, make as much way as possible, and if obliged to heave to, do so head to sea. Sailing vessels: Keep close hauled on the starboard tack, make as much way as possible, and if obliged to heave to, do so on the starboard tack.

Left or navigable semicircle.—Steam and sailing vessels: Bring the wind on the starboard quarter, note the course and hold it. If obliged to heave to, steamers may do so stern to sea; sailing vessels on the port tack.

On the storm track, in front of center.—Steam and sailing vessels: Bring the wind two points on the starboard quarter; note the course and hold it, and run for the left semicircle, and when in that semicircle maneuver as above.

On the storm track, in rear of center.—Avoid the center by the best practicable route, having due regard to the tendency of cyclones to recurve to the northward and eastward.

SOUTHERN HEMISPHERE

Left or dangerous semicircle.—Steamers: Bring the wind on the port bow, make as much way as possible, and if obliged to heave to, do so head to sea. Sailing vessels: Keep close hauled on the port tack, make as much way as possible, and if obliged to heave to, do so on the port tack.

Right or navigable semicircle.—Steam and sailing vessels: Bring the wind on the port quarter, note the course and hold it. If obliged to heave to, steamers may do so stern to sea; sailing vessels on the starboard tack.

On the storm track, in front of center.—Steam and sailing vessels: Bring the wind two points on the port quarter, note the course and hold it, and run for the right semicircle, and when in that semicircle maneuver as above.

On the storm track, in rear of center.—Avoid the center by the best practicable route, having due regard to the tendency of cyclones to recurve to the southward and eastward.

The above rules depend, of course, upon having sea room. In case land interferes, a vessel should heave to, as recommended for the semicircle in which she finds herself.

COAST GUARD SIGNALS

The following signals, recommended by the International Marine Conference for adoption by all institutions for saving life from wrecked vessels, have been adopted by the United States Coast Guard.

1. Upon the discovery of a wreck by night, the station crew will burn a red pyrotechnic light or a red rocket to signify, "You are seen; assistance will be given as soon as possible."

2. A red flag waved on shore by day, or a red light, red rocket, or red Roman candle displayed by night, will signify, "Haul away."

3. A white flag waved on shore by day, or a white light slowly swung back and forth, or a white rocket or white Roman candle fired by night, will signify, "Slack away."

4. Two flags, a white and a red, waved at the same time on shore by day, or two lights, a white and a red, slowly swung at the same time, or a blue pyrotechnic light burned by night, will signify, "Do not attempt to land in your own boats; it is impossible."

5. A man on shore beckoning by day, or two torches burning near together by night, will signify, "This is the best place to land."

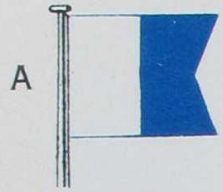
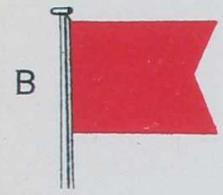
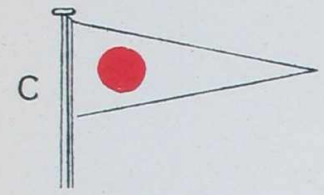
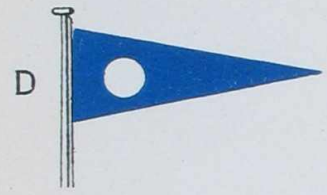
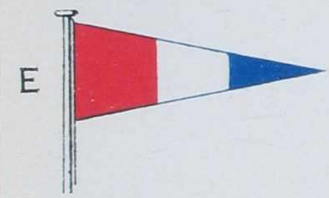
FLAGS AND PENNANTS TO BE USED IN THE INTERNATIONAL CODE

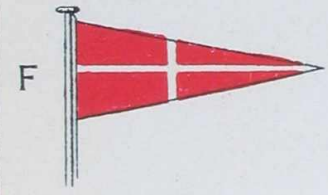


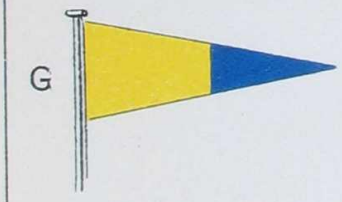


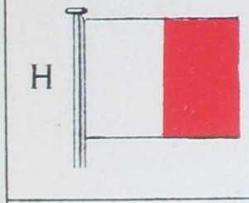


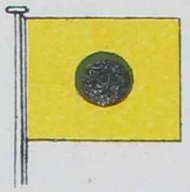


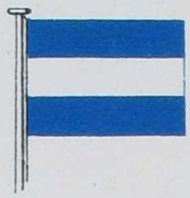


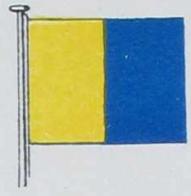


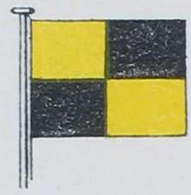


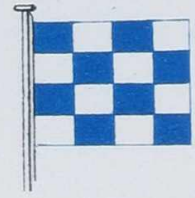


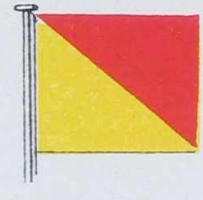


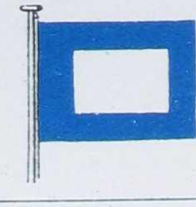


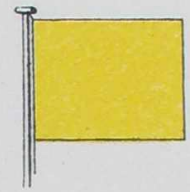


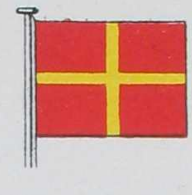


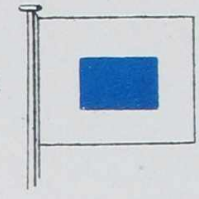


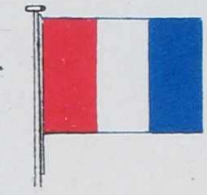


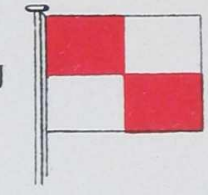


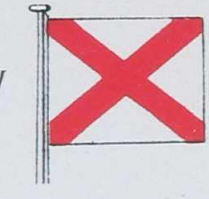


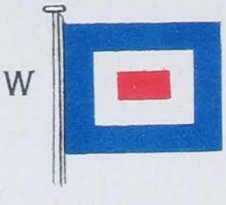


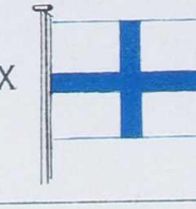


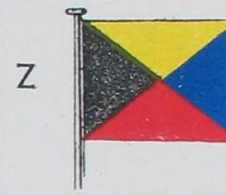




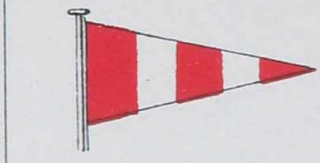








"CODE FLAG" AND "ANSWERING PENNANT."

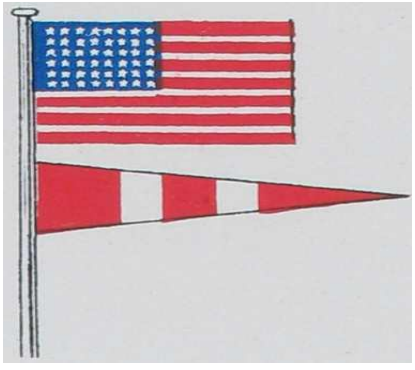


When used as the "Code Flag" it is to be hoisted under the ensign.

When used as the "Answering Pennant" it is to be hoisted at the masthead or where best seen.

NOTE.—*It is desirable, to prevent confusion, that the pennants used should be at least twice as long as the burgees and square flags.*

To open communication by the Code, show the ensign with the following pennant under it, thus:



When hoisted under the ensign, the Code Pennant denotes a signal taken from the International Code. When hoisted by itself at the masthead, or where it can best be seen, it is the Answering Pennant.

Communication may then be commenced, and any message following in this paper, or found under the heading "Danger or Distress" in the International Code Signal Book, may be exchanged, strictly following the INTERNATIONAL COMMERCIAL CODE and the instructions given below.

The above signal, asking to open communication, should be shown in every case of distress by the shore station, for it may be that the vessel has the INTERNATIONAL CODE, but, until seeing this signal, will not know she can use it.

SIGNALS ADOPTED FROM, AND TO BE FOUND IN, INTERNATIONAL COMMERCIAL CODE SIGNAL BOOK, REFERRED TO ABOVE.

N C	In distress; want immediate assistance.	B J	Engines broken down; I am disabled.
D C	We are coming to your assistance.	J D	You are standing into danger.
E Y	Do not attempt to land in your own boats.	F Z	Heavy weather coming; look sharp.
B I	Damaged rudder; can not steer.	F R	Bar is impassable

A HOEN & CO BALTIMORE.

	Cast off.		Landing is impossible.
	Make fast—to—		Look out for rocket line (*or*, line).
	Slack away.		Endeavor to send a line by boat (cask, kite, raft, etc.).
	Shift your berth. Your berth is not safe.		No assistance can be rendered; do the best you can for yourselves.
	Hold on until high water.		Lookout will be kept on the beach all night.
	Remain by the ship.		Lights, *or* Fires will be kept at the best place for coming on shore.
	Abandon the vessel as fast as possible.		Keep a light burning.

A HOEN & CO BALTIMORE

	Do not abandon the vessel until the tide has ebbed.		I must abandon the vessel.
	I am on fire.		-Want a pilot.
	I am sinking (*or*, on fire); send all available boats to save passengers and crew.		What is name of ship or Signal Station in sight?
	Want assistance; mutiny.		Repeat ship's name; your flags were not made out.
	Want immediate medical assistance.		Signal not understood, though the flags are distinguished.
	Want a boat immediately (*if more than one, number to follow.*)		I can not make out the flags (*or*, signals).
	Want a tug (*if more than one, number to follow.*)		Assent—Yes.
			Negative—No.

A. HOEN & CO. BALTIMORE,
