The vessels whose names are listed below have been reported to the Bureau as actual total losses and are classified in the column headed "Nature" as follows:

1. Foundered. Casualties due to leaking or capsizing of vessels, including vessels lost at sea not due to causes 3 or 4.
2. Stranded. Casualties due to vessels running aground, striking rocks, reefs, bars, etc.
3. Collided. Casualties involving collisions between two or more vessels, but not between a vessel and any other object.
4. Burned. Casualties due to fire or explosion.
5. Abandoned. Abandoned at sea. (For abandonment due to age, see VESSELS ABANDONED section.)
6. Lost. Self-explanatory causes not included in preceding classifications, and losses of vessels where the cause and place is unknown.

The place given is the position at, off, or near which the casualty occurred.
