NOTES

1. The signal numbers herein assigned become effective 1 July 1955.

2. Date of Rank of First Commission as appearing in column 6 is the date of rank assigned the officer in his (her) first commission in the regular Navy or Naval Reserve, provided that commissioned service has been continuous subsequent to date of initial commissioning.

3. A Staff Corps officer having a Naval Reserve officer assigned as his (her) running mate has a number shown in the running mate column which is the signal number of the regular Navy line officer next senior to his (her) assigned running mate.

4. The asterisk (*) symbol printed after the signal number indicates that the officer has been selected for promotion to the next higher grade.

5. The date shown in the column headed "Pay Entry Base Date" in the Index to Names is the date which reflects all service for pay purposes.

6. The numbers shown in the column headed "Locator Code" in the Index to Names are the last two digits of signal numbers of naval officers or of numbers in grade of Marine Corps officers.

7. Errors or omissions should be reported by letter to the Chief of Naval Personnel, Attention Pers-E11.

8. Distribution of this publication is made to ships, aircraft squadrons and staffs in accordance with allowances published in BUPERS INSTRUCTION 5601.1 of 10 December 1953, and to shore activities in accordance with allowances based on established needs. Commanding officers of ships and stations needing copies in excess of established allowances should make letter request to the Chief of Naval Personnel, giving justification of need for the additional supply. Such letters should be signed by the commanding officer.

9. For the U. S. Marine Corps, distribution of this publication is made to units and organizations in accordance with the Tables of Allowance (T/A) and the Material Allowance List (MAL). Organizations needing copies in excess of established allowances should make letter request to the Commandant of the Marine Corps (Code ABP), giving justification of need for the additional supply.
