Lieutenant John Paul Jones to Joseph Hewes

On board the Sloop Providence N. York

Sir

19th May 1776

I had the honour of writing you the history of our Cruise in the Fleet from the Capes of Delaware 'till our Arrival at N. London the 14th Ulto inclosing an inventory of all the stores taken at N. Providence &ca – the letter contained a particular account of the Action with the Glasscow in an Extract from the Alfred's Log Book – it also contained some free thoughts on Certain Characters in the Fleet – it was inclosed to Mr [David] Sproat, and by ill luck fell into hands not the most agreeable on its way to the Post Office; from which circumstance I much fear it hath miscarried – for, I have Just now parted from Captn [David] Lenox and tho' he is late from Philadelphia he hath no account of any letters from me to his Uncle Mr Sproat.

I now inclose you the minutes of two Court Martials held on board the Alfred, the Evidences at large excepted – these minutes have not yet been seen in Print. – in Consequence of the last Trial I was ordered to take the Command of this Vessel the 10th Currt I arrived here Yesterday Afternoon in 36 hours from Rhode Island with a return of upwards of 100 men besides Officers which Genl Washington lent to the Fleet at N. London. – I left the A. Doria & Cabot at Rhode Island ready to Sail together on a four Weeks Cruise. – What will become of the Alfred & Columbus heaven only knows – the Seamen have been so very Sickly since the Fleet returned to the Continent, that it will be Impossible to man them without Others can be entered. – I have landed Genl Washington's Soldiers, and shall now Apply to Shipping men, if any can be Obtained but it appears that the Seamen almost to a man had entered into the Army before the Fleet was Set on Foot, and I am well informed that there are four or five thousand Seamen now in the Land Service. If this be admitted, I will affirm that without an Order to draft seamen out of the Army the thirteen New Ships may rot in the harbours for want of hands.

The Unfortunate Engagement with the Glasscow seems to be a general reflection on the Officers of the Fleet – but a little reflection will set the matter in a true light – for no Officer who Acts under the Eye of a Superiour and who doth not Stand charged by that Superiour for Cowardice or Misconduct, can be blamed on any Occasion whatever. – For my own part I wish a General Enquirey might be made respecting the Abilities of Officers in all Stations – and then the Country would not be Cheated. I may be wrong but in my Opinion a Captain of the Navy ought to be a man of
Strong and well connected Sense with a tolerable Education. a Gentleman as well as a Seaman both in Theory and Practice—for, want of learning and rude Ungentle Manners are by no means the Characteristick of an Officer.—I have been led into this Subject on feeling myself hurt as an Individual by the Censures that have been indiscrimenately thrown out—for altho' my Station confined me to the Alfreds lower Gun Deck where I commanded during the Action—and tho' the Commodores letter which hath been published says “all the Officers in the Alfred behaved well”—Yet still the Publick blames me among Others for not taking the Enemy.

I declined the Command of this Sloop at Philadelphia—nor should I now have Accepted it had it not been for the Rude Unhappy Temper of my late Commander.— I now reflect with Pleasure that I had Philosophy Sufficient to Avoid Quarreleng with him—and that I even Obtained his blessing at Parting.—may he Soon become of an Affable even disposition, and may he find Pleasure in Communicating Happiness arround him.

There is little Confidence to be placed in reports Otherwise the Lieutenants of the Fleet might have reason to be Unesie when they are told that the Several Committees have orders to Appoint all the Officers for the New Ships except only the Captains.—I cannot think that they will be so far Overlooked who have at first Stept forth and Shewn, at least, a Willingness.— Nor can I suppose that my own Conduct will in the Esteem of the Congress Subject me to be Superseded in favour of a Younger Officer, especially one who is said not to Understand Navigation—I mean the Lieutenant of the Cabot who was put in Commr of the Fly at Reedy Island after I had declined it—

I was then told that no new Commission would be given—and I considered her as a paltry Message Boat fit to be Commanded by a Midshipman.— but on my Appointment to the Providence I was indeed Astonished to find my Seniority Questioned—the Commodore told me he must refer to the Congress—I have recd no New Commission—I wish the matter in dispute may first be cleared up—I will Cheerfully abide by whatever you may think is right—at the same time I am ready at Any time to have my pretentions enquired into by men who are Judges.

When I applied for a Lieutenancy I hoped in that rank to gain much useful knowledge from Men of More experience than myself—I was however mistaken for instead of gaining information I was Obliged to inform Others—I formed an Exercise and trained the Men so well to the Great Guns in the Alfred that they Went thro' the motions of Broad Sides & Rounds as Exactly as Soldiers generally Perform the Manual Exercise.

When I get what men are to be had here—I am Ordered back to Providence for further Instructions—the Sloop must be hove down—and considerably repaired and refitted before She can Proceed properly on any Cruise.— I should esteem myself happy in being Sent for to Philadelphia to act under the more immediate direction of Congress especially in one of the new Ships—I must rely on your Intrest herein.—

The largest and I think by far the best of the Frigates was Launched the day after I left Providence—but from what I can learn neither of them
MAY 1776

will equal the Philadelphia Ships – I left the Columbus heaving down and the Alfred hauling to the Wharf. – I send this by the Commodores Steward who hath leave to Visit his Wife at Phila ₢ and will call on You on his return in a day or two. I expect that he will overtake me here if I succeed in getting Men – if not he will follow me to Rhode Island and Providence. – May I hope for the honour of a letter from you by his hands – it will most Singularly Oblige me and greatly add to the favours Already Confered on Sir [¶c.]

WILLIAM BRADFORD, JR. TO JOSHUA WALLACE

[Extract]

Philada Sunday Evening.

Dear Sir,

Yesterday Evening I received a Letter from Capt. [Philip] Lacey for you, which I opened agreeable to your directions. It was in these words,

Mr Wallace

Capt. McFaden has been here and has taken his Chest and every thing out of the Cabin. He has left some letters and the Ships Papers. His things is gone to Philada in Mr Peterson's Shallop. There is but one Barrel of Beef and one of Pork on board, which will be broached in a few days. I am going to try if I can get any. If you would send two or three barrels down in Mr Peterson's Shallop: he keeps store here: If I can get provision I shall sail the first oppertunity: If I should be gone Mr Peterson will take care of them for you Capt. McFaden has taken away his orders with Directions for signals that is to be at our Capes, I know not. I am yours &c P. Lacey

I consulted with Daddy what was to be done. He advised, to get two barrels of Pork & two of Beef, to look out for Peterson's Shallop & send them by her. Accordingly I set out & inquired at almost all the Pork Merchants I could hear of – they either had none or none to dispose of. Rees Meredith, however, on acquainting him with the circumstances of the case has promised to let me have two barrels if I can get none elsewhere, & Billy say Mr Wharton has a few Barrells which he believes he will spare. My inquiries after the Shallop were still more fruitless – I could hear nothing of her – I hurried to McFaden – he was not at home but this Morning I saw him. He told me the Shallop had not yet come. I demanded the orders that he had carried off[f] – The villain said he had left them at Cohansie – that he had been stopped by some of the Committee of that place as a suspected person. [No wonder thought I! that ugly Face of yours – I shall forever honor that
Committee for their skill in Physiognomony—) he said he was obliged to produce the papers to prove that he was a good man: that the Committed dismissed him but kept the papers, saying that as he had left the Vessel he had no occasion for them and that they themselves would send them to Mr [Robert] Morris. — This is the Scoundrels Story — how true I know not — I shall wait on Mr Morris in the morning — at present he is out of town.

This Evening I happily found at Salter’s Wharf a Shallop — Capt Thompson’s — going for Morris River tomorrow night. I shall send the Pork by her & if I can light on no beef shall send three barrels. I will write both to Mr Peterson & Capt Lacey.

Most Honble Gentlemen

Yesterday, to our great Surprize, arrived at this Port twenty two English Sailors, which made part of the Crew, belonging to the Lady Juliana Captain [Christopher] Stevenson, the Reynolds Captain [Heylock] Rusden, and the Degune [Juno] Captain [Samuel] Marson, which were taken near the Port of Mantanzas, at the Mouth of the Bahama Channel, by two Bostonian Sloops, so well manned and armed that they are able to fight any vessel whatever, as we have been told by the people taken. These Three Vessels sailed from your Island bound to London, laden with produce and money to a considerable amount; the greatest part of their Crews & passengers were kept Prisoners; & the 22 Men which arrived here, were sent ashore by the Privateers in a large Boat, as they chose rather to come here, than go to America; amongst these is the Mate of the Reynolds and Captain Marson, but Capt[ain] Stephenson staid with the Privateers, in order as we imagine not to abandon his Ship, and to have Justice done him, if possible from the Injury he hath sustained from those Pirates, we wish we may not be deceived in this our Opinion. —

The Privateers still continue cruizing at the same place, that is at the very mouth of the Bahama Channel, in so much, that any Vessel that comes this way, must fall into their hands, as they are not acquainted with the Dan-
ger which has engaged us as well as in consideration of your being possibly concern'd in the Vessels, and the benefit it may be to your Merchants in general, to forward you this express by way of Port au Prince, with orders to Charter immediately a small Vessel to proceed to you that you may have the earliest account of this Important news—We are Gent [&c.]

JOURNAL OF CAPTAIN HENRY DEARBORN 1

[Seminary, Quebec, May] 16

At one O Clock P:M: Mr [Peter] Levius came to see me, & to my great joy inform'd me that the Genl had given his Consent for me to go home on Parole, & that we should sail this afternoon,—at 5: of the Clock the Town Major Came for Major [Return Jonathan] Meigs & myself, to go to the Lieut Governor. to give our parole, the verbal agreement we made was, that if ever there was an exchange of Prisoners we were to have the benefit of it, and until then we were not to take up arms against the King. After giving our Paroles from under our hands, we were carried before the Genl 2 who appear'd to be a very humane tender-hearted man. after wishing us a good voyage, & Saying he hoped to give the remainder of our officers the same lib-

ty, he desir'd the Town Major to conduct us on Board, we desir'd leave to visit our men in prison but could not obtain it.

After getting our baggage & taking leave of our fellow prisoners we went on board a schooner, which we are to go to Halifax, in but as she did not sail today, we were invited on Board the Admirals ship, where we were very genteely used, and tarried all night. 3

17 We Sail'd this morning, 10 O'Clock, we fell down to the lower end of the Island of Orleans, the wind being ahead we were obliged to cast an-
chor, at two of the Clock P:M: we went on shore upon Orleans, bought some Fowl & eggs, Orleans is a very pleasant island, but the Inhabitants are extremely ignorant.

18 We weighed anchor at 4 this morning, & had a fine breeze. at 2 Clock we Struck on the Rocks off against the Isle of Coudre, which is eight-

een Leagues from Quebec. we were in great danger of staving to pieces. But lucky for us we got off, here we Saw a great many white porpuses which were very large—We came to an anchor this night by Hare-Island, which is thirty-six Leagues from Quebec.

19 We hove up at four this morning, we have but very little wind the River here is five Leagues in Weadth, we fell down to the Isle
of Bic which is fifty Leagues from Quebec, where we found his Majesty's ship *Niger*, which is a thirty-two Gun Frigate, and an arm'd schooner lying at Anchor, we cast our anchor here at sunset.

20 We weighed anchor here this morning at 4 we had a small breeze & some rain, and a very large sea at six o'Clock we had both our masts sprung, which were barely saved from going overboard, we made a signal of distress to the above mention'd vessels, which we were in sight of. who gave us immediate relief, we put back to the ship as fast & well as we could, and after the schooner was examin'd by the carpenters, it was order'd back to Quebec and we were put on Board the *Niger*, which was now going to sail, bound for Hallifax. – at 10. O Clock this evening we met with Two Men of war and several Transports. 4

2. General Guy Carleton.

4. Deaborn was a day off in his reckoning according to the journal of Captain George Talbot of the *Niger*, which reads: “Monday 20th: at 7 A M Arrived here the *Victory* Schooner bound to Halifax at 6 A M [Tuesday, May 21] the Schooner Sailed Do Unmoor'd Ship the Schooner Anchd about 2 Leagues to the Etward of us and made the Signal of Distress Sent the Boats to her Assistance found Her Masts rotten and Sprung sent the Carpenters to Examine Ditto and was reported unfit to proceed to Sea With – Fresh Breezes & Cloudy Wear at 4 P M weighd and came to Sail.” The journal makes no mention of receiving Dearborn and Meigs on board. 20th May 1776.

I am to inform you His Majesty's Sloop *Savage* arrived here the 17th Instant with dispatches from New York, bringing under Convoy the Ship *Lady Gage* and two other Vessels taken at that place by His Majesty's Ships.

I herewith transmit to you Copies of Captain Parker's Letter, and the several Articles of Intelligence with which it was accompanied. 2

Their Lordships having by Mr [George] Jackson's Letter of the 29th February signified to me their directions that I should purchase a Ship at Boston recommended by Lieutenant [Henry] Mowat to be established as a Sloop in His Majesty's Service, which Vessel having been destroyed at the Evacuation of that place by the King's forces, and as the *Lady Gage* appears to be in every respect proper for that purpose, it is my intention to purchase and establish her as a Sloop of War.

You will also receive by this Conveyance a List of such Vessels as have been Seized or Taken by His Majesty's Ships as have come to my knowledge, since my last Account. Their Lordships will observe among them a Schooner which was laden with Gunpowder, Arms, and other Military Stores, taken by the *Cerberus*, and *Diligent* Brig, the Cargo of which Vessel appears to have cost Twenty seven thousand Livers at Cape Francois, 3 and the additional number of Ships which will in future be employed upon the Ameri-
can Coast must necessarily render the Rebels obtaining Supplies of these, and other Articles, still more difficult and precarious. I am Sir [&c.]

JOHN LANGDON TO WILLIAM WHipple  

My Friend—  

Portsmouth 20th May 1776  

Your several favor's of the 2d and 7th Instant are come to hand with the Regulations of Navey &c. I think with you, that the Officers are very low especially the Capt'n, it will not Uniform him. I've sent a List of the first I tho't of, some time since, I now inclose another, out of which you'll take your Choice, if they are not already appointed, you say you do not like the 1 Lieut (for good reasons) but when I tell you he has been very ready to Acknowledge all mistakes, he's made, and been very-ready to give every Assistance well acquainted with the business (having been in the Service as an Officer[]), have no doubt you'll think him [a] proper person— I've never given him the most distant hint, of sending his Name, am therefore entirely free, as I've mentioned to no Soul except [Thomas] Thompson, of any Names, I've sent therefore am not Certain, he or they will Accept, but suppose they will, I therefore offer him free from Prejudice at [a] proper Man, I had in my mind the same difficulty ever since he oppos'd the building battery's, think I am clear he's laid all that aside, as he's very staunch, every one knows that the principal Officers, are appointed by Congress, immediately therefore I dont pretend, to know who will be recommended by you, Captain [Thomas] Simpson has not return'd, but Expected therefore you'll be Judge, whither to recommend him or not I have not asked Major [James] Hackett but if he's appointed and will go, he's the smartest Man in the Colony I know not who to mention for Surgeon, we have no one here who would accept, I believe except Little who is a Tory,
therefore won't do, I've this moment tho' of John Jackson, who is very cleavour, if it was worth five hundred Stg per year our Brother [Joshua] Brackett would be the best Man in the World. I rejoice with you at the arrival of Powder. News has just arrived from Boston that our privateers have carried a Ship in there, with 75 Tons of Powder, dry Goods small Arms, & many other matters this I beleive is true, when which I most heartily Congratulate you. what must the infamous Tyrant George think of himself and menions when he sees Heaven against him—(Parker and Cornwallis,) one half their Fleet dispersed, many intirely lost by hard Gales, those 17 Sail you mention I beleive is all thats left of them – The Army at Hallifax Starving, their Warlike Stores, every Day falling into our Hands, the Continent compleatly prepar'd to meet the poor remains of a guilty and disheartned, band of butchers of Mankind, I say will not all this with Ten thousand more of his misdeeds, bare down the Guilty Soul of that Dog in Forehead but in Heart a Deer.

We are now finishing the Ways getting Cables and Anchors on board, shall Launch next Day after tomorrow which will be Wednesday the 22d May, As good a Ship as can be built on the Continent, raised the 1st of March and Launched & Compleatly graved &c the 22d of May following, God send we may meet with good Fortune in Launching, put this in the paper immediately in any manner you think proper—

Our yard is in the Compleattest order and its a pity could not be improved another Year, as it has cost much Money which will be Lost, otherwise. – I've mentioned in all my Letters, that I would Resign, my seat in Congress, and take the Agency at present, as I find I must be here, for some time; and can release it, when I see fit, and can recommend one to you, hereafter, if I should incline to go to Phila and resign in his favour.—

If a Battalion should be Ordered for this part of the Continent, I think Major James Hackett the Compleattest Officer we have to comm'd and James Hill good second if such a thing as that should happen, don't recommend him as Capt of Marines – I've refer'd Colonel [Josiah] Bartlett to this Letter for any particulars which you'll Communicate. I am without Flattery &c.]

John Langdon

P S I've desired the Canvas to be forwarded from Providence – no light Canvas, no Guns of any kind no orders to procure provisions, or to Ship Men, every thing going on at the greatest Expence, for want of having Orders in Season – I've not yet got another Cargo for France, not being able to procure a Sufficiency of Furrs, potash &c without which cannot make up a Cargo, of sufficient Value worth while running risque of Vessell, the other Cargo turns out not so Valuable, as could have wished if a Ship of Five hundred Tons, could be had, Masts could be the Cargo I therefore shall wait the Orders of the Secret Committee Respecting sending another small Vessell with Masts plank &c think it not worth while—

Major General Artemas Ward to George Washington

Sir Boston, May 20, 1776

I am to inform your Excellency that yesterday afternoon Captain Mug-
ford in the armed Schooner Franklin, fell down in order to go out on a Cruise but got a ground near Point Shirley in the Evening. Major [John Gizzard] Frazer's little armed Schooner went down at the same time with the Franklin, and anchored not far from her; about midnight a number of sail and other Boats from the Men of War attacked the two armed Schooners, the people on board Major Frazer's cut their cable and came up; Capt Mugford was very fiercely attacked by twelve or thirteen Boats full of Men, but he and his Men exerted themselves with remark[able] Bravery, beat off the Enemy, sunk several of their Boats and killed a number of their men, it is supposed they lost sixty or seventy. The intrepid Captain Mugford fell a little before the Enemy left his Schooner, he was run through with a lance while he was cutting off the hands of the Pirates as they were attempting to board him; and it is said that with his own hands he cut off five pair of theirs; no other Man was either killed or wounded on Board the Franklin.

These are all the particulars which I have been able to collect, as but one man has yet come up from the Schooner this morning I am your Excellency's [&c.]

Artemas Ward

P S. Mr Mugford was not commiss[ion]ed Captain of the Franklin, but Master, and as the other Officers had left the Schooner he took the Command.

My Dear Sir

Boston May 20th 1776

I sent a Letter to the post Office for you last Saturday, but a Circumstance that happen'd last Evening, relative to our privateers, obliges me to write you again. FUNERAL ELEGY
COMPENDED ON THE DEATH OF THE TRULY BRAVE AND HEROIC CAPTAIN
JAMES MUGFORD,
Late Commander of the Privateer Schooner, lately fitted out from Marblehead, with a few
Buccaneers and Swedes, and a Man who, on the 17th of May, 1776, valiantly attacked and took a King's Store
of Carriage Guns, besides Swedes, and 70 M. 28
Any Part to the AMERICAN CAUSE since the
Pawnees, designed for the Use of our cruel and
undeserving
of the same Month, in a desperate Engagement
from the British.
This Elegy is recommended to
A Hero, who met death at the decrees of fate,
To snatch a Year's whole sheet with fate,
To close the records of the dead brave, and
To meet the brave eyes of war above.
The winged messenger of death, with direst dart
Was swiftly sent, and pierced our H. V. the heart;
The Mate but weakly, whose breast was
On the 17th of May 1776.
O! could his life been spared for a few years!
But still he is in life, and lives a hero still.
With then his pride's most splendid page to relate,
The courage of the mighty army half to paint.
The brave and great may build their praise,
The Youth who was but in his prime,
In Captains and Heroes and Kings
When brightest deeds of play and renown
Were late with breath of harlots ground.
Yet great and good O! now more than now the M. and
The hearing of this sad story.
MUGFORD no more, O! our tears now flow.
No more was the terror of our faithful foe.
Through thickets, glooms, look back, immortal HADE
In that condition which thy death hath made.
From the cold chill of thy great soul a
A Continent in grief to thee.
Who taught thee, MUGFORD, in the powers of night,
To vanguard, numbers who opposed with light?
Who through thy valor and might unknown
The morning sun, which rose at length, bright
Were swiftly mingled with the clouds of night.
At last in freedom's last home is thy HERO hear.
And to his shades, how true is thy WORD?
Come WARRIOR, WOLF, MUGFORD, join with me,
We're glad we fought for our Country here,
To thee our Country's memory stay.
Thus woe to thy HERO, to his soul deny,
Upon the Gods, the Heavens, with his soul obey.
A youthful HERO in the dust of death
Dost thou so incessantly to die,
Our griefs to double, and lay thou our joy
With the traffic of the vale of the dead.
May the blessings of thy God.

**William Cushing to John Adams**

[Extract] Scituate May 20th 1766 [sic 1776].

A rumor has been spread here, a day or two past, of a british reinforcement arriving at Quebec & obliging our army to raise the siege; which I am loth to believe at present. It seems to my poor understanding in politics, that our army ought to have had a large reinforcement, while the Lakes were
passable on the Ice; & that we have depended too much on the impractica-

fleet? Why is Lord Dunmore permitted to Set foot on american
ground? But I must beg pardon, believing every thing has been done, as
far & maturely as practicable, & leave these weighty matters to you, wiser
heads; trusting in the Supreme Ruler, for prosperity to your councils & Suc-
cess to American freedom. – I have some Conception of the Difficulty of de-
fending every part of so extended a Continent.

Memorial of the Rhode Island General Assembly to the
Continental Congress 1

To the Most Honorable the Delegates of the United Colonies.
in Congress assembled at Philadelphia.

In the Absence of the Governor and Deputy Governor Commodore
Esek Hopkins hath applied to us for the re-delivery of 20 Pieces of Cannon
which he had landed in this Colony. We have thought it absolutely neces-
sary to detain them until your Honors should be made acquainted with the
Circumstances of the Colony, not doubting but that upon mature Considera-
tion it will be thought best for the common Interest to permit them to re-
main here. We beg the most favourable Construction of this Measure, and
assure your Honors that no Persons living are more sensible of the Necessity
of establishing the Authority of Congress nor more ready to pay Obedience
to it.

Your Honors have doubtless frequently with Pain reflected upon the
unhappy State of the Town of Newport, which was entirely defenceless, sur-
rounded by a powerful Naval Armament, and daily threatened with, and in
Danger of, immediate Destruction; for it was incontestably in the Power of
the British Fleet to destroy it at Pleasure. In this Situation it is not at all
strange that near a Third Part of the Inhabitants removed, and that a Ma-

Majority of the Remainder were induced to temporize, and even to assume an
Appearance rather unfriendly to the United Colonies. – To this Situation
alone is the former Conduct of Newport to be attributed and not to Want of
Spirit or Love of their Country. – In this State of Affairs the British Fleet
quitted the Harbor, and Commodore Hopkins most providentially arrived
with Twenty six Cannon and some Shot which he offered .to the
Town. The Inhabitants, elated with the Prospect of having the Means of
Defence, assembled in a full Town-Meeting and unanimously Voted to work
upon the necessary Fortifications, and to defend the Town, and immediately
entered upon it with Vigor. – This decisive Resolution gave every Friend to
the United Colonies a new Spring, as many of us looked upon Newport as
worse than lost to the common Cause. Three considerable Works have
been erected; these Cannon have been with great Expedition mounted upon
Carriages and placed upon the Platforms, and the Town of Newport is now
capable of being defended against all the Frigates in the British
Navy. Fortifications are also making at Bristol Ferry and on the East Side
of Rhode Island, which, when completed, will effectually secure a Communication with the Continent, and enable us to defend that most valuable Island. – We were happy in the Idea of having put a total Stop to supplying the Enemy, of destroying the very Seeds of Disaffection in the Colony, and of being an united People. We looked upon the saving the Town of Newport, the commanding the Harbor, in which from its Easiness of Access Vessels from Sea may find a quick Protection under the Cannon of the Forts, and which will at all Times afford a safe Asylum to the Continental Ships, and to Privateers and their Prizes, as well as to other Vessels, and which by Means of the Works now erected may pass in and out in Spite of all the British Fleet, as Objects of very great Importance to the common Cause. – But our pleasing Prospects are greatly interrupted by the Order to deliver Twenty of these Cannon to Messrs [Levi] Hollingworth and [Thomas] Richardson to be transported to Philadelphia. From the Face of it, which is directed to the Commodore, and in his Absence to Mr [Daniel] Tillinghast, it appeared clearly to us that your Honors thought the Cannon were barely landed here, and had no Idea of their being fitted with Carriages and planted in Forts erected purposely for their Reception.

We beg Leave to refer you for a general State of the Colony to the Memorial from the Assembly which is now before your Honors, and is in no Degree exaggerated, by which you will be able to judge of the exposed Situation of the Colony, of its great Exertions for the common, as well as our own, Defence, and of the utter Impossibility of our defending ourselves. To which we would add that there are now in the Colony, exclusive of those brought by the Commodore but Twenty four Pieces of heavy Cannon being 24 and 18 Pounders. The Assembly had contracted with the Owners of Furnace Hope for Sixty more But the Commodore having brought 26 heavy Cannon into the Colony the Assembly consented that the Cannon for the Continental Ships should be first made, as the Owners of the Furnace could not possibly supply both Departments in Season, so that we have yet had but Four 18 Pounders from them; nor can the others be made under a long Time unless a Stop be put to those making for the Ships. – We are informed by the Commodore that he landed Thirty six heavy Cannon at New-London, which from its Situation can be defended with one Quarter of the Number required for the Defence of the Bay, Town, and Harbor of Newport. And when the Difference of the Towns of Newport and New-London in Point of Number of Inhabitants and Value, in Point of Importance to the United Colonies, and in the Abilities of the Two Colonies of which they are Part to defend them, are considered we think it will not admit a Doubt from which Place the Twenty Cannon wanted are to be removed.–

We beg Leave also to mention to your Honors some of the probable Consequences of depriving us of those Cannon. – All the disaffected, all the lukewarm, and all the timid cry out that this Colony hath been totally neglected by Congress, while every other Colony that is exposed is defended by Continental Troops; which the most hearty in the common Cause cannot deny. This, with the dangerous Situation of the Town of Newport, the
Capital of the Colony, containing upwards of 1300 Dwelling-Houses and between 9 and 10,000 Souls, hath produced a very great Division, and was near overthrowing that Administration which had so greatly exerted the Force of the Colony. The Blow however was averted, and the most seasonable Arrival of those Cannon with the decisive Resolution of the Town of Newport hath given Union Spirit and Vigor to the Colony. Take them from us and we cannot answer for the Event. The Town of Newport, and the Island of Rhode Island are lost: A small Part of that Army now at Halifax may in their Way to the Westward effect their Destruction without being detained Three Days. It will be impossible for the Inhabitants to defend themselves. They will not even attempt it. There is Danger that those People who are so desirous of Reconciliation with Great Britain upon any Terms will gain the Ascendancy, and of the Colony's being lost to America. – Leave us the Cannon we can save Newport, which hath been induced in Consequence of their Arrival to take such Steps as may bring upon them the British Arms, and who will be most cruelly treated in being deprived of them. We can keep Possession of Rhode Island which is of great Consequence to the Inhabitants and Trade of Taunton and Swansey Rivers; and we shall be an united People, ready with our Lives and Fortunes to support the Measures of Congress.

We submit this Representation to your Honors which will be delivered to you by John Collins, Esqr the First Assistant in this Colony to whom we beg Leave to refer you for further Information, not in the least doubting that upon full Inquiry and Deliberation your Honors will consent that the Cannon remain here until we can be otherwise supplied.

1. Journal R. I. Frigates, RIHS.
Newport, May 20.

Capt. Thomas Stacey, of this place, whose vessel was lately seized by the 
*Viper* sloop of war, near Dominica, arrived passenger at Newbury the 28th 
ult. and came to town last Tuesday; who informs, that the people at Domin- 
ica were very violent against America; that Governor Shirley had issued a 
proclamation, making any person who would speak in favour of America lia- 
tible to a fine of £5 sterling, and to be imprisoned; that a brig had sailed 
from that island for Boston, with a load of rum, &c. in order to fit out as a 
privateer; that the Captains Jones and Kirby, who had been taken by the 
*Viper*, some time before, were kept on two-thirds of an allowance; that Peter 
Whitcock, of Philadelphia, had all his goods, servants, &c. seized by the Gov- 
ernor of Dominica, for being an American. — (Query. Whether it be not 
high time to seize all the effects of the Tories in the United Colonies?)

The *Cerberus* watered at Block-Island Sunday the 12th inst. the brig 
which was with her some time past, had sailed for Halifax, with 2 or 3 prizes.

Last Wednesday was launched, at Providence, the Continental ship 
*America* [sic *Warren*] of 32 guns, said, by good judges, to be a very fine 
vessel.

Hartford, May 20.

By Capt. David Hawley who came to town last Saturday from Halifax, 
which place he left the 24th of April last, we have the following interesting 
intelligence, viz.

That on the 17th of March he sailed out of Stratford - on the 21st was 
taken by the *Bellona* of 6 guns and 8 swivels; the ministerial crew jump’d on 
board him eager for plunder, damn’d him, his crew and country - they were 
all taken and put on board the *Bellona*. About 10 o’clock at night they 
joined the *Rose*, *Glasgow* and *Swan* men of war, and went on board the 
*Rose*, the next day sailed into Newport, when he obtained liberty to go on 
board his own sloop, to get his cloaths, where he found his chest broke open 
and all his cloaths plundered. They offered him five shillings sterling per 
day, a good cabin, that his vessel should be paid for, after the dispute was 
over, and his choice of a plantation in any part of the continent, if he would 
be their pilot, which he refused, and was thereupon parted from his men, 
and put on board the *Glasgow* and not allowed so much as a line to his 
mate, relative to a glass he had left. On the 5th of April the *Glasgow* sailed 
from Newport – in the morning of the 6th discovered sundry sail and stood 
for them – come up with, and hailed the brig, who answered, that they were 
from Plymouth; then the brig hail’d the *Glasgow*, and was told who they 
were – upon signals being made and not answered, as it was still dark, the 
*Glasgow* received a heavy broad side from the brig, killed one man and 
slightly wounded another, then the *Alfred* came up, and closely engaged 
her for near three glasses, while the black brig attacked the *Glasgow* on her
lee bow — it was observed by the motion of the Alfred that she had received some unlucky shot — the Columbus kept at a distance, the sloop of 12 guns fired upon her stern without any great effect, the most of the shot went about 6 feet above the deck, whereas, if they had been properly levelled, must have soon cleared them of men. The Glasgow got at a distance, when she fired smartly, and the engagement lasted about 6 glasses, when they both seemed willing to quit. The Glasgow was considerably damaged in her hull, had 10 shot through her main mast, 52 through her mizen stay sail, 110 thro’ her main sail, 88 through her foresail, had her spars carried away and her rigging cut to pieces — on the 6th they got into Rhode-Island, early in the morning of the 7th were fired upon from the shore, cut her cables and run up to Hope-Island, where the hospital ship followed them — the wind shifting to the northward they went out and joined Commodore [James] Wallace, and after two days sailed for Halifax and arrived there in eleven days, where Capt. Hawley tarried a fortnight, and on the 7th [sic] of April made his escape with 8 others in a small boat, and came to Old York.

Capt. Hawley is of opinion that if the Alfred had come close along side the Glasgow, she would have struck. — At Halifax, is the Chatham of 50 guns, Orpheus of 34 guns, Scarborough, Glasgow and Rose of 20 guns, the King-Fisher, Tamer, and other of 16 guns, an armed brig, two schooners, and two small sloops, and a number of transports; the Tamer and the Glasgow are sent home to refit. On the 24th of April the Niger frigate of 32 guns, with two ships and a brig, having on board 700 troops sailed for Quebec. Five transports arrived at Halifax from the West-Indies with troops. — From the best information there was about 8 or 9000 troops at Halifax before any were sent away. On the 24th a packet arrived from England with accounts that about three regiments were lost on their passage to America; and by what he could learn they expected 10,000 troops to come to America this Spring and no more.

CAPTAIN Seth Harding to Governror Jonathan Trumbull

Honoured Sir: Fairfield, May 20, 1776.

I received your favour of the 18th, wherein your Honour has been pleased to order me to cruise in the South until further orders, after I had taken the small sloop that was carrying the Tories to Long-Island. I fixed her with two swivels, and put thirty men on board, to go to the Island in search after some Tory deserters that we hear lodged at such a place, which we went to and returned without making any new discoveries. After which I fixed out another small sloop, called the Discovery, to cruise to the westward, which has since returned. I am now about fixing out another small sloop that was taken from a Tory, that I have called the Life-Guard, to be commanded by Mr. [Samuel] Smedley, to cruise to the westward. As I have occasion of many necessaries for the brig before she can be fit for duty, I shall return to New-London, and there prepare her for a cruise; and after that return back to the westward and cruise, except I receive further orders from your Honour. The unnatural combination betwixt the Tories daily
grows more and more open, and I shall shortly send your Honour some new discoveries that I have already made; they are first examined by me, which will detain me here two or three days. I have cited the Committee, and shall resign them to the Committee. After I arrive at New-London, if I have a convenient opportunity, shall wait upon your Honour and Assembly, I am Sir [&c.]

Seth Harding.

**FRANCIS LEWIS TO ROBERT TREAT PAINE**

Dr Sir, New York 20 May 1776

Your favor of the 9th Inst I received the 17th and in complyance with your request I transmit you an abstract of my proceedings relative to the Cannon & shot &c. I had contracted for to supply the Ships of War building in this Colony.  

I have been lately informed that Mr S. Patrick (a partner in the Orange Iron Works) has been at Phila, where he learn't that the Committee of Congress had contracted with others at a higher price than what was stipulated for with me, this occasion'd the letter of which you have inclosed a Copy, and must desire the Committees instructions on that head;  

From the tenor of my Contract with Griffiths, I am induced to believe the Committee has been imposed upon in their Contracts entered into at Phila, and to urge the Orange Company to a complyance with theirs, will I fear be attended with difficulties & disappointments. therefore think it reasonable that they should have the same prices given to others. shall therefore in the intrinm, urge them to proceed in casting as many pieces of Cannon &c. they possibly can, at the same time assuring them the Committee will not let them be suffers by their contract, until I have the Committees further instructions on this head. It will be necessary to furnish me with the dementions & weight &c of the respective pieces of Cannon. This Company having enlarged their Hearth can now cast Cannon of any Size up to a 24 pounder, and they have been as far as Boston in order to procure Sufficient workmen  

The Superintendent to one of our Ships was with me Yesterday, and informs me that both ships are planked up to the Wales, and expects they will be in the Water by the last of June; but that they met with many delays, by the badness of Roads in haleing their Timber to the Shipyard.  

our Mr Livingston is gone up to the Shipyard. upon his return shall give you further information.  

Please to inform Mr Robt Morris I have both his letters of 11th & 15 Inst and that when the Sulphur arives, it shall be forwarded agreeable to his request. I am Dr Sir [&c.]

DEAR SIR

[Philadelphia] 20th May 1776

Your favor of the 6th inst is now before me I am glad the money has got safe to hand, the list of Officers you mention I suppose has reached you before now I inclos’d one sometime ago I also gave you my Reasons for disapproving the Person you mention for 1st Lieut, I have no objection to the Mr [John] Roche you mention but am apprehensive his being appointed wod make some uneasiness as there are many masters of vessels of good Characters out of employ & who perhaps will think themselves neglected, ³ I shall nominate Capt [Thomas] Thompson the first opportunity, & think it won’t be amiss to appoint such of the Warrent or petty officers as you think necessary as to the other officers I think you might sound such persons as you may think proper & know what places they will accept without engaging them absolutely the Canvas I hope will soon be with you but I very much fear it will be some time before you’ll get the Guns, if they are to go from here I see no prospect of them ’till July, the furnaces are at work at Providence & by what I can learn have made a considerable number, I think it wod be well for you to take a ride there, you will then be able to judge of the probability of getting them from thence & on the first notice from you I’ll get an order for the first guns that are made after the ships that are building there are supplyed, I shall lay your proposals for purchasing the Powder before the Committee this evening shall also apply for Cash you dont mention the sum you shall want, but my application shall be for the round sum 20,00 ¼

MARYLAND COUNCIL OF SAFETY TO CAPTAIN JAMES NICHOLSON

No 158.
Sir We have received Information that there are no Vessels of War below, except the Otter and Eilbeck, and that most of the Tenders are gone to the Carolina Coast to protect the Transports on their Arrival there; in Consequence of which we have ordered down the Briggs Fortune and Rogers and the schooner Ninety Two with valuable Cargoes of Bread, Flour, &c and require you will give them what Assistance you can in getting out, if you see a Probability of their running thro', but if from any certain Intelligence, which you may receive, you should think it most likely they may fall into the Hands of the Enemy, if they proceed we would have you immediately order them to return to Baltimore. it is a Matter of great Consequence to
the Province to have these Vessels get safe out, if possible, and we would have them conveyed down as low as you think you can venture with Safety to yourself. We are [&c.]

“EXTRACT OF A LETTER FROM CHIN[c]OTEAGE, MAY 20.” 1

Friday last the 18th inst. three tenders, one sloop, and two schooners came into Chin[c]oteague Inlet, landed about 40 men on an island called Wallop’s, who obliged the tenant on the island to pen what cattle he could, of which they killed six and carried off two alive – they were boarded by a flag from the inhabitants to whom they declared they meant to offer no violence, unless resisted, that they were in very great want of fresh provisions, and would have some – and were willing to pay the owners for it; but took care not to do it – The Islanders say they appeared to be very much afraid of the inhabitants, and made the greatest dispatch possible to get on board with their booty – that their guns were in bad condition, and the men bad marksmen, as they frequently snapped, several times without firing, and then did but little execution, though at a small distance. – This inlet, Sir, I am afraid will furnish them with a great quantity of provisions of this kind, unless a proper guard should be fixed here.

NARRATIVE OF COLONEL ETHAN ALLEN

[May 3 to May 20]

The third day of May we cast anchor in the harbor of Cape Fear, in North Carolina, as did sir Peter Parker's ship, of fifty guns, a little back of the bar; for there was not depth of water for him to come into the harbor: These two men of war, and fourteen sail of transports and others, came after, so that most of the fleet rendezvoused at cape Fear, for three weeks. The soldiers on board the transports were sickly, in consequence of so long a passage; add to this, the small pox carried off many of them. They landed on the main, and formed a camp; but the riflemen annoyed them, and caused them to move to an island in the harbor; but such cursing of riflemen I never heard.

A detachment of regulars was sent up Brunswick river; as they landed, they were fired on by those marksmen, and they came back next day damning the rebels for their unmanly way of fighting, and swearing that they would give no quarter, for they took sight at them, and were behind timber, skulking about. One of the detachments said they lost one man; but a negro man who was with them, and heard what was said, soon after told me that he helped to bury thirty-one of them. this did me some good to find my countrymen giving them battle; for I never heard such a swaggering as among gen Clinton's little army, who commanded at that time; and I am apt to think there were four thousand men, though not two thirds of them fit for duty. I heard numbers of them say, that the trees in America should hang well with fruit that campaign, for they would give no quarter. This was in the mouths of most who I heard speak on the subject, officer as well as soldier. I wished at that time my countrymen knew, as well as I did, what a murdering and cruel enemy they had to deal with; but experience has since taught this country, what they are to expect at the hands of Britons when in their power.

The prisoners, who had been sent on board different men of war at the cove of Cork, were collected together, and the whole of them put on board the Mercury frigate, capt. James Montague, except one of the Canadians, who died on the passage from Ireland, and Peter Noble, who made his escape from the Sphynx man-of-war in this harbor, and, by extraordinary swimming, got safe home to New-England, and gave intelligence of the usage of his brother prisoners. The Mercury set sail from this port for Halifax, about the 20th of May, and Sir Peter Parker was about to sail with the land forces, under the command of gen. Clinton, for the reduction of
Charleston, the capital of South-Carolina, and when I heard of his defeat in Halifax, it gave me inexpressible satisfaction.

2. According to the journal of H.M.S. *Mercury,* she sailed over the bar on May 18, 1776. PRO, Admiralty 51/600.

Raven in Savannah river the 20th of May 1776.

Sir,

I beg you will be pleased to acquaint my Lords Commissioners of the Admiralty, that since my last to you, dated the 22d of January last, informing their Lordships with the arrival of His Majesty's Sloop under my Command upon this station, I dispatched Lieutenant Osborn of the *Raven* in a Pilot Boat mann'd and Armed to a Sloop in the Offing which he took on the 4th of February; her Cargo consisted of 56 Barrels of Gun Powder, some military stores with several Bales of goods to a considerable amount; That on the 12 of April I seized a Brig from Philadelphia laden with stores for this Place, and on the day following I took a Sloop from Rhode Island with Cyder and Apples which Cargo was distributed among the sick of the different Ships by order from Captain Barkley of His Majesty's Ship *Scarborough,* which happily proved a great restorative to the Ships Company's health, who had long laboured under scurbutick disorders. That I have also seized a Brig late from Jamaica with Rum, Sugar and Coffee, an Account of which Vessels I shall transmit to the Commanding Officer in North America by the first opportunity.

I have the pleasure to inform their Lordships that on the night of the 15 instant, I detached the Ships Boats manned and armed under the Command of the Lieutenant in pursuit of a small Rebel Arm'd Schooner and a row Boat, belonging to the Town of Savannah, which after a few minutes brisk firing he took them both—The Schooner has greatly infested this river for a long time, preventing all communication and intelligence being sent me from the Officers of the Crown most of whom have escaped out of the hands of the Rebels, and are gone either to England or East Florida. **GEORGE GAULD TO VICE ADMIRAL CLARK GAYTON**

Pensacola 20th May 1776

Sir

I take the opportunity of Captain Spears of the Ship *Champion* to transmit to you the fair Copy of our last years work.—It is generally thought here, and indeed both Mr Cobb and I are of the
same opinion, that it would be very imprudent to proceed among the Florida Kays, where we left off last year, considering that New Providence has lately fallen into the hands of the Americans, and their Privateers are sufficiently acquainted with the Kays to annoy us if they think proper, as they will, no doubt, expect us there. However we can find employment enough for the present without going there.

A hard Gale of wind that happened some years ago has greatly altered some parts of the Coast to the Westward of Pensacola, since I surveyed it, particularly Ship Island and the Chandeleurs. Wherefore we think it will be most proper in the present Situation of affairs, first to examine those places and the Mouths of the Mississippi; then to try how far the general Bank of Soundings runs off along the Coast, and afterwards we intend to carry on the Survey of the West part of the Peninsula of East Florida, near the Bay of Espiritu to where we left off, when I was ordered up to Jamaica by Sir George Rodney to survey the Harbours of Port Royal and Kingston.

I am greatly in want of large Drawing Paper, and black-lead Pencils, particularly the largest kind of Paper called Double Elephant, I wish their Lordships would be pleased to order out a Box of Stationery, as I have had but one since I was first engaged in this employment with now and then some occasional supplies from Jamaica. At present there is even no common writing paper to be got here.

I have enclosed a Sett of Certificates for a half year's Pay which I beg you will be kind enough to sign and send down when it falls due. My late Agent has broke with almost all my money in his hands, which has distressed me very much, as some Bills to a considerable Amount have come back protested. I have the honour to be with great Respect Sir [&c.]

VICE ADMIRAL JAMES YOUNG TO PHILIP STEPHENS

English Harbour Antigua; the 20th May 1776.

Sir. I entreat you will acquaint my Lords Commissioners of the Admiralty, that it has given me the greatest Concern to perceive by Mr [George] Jackson's Letter of the 20th February last, their Lordships had been pleased to approve all the appointments I had made in Consequence of Captain Gordon's Dismission, except that of Lieutenant Young to Command the Pomona; and that their Lordships added "I had therein acted Contrary to the rules of the Service; and also to my Instructions; as He was youngest Lieutenant on board the Ship:" It is true my Instructions Say "that in case of the Death, or Dismission of an Officer by Sentence of a Court Martial; I am to appoint such persons to the Vacancies as by the Quality of their Employments ought to Succeed thereto" this I take to be a Master and Commander to the Vacancy of a Post Captain, and a Lieutenant to that of a Master and Commander; And in the present Instance, I think I have Strictly complied both with the Words and apparent meaning of my Instructions: and altho I did not appoint the first Lieut. of the Portland, to this Vacancy in the Po-
mona; I cannot allow the same to be contrary to the Rules of the Service; as there are many precedents (and some of a very late date) where the Commander in Chief having a Son in the Fleet, has given him the preference of promotion to the first Lieutenant of the Flag Ship, and when the same was done in fair and proper Vacancies, I never before heard that such appointment had been set aside by their Lordships: I therefore flattered myself, Forty four Years faithful Service might have intitled me to the same distinction which has been allowed to other Commanders in Chief; in favour of my Son, and I cannot help thinking myself Cruelly used, to be the only person fixed upon for so Mortifying a Disgrace: besides to add to the uneasiness of mind I must naturally feel at having my Son thus Superseded; the Man their Lordships have appointed in his room, had the indelicacy to tell me (as soon as I delivered his Commission) He should now bring an Action at Law against me for Damages; as he had lost Prize Money by my not appointing him at first; this he triumphantly declared in publick to be his Intention; grounding his Plea, on their Lordships disapproving my appointment of another: I cannot indeed Suppose their Lordships will suffer such Indignity to the Service, as a Subaltern Officer bringing an Action at Law against His Commander in Chief, for not giving him promotion; if so, hard indeed will be the fate of Superior Officers, who in publick Service, must often do what may be displeasing to Individuals under their Command; and should they be Subject to prosecution from Malicious Litigious persons for any thing done in the line of publick Service, there must soon be an End to Subordination.

It is certainly a very unpleasing Circumstance for a Commanding Officer, to find himself thus braved by an Inferior when He is not Conscious of having done wrong: I have therefore inclosed herewith My Sons Commission for the Pomona and earnestly entreat their Lordships will be pleased to Confirm it, by putting him on the List of Masters and Commanders from the date thereof; and I hope my own long Service may plead for me in this matter, and obtain the distinction for my Son I now Solicit.

I have delivered the Honble Mr Windsor their Lordships Commission to be first Lieutenant of the Portland; and have appointed Mr William Swiney late third Lieutenant of the Portland to be Second Lieutenant, and removed Mr John Auriol Drummond, Second Lieutenant of the Argo, to be third Lieutenant of the Portland, and appointed Mr John Luck to be Second Lieutenant of the Argo in the room of Mr John Auriol Drummond, which I hope their Lordships will approve. VICE ADMIRAL JAMES YOUNG TO GOVERNOR ABRAHAM HEYLIGER ¹

(A Copy)

No. 5. English Harbour, Antigua the 20th: May 1776.

Sir I had the honour to receive from Mr Charles Chabert your Excellencys
Letter of the 14th Current Complaining that Captain [John] Colpoys of His Britannic Majesty's Ship the *Seaford*, had on the 10th Instant wrote to desire your permission to Seize an American Vessel (from Philadelphia) then lying in the Road of St. Eustatia; this Letter I certainly disapprove of as he had no Authority or direction from me to so do, and I think your Excellency's Refusal of His request was very proper on that occasion: however as said Request was made in decent terms, I cannot perceive how it deserves those harsh Epithets of Impertinence &c. you have so frequently repeated; especially as I find on the Strictest enquiry that Captain Colpoys never took possession of the Vessel, nor left any one person on board her; therefore your Excellency has been very grossly imposed on by the Persons who related the affair to you, and the assertion of your peoples meeting opposition from the Officer and People put on board by Captain Colpoys is undoubtedly a falsehood, calculated to serve the sinister purposes of some wicked designing people: Captain Colpoys says further that He employed no Person to carry Messages between him and your Excellency, besides his Lieutenant. My Orders, to all the Captains under my Command (Stationed in these Seas) are Strictly to observe the Neutrality of foreign Ports, &c. and on no account to infringe them, or give any publick Offence, to the Powers in Amity with Great Britain; and I should suppose, had Captain Colpoys Intention been to have acted Contrary to these Orders, He would not have asked permission to Seize the American Vessel, but would have attempted to carry her away without such application: this I find He did not attempt, either before or after your Excellency's refusal. The former complaint your Excellency made against Captain [William] Garnier of the *Argo*, I received at Sea, and had no opportunity of enquiring immediately into the particulars, after my return, the multiplicity of publick business I found myself engaged in, Occasioned the Answering your Letter to slip my memory, and no disregard whatever to your Excellency: however I was then of Opinion, and remain yet in the same, that Captain Garnier had done no more than his duty in that matter: He did not take possession of the Vessel when under the protection of your Port, nor was anyways instrumental in bringing her from thence, but the Mate of the Vessel who was a Loyal Man! and well knew the dangerous and pernicious traffick she was engaged in, came out to Sea, and delivered her up to the *Argo*, as the property of His Majesty's Rebellious Subjects in America intended for the purchase of Gunpowder and Military Stores for the use of the Rebel Army; Surely after such information, to have returned her back with her Loading to St Eustatia would have been "Singularly ridiculous and irregular Conduct in Captain Garnier." I must now take leave to observe that your Excellency who appears so very tenacious of the rights of their High Mightiness the States general of the United Netherlands, should pay more regard to the repeated declarations made by your Masters to the Court of London, Vizt "that none of their Subjects either at home or in their Colonies should anyways aid or assist the British American Colonies now in Rebellion, either with Arms, Ammunition, Naval or Military Stores &c." these declarations you can be no stranger to, as the same has been
transmitted to all their Governments abroad, with the positive Orders of the States for their being Strictly complied with [though] the little attention that has been hitherto given to these Orders and declarations, at St Eustatia, is so notorious and publick, that it is altogether needless for me to point out any particular Instances; the very pernicious traffick (for a great while past) carried on between His Britannic Majesty's Rebellious Subjects from North America, and the Inhabitants of St Eustatia, for Gunpowder and Warlike Stores, has been so general and done in so publick a manner, as to be no Secret to any Person in the West India Islands; however not satisfied with this breach of the Orders of your Sovereigns, and the professed Neutrality of your Government; you have likewise suffered several American Vessels belonging to the aforesaid Rebellious Colonies to be Armed and fitted in a Warlike manner from your Port of St Eustatia, thereby putting it in their powers to attack and intercept the Trading Vessels of His Britannic Majesty's Faithful Subjects, in these Seas; Two Vessels armed in the above manner sailed from the Road of St Eustatia, only the day before the Seaford arrived there; the Excuse of their not being cleared out for America, is too gross to be deceived by; when the destination of them are so publickly and perfectly known: These are Indeed Infractions of Neutrality and Friendship, which I am confident their High Mightinesses will not Countenance; nor protect the Inhabitants and Government of St Eustatia in carrying on, to the prejudice of their Oldest Friends and firmest Allies; and I must think it my duty not only to lay open these transactions to the Court of London, but also to use every means in my power to prevent and put a stop to Measures so very disgraceful and dangerous.

The reparation and Satisfaction your Excellency requires for the behaviour of Captain Colpoys, which you are pleased to call "impertinent, Insolent, preposterous, Affrontive &c." cannot be Seriously expected, whilst your own Conduct, in matters of much greater National import appears so very reprehensible, however I shall transmit the whole of this Correspondence to England by the first opportunity; and take the Opinions of our respective Masters whose Conduct has been most irregular. I have the honor to be Your Excellencys [&c.]

LIEUTENANT HENRY EDWIN STANHOPE, R.N., TO JOHN HANCOCK

Sir/ Northampton Goal May 21st 1776

I am very sorry my Situation is such as to oblige me to apply to You as a Prisoner, I can remember a Time when I could have esteemed You a Friend, & Acquaintance, You no doubt will recollect it, in 1769 when I frequently had the Pleasure of paying my Respects to you in Boston; however not to trespass too much on yr Time, I must beg to inform you that the Pur-
port of this Letter, is to seek a Redress of Grievances from You, & the Gent-
tlemen of Congress, (tho' You in particular,) from whose kind Desire of
having Lenity shown Prisoners I have every Reason to expect it. –

My Parole to Governor Cooke of Rhode Island in whose Government I
was taken, restricted me to the Township of Northampton, without any
Clause whatever as to the Time of my going out, or coming in. My Situa-
tion seemed by no means agreeable to the Inhabitants (who as I am induced
to suppose tho' have no positive Proof) encouraged our common Sailors to
attack us, by which means I nearly lost my life, having been assaulted three
times, by People whom I had never before seen, & upon Application to Ma-
ior [Joseph] Hawley for Redress by the civil Law, was informed, that we
were not entitled to the Benefit of it. as Prisoners. – however, some Time
after the Committee published an *Advertisement, signifying to the best of
my Understanding that we had been fighting among each other (making no
Distinction between Officers & Privates,) whereas You will observe it was an
Attack by them upon Us & I wish I need [not] (as before) have added were
encouraged, for who can suppose that Men whom I had never before seen,
or heard of, should attack me, merely for the Sake of beating me, but these
are Points which cannot be better determined than by a Man of Mr Han-
cock's Understanding & Abilities) & for the future the Aggressor should be
punished, likewise if we insulted any body in Town, lett them bring their
Evidence & they should have ample Satisfaction. – After this the Committee
resolved that, We should be at our Apartments by nine o'Clock, this was
never made known to me, being at one of the Committee's House, some
minutes after that Time to visit some of my fellow sufferers; he brought a
Stick with him &, threatened if I did not instantly depart, he would kick me
out which he put in Execution, upon which the Committee made another
Resolve, confining us to our Apartments at Sundown & one of their Body
said, he hoped somebody would not attend to it, as then the Whole would
be put in Goal. These were Encroachments, which from the Tenor of my
Parole I by no means thought myself obliged to comply with, & well know-
ing if I refused, I should be committed a close Prisoner to Goal, & fearing
lest somebody should neglect to comply with this last Resolve & to avoid the
miserable abode of Felons, I absconded, & unfortunately for me was retaken,
& committed close Prisoner to Goal, without even the Liberty of a yd. to
walk in; an Instance of Cruelty never before practised to any Officers,
Prisoners of War, in any civilized Nation; much less to the only Son of the
Heir to one of the first Earldoms in the British Realm, add to this my Cloak
& Utensils, which are seized from me. – It rests then with You Sir to release
me from my Place of Confinement, & as I have a very near Relation and
many Friends in Hartford; I beg you will please to direct that Town, for
my Confinement; & should You be pleased to put me on the Parole that
the Prisoners there are, I shall most stricly comply, & shall be happy in
acknowledging my sincerest Thanks for my Enlargement, to Mr. Hancock,
& the honorable Members of the Continental Congress. –
In hopes of obtaining yr Consent to my Request, I have the Honour to subscribe myself [&c.]

3. Bound in the Andrew Doria’s journal is a sheet of “Remarks” evidently kept by the mate of the Two Friends, beginning the morning of the capture, May 21, and continuing to May 29, when apparently it was detected and confiscated. **COMMODORE ESEK HOPKINS TO GOVERNOR JONATHAN TRUMBULL**

Sir Providence May 21st 1776

I this day receiv’d yours and observe the Contents—and as to the Order of Congress to deliver the Cannon to you there was a discretionary power in me to Stop as many as I thought would be for the benefit of the Fleet, and as I was & am still Careening the Fleet I think it not safe to part with the Cannon before the Ships are in a posture of defence—

I yesterday receiv’d an Order of Congress to deliver to Messrs Hollingsworth and Richardson in Order to be sent to Philada for the defence of that City, twenty of the heaviest Cannon which I brought from New Providence, and as the largest of the Cannon were left at New London I have accordingly given them an Order on you for the same and make no doubt as it is an Express Order of Congress you will deliver the Same without delay—I am, with great Respect [&c.]

LEVI HOLLINGSWORTH AND THOMAS RICHARDSON TO THE PENNSYLVANIA COMMITTEE OF SAFETY 1

Gentlemen New London 21st May, 1776

We came to this place on Saturday evening where we learnt that Commodore Hopkins was at Newport in the Fly therefore delivered the order of Congress to Danl Tillinghast Esqr as directed who advis’d us to proceed to Newport where we should meet the Commodore, Sunday evening we delivered him the order, he informs us he left 34 of the cannon mostly heavy at N London & brought only 12 24 & 12 9 pounders to Newport which he delivered to the Govr of the Colony & took his rect for them, we came up to this place with him yesterday, Governor Cook had left town before we got here & will not be at home for some time. Commodore Hopkins hath appl’d to the Govr Council for the cannon that he might be enabled to comply with the requisition of the Congress but they have refused to deliver them until they have a hearing in Congress & send a gentleman John Collinnis Esqr to represent their situation in hopes the cannon for Philada will be ordered to be sent from New London— Commodore Hopkins will give us an order for 20 cannon on Govr Trumbull with which we shall proceed to Connecticut & make a demand of them, tho we fear with as little success as at this place, we shall if refused return to Newport & wait your further orders which we expect as soon as possible— Please to excuse haste. we should have been more full but the post hath waited near two hours & is very impatient. MAJOR GENERAL PHILIP SCHUYLER TO GEORGE WASHINGTON 1

[Extract] Fort George May 21st 1776

... I have now Batteaus sufficient to move three of the four remaining regiments, and on Wednesday Evening I shall have enough for the last of the Brigade, and by that time the nails now here will be all expended, but shall probably e’er then receive those your Excellency ordered from New York, with which I propose to build about forty Batteaus more, twenty to be
employed on Lake George and the others on Lake Champlain in transporting provisions, for I dare not trust to the large Vessels (which may be detained by contrary Winds, or by getting aground) until the Army has six Weeks Allowance before hand.

[Extract] Fort Constitution 21st May 1776

May it Please Your Excellency

I am induced to trouble Your Excellency with this Letter, lest You should be deceived by the Information I Gave You with respect to the Depth of the River Opposite this Fort which was very Erronious: Owing intirely to want of Recollection in the Gentleman fr[om] who I had my Information he had tak[en] its depth but had forgot it. I have since sounded it and found it to be 28. 31. & 32 Fathoms oposite Our two North-ermost Batteries. Over against Our southermost (which is now ready to Mount ten Guns) & 3/4 of a Mile from it, It begins to Shoal from 18 to 11 Fathoms in the Channel it then remains at 11: 12 & [13] till Near Fort Montgomery opposite to it on this side the Creek Called poops it deepens again to 18 Fathoms just over the Creek to the southward it is 22 Fathoms and in the Mouth of it 31. Near the shoal water Mentioned on the West side the River is an Eminence that Commands a Long reach both up and down the River if it should be thought Necessary to Boom Across I think it much more practicable there than in any Other part of the Highlands. . . .

MAJOR GENERAL ISRAEL PUTNAM TO GEORGE WASHINGTON¹

New York Tuesday past 12 at Night

[May 21,1776]

Dear General

Capt Wm Goforth arrived here about an hour since with the inclosed letters — Express from Canada, which I mean to forward on to Amboy very early in the morning, and beg your Excellency's particular answer in regard to what you would have forwarded from this place, — Capt Goforth commanded the Schooner in the river St Lawrence he says — that not more than 100 Men are taken prisoners & them all sick — the Frigate gave him chase — he crowded all Sail possible but found it in vain, he then quitted wt his Crew, save a Son of Colo [Alexander] McDougall's and one more who were so obstinate they would not leave the Vessel & were taken Prisoners, — he further says that he did not see a single Man land from the Ships that came up — nor does he believe the Enemy sallied out on our Troops — of this he is confident, that not a Gun was fire’d but between the Frigate and himself. — the Troops from the Island of Orleans — Point Levy & all out Guards had got safe off, and join’d Genl [John] Thomas.

Missfortune on misfortune, — A Vessel from France arrived yesterday on the back of Long-Island & came to Anchor, loaded with 12 Tonns powder — 500 Small Arms & dry Goods, — The English Captn with a Boats
Crew came on shore for Assistance to land his Goods, soon after the French Capt who was on Board — saw a small Sloop to Leward beating up to him, 'tis supposed he thot them friends — he immediately weigh'd anchor and bore down for them when unluckily it prov'd to be one of the Asia's tenders — who took and carried her into the Hook — I have seen the Capt he was owned by Mr [Nicholas] Brown of Providence, — she was seen coming into the Hook this morning in Company with the Tender, that there can be no doubt of the truth of it. —

The Committee this Evening applyed to me to let the arm'd Petty-Augur 3 Cruise off[fl the back of the Island to protect a number of Vessels which are hourly expected in with Arms & Ammunition. — she is a very Swift Sailer and draws but little water and probably may be of great service to us in this way — this Request I shall comply with unless otherways ordered by your Excellency, I have the Honor to be Your Excellencies [&c.]

May 21st, 1776.

Capt. Jonathan Clarke, late from the French West Indies, and bound to some port to the eastward, attended, and was admitted. He informs that he has had the misfortune to have his vessel and cargo seized and taken by an armed tender near Black Point, below Sandy Hook; that he has four men of his late crew with him; that they depend on him for support, and that he is in want of a small sum of money to support them for the present.

Notes of Capt. Jonathan Clark's intelligence, which he gave to the Congress, were taken on the rough short notes of the day; and are filed.

You have doubtless seen the acct brought by the Rifleman from London by which it appears that we shall at least have 34000 Comm[ission]rs.
If your Congress have any spirit they will at least build 14 or 15 light Boats capable of carrying a 12 pounder to secure hudsons river which is to be the chief scene of action – The carpenters employed on the frigates would build 2 or three in a day if they were built in the maner of Batoes which is the true construction –

MINUTES OF THE PENNSYLVANIA COMMITTEE OF SAFETY

In Committee of Safety,

The following Memorial to Congress was this day drawn up, read and approved off, and deliver’d by Mr. James Mease to Mr. Rob’t Morris:

In Committee of Safety, 21st May, 1776.

To the Honorable the Continental Congress.

The Memorial of the Committee of Safety of the Province of Penn- sylvania,

Shewing:

That the General Assembly of this Province, having appropriated large sums for the Defence and protection of the same, and of the River Delaware, this Committee, who were intrusted with the application thereof, caused thirteen Arm’d Boats or Gondolas to be built, equip’d and Manned, and have since built, fitted and Manned a large Ship, Floating Battery, several Guard Boats, and a great number of Fire Rafts, erected Fortifications on deep Water Island, raised a large Artillery Company for their Defence, and sunk Chevaux-de-Frise in the Channel of the River; That the Assembly have raised two Battalions of Rifle Men and one of Musket- ry, station’d on the Banks of the River Delaware.

That the Committee perceive, after all these exertions, greatly surpassing, as they believe, any that have been made on this Conti- nent at an Expence merely Colonial, that their defence is still im- perfect and far unequal in their Idea, to the probable Force that may soon be employed against this Colony.

To give, therefore, additional security to this Province and City, and the navigation of the River and Bay of Delaware, the preservation of which must be of the highest importance to the Common Cause of the Colonies, This Committee conceive it neces- sary that some more Armed Boats or Gondolas, larger than those already built, capable of Navigating in Delaware Bay, and another Floating Battery, should immediately be built. They are also of opinion that some military works should be erected on the Eastern Shore of the River Delaware, and particularly at a place called Bill- ingsport.
That as the moneys granted by the Assembly for the purposes of Defence must soon be exhausted in supporting the large establishment of Seamen & Soldiers in the pay of this Province, and as the building, equipping, & manning the additional Floating Battery & armed Vessels, & erecting Fortifications on the Jersey Shore, will be too heavy a Burthen for this Province singly to bear, this Committee beg leave to call the attention of the Congress to these important objects, and to pray their aid in directing those further Defences, and such other, as in their Wisdom, shall appear requisite, to be immediately undertaken and carried into Execution at the Continental Charge.

Instructions to Mr. William Richards were this day drawn up, read, approved of, and delivered him, and are as follows:

To Mr. William Richards:

You are hereby appointed Ships' Husband to the Pennsylvania Fleet and empowered to do all such matters and things as may be necessary for the due execution of the said office.

You are to make known to all Commanders and other officers employed in the said Fleet, that they are to apply through you for all stores and necessaries required for the service; you are to obtain from them an Inventory of all the articles they have on Board, and an Indent of such as they are in want of, both which you are carefully to preserve, as they may serve you in regulating any future supplies that may be called for; you are to procure the sundry articles of the best qualitys, each in its kind; and it is your particular duty to buy them on the best terms in your power; you are to take each Officer's receipt for the articles delivered to him, and you are to return the Bills or accounts for those you purchase for this Board, Certify'd by you that the quantities are what you receiv'd and the prices what you agreed for, not being dearer than the Current rates of each respective article at the time of purchase.

You are empowered to inspect and enquire on the [sic] Board the Fleet at least once in every month, and as much oftener as you may think necessary, whether all stores and necessaries are taken proper care of, and not neglected, wasted or embezelled, and make Report according as you find, to this Board.

This Board, being ever desirous of serving the Public faithfully, do recommend the most prudent economy in the Outfits and Supplies of the Fleet. They must have every thing necessary, but avoid all expensive superfluitys, and in the purchase of what is wanted give a preference to such persons as are known to be Zealous Supporters of the American cause, dividing the business amongst as many of such as can be done with conveniency and consistently with the Public good.

MAY 1776

PENNSYLVANIA COMMITTEE OF SAFETY TO COLONEL SAMUEL MILES

Sir, [Philadelphia, May 21, 1776]

You are directed to send Lieutt [George] Ball to this Committee, in company with one of the Officers of the Troops under your command; & as it is improper that he should obtain any knowledge of the passage through the Cheveaux du Frize, it is recommended that he come here by Land.

2. "A letter was this day sent, by order of the Board, to Colo. Sam'l Miles, directing him to Send L't Ball with an Officer, by Land, to this Committee, in order to his Paroles being taken when he is to be sent to Germantown to reside." Minutes of the Committee of Safety, May 21, 1776. Pennsylvania Colonial Records, X, 578.

"**EXTRACT OF A LETTER FROM PHILADELPHIA, MAY 21.**" 1

The prize brig taken by the *Wasp* in the river, at the time of the engagement between the ships and galleys, is arriving in this harbour. The flag that was sent down for the exchange of Captain Budden, his son, and some others, prisoners on board the *Roebuck*, returned on Sunday. It was delayed a little in getting a Lieutenant belonging to that ship,² who was a prisoner at Dover, by which means it arrived at the Capes too late, as the ships were going off with themselves, as it got down, and night coming on, they could not come up with them, altho' they were followed 12 leagues to sea.

Commodore Sir Peter Parker to Lieutenant Thomas Tonken

By Sir Peter Parker, Commander of a Squadron of His Majestys Ships, to be Employd on a particular Service.

Whereas Doctor Blagden, Physician to the Army under the Command of Major General Clinton, hath recommended it as absolutely necessary, that most part of the Bedding on board the Harcourt Transport, under your direction, should be Burn't, in order to prevent the spreading of a dangerous infection thro' the Army, occassion'd by a contagious Fever having been among the Troops in the said Ship.

You are therefore hereby required & directed to cause such part of the Bedding, as Doctor Blagden hath recommended to be destroyed, to be immediately Burnt, taking particular care to give the Master of the Harcourt a Certificate thereof.

Given under my hand on board his Majesty's Ship Solebay, the 21st May 1776,

Hind, English Harbour Antigua

Sir the 21st May 1776.

I am to acquaint you I Disembarked the Three Company's of the 60th Regiment at St Augustine the 11th April 1776, agreeable to your directions. On my Arrival there found in the Harbour His Majesty's Armed Schooner Hinchinbrook, Commanded by Lieutenant [Alexander] Ellis, who informed me he had intelligence of the Rebels fitting Arm'd Vessels in the adjacent Rivers. I thought it my duty to give him directions to keep company with the Hind under my Command, and Sailed to the Northward. The 21st of April we Anchored off Sunbury River. I dispatched the Hinchinbrook with our Tender and Boats Mann'd and Arm'd over the Bar. The 25th Lieutenant Ellis informed me of their having set on fire a Brig that was Loading, and a Ship on the Stocks, which he was informed the Rebels intended for a Twenty Gun Privateer. On their return they were attack'd by about 6 hundred and Fifty or Sixty Crackers (Rebels in Georgia so called) on the Island of St Catherine, but after half an hours engagement they retreated to the Woods. No damage was done on our side except to the Tender's Hull and Sails, and on the 26th made the best of my way for Antigua.

The 10th May in Lattitude 19° 06' No Four large Ships; gave Chace and come up with the Sternmost which proved to be a large Spanish Ship about Eight or Nine hundred Tons full of Troops from Cadiz bound to Porto Rico, she informed me the other three in Company were Spanish Men of War, bound to the same place. think when the works are compleated the enemy will never attempt coming that way, but as soon as that is compleated hope there will be some way found to keep the ships from rendevouzing at Nantasket, but should that succeed there may be a difficulty as great if they should make C[ape] Ann a harbour as they would then stop all Coasters coming which now do get a long, but if C. Ann was well fortified which by Nature Is best Able with proper batteries to defend it self of any I know. Indeed M[arble] H[ead] and Salem are well cituated, and if properly fortified would keep Out almost any thing but C. Ann would be the safest harbour for them.

I dont know how many ships there are in Nantasket but almost every day they are Out. There are two ships and a brigantine most Constantly cruzeing between Cape Codd and Casco bay. One is the Milford of 28 Guns which goes exceeding fast. Yesterday a Coasting skipper came thro here that had been taken and after taken a sloop with Sparrs &c. from the Eastward, taking likewise he was put on board to go to Boston but managed it so as to get in to Casco – its said belongd to N York. Several Masters &c. are come from Halifax. 12 days from thence three belonging here. There not being barracks enough the rigements take turn to go a shore. – There was nothing lately from England. The reason they give of Leaveing Boston was on Account of Provisions. On Approach of some part of the fleet they say they knockt of the Truneons of off 60 or 70 Canon and spikd the guns up.

You desire to know whether it would be likely Our Vessells would be stopt in foreign ports. As to France and Spain there Appears no dificulty but in Lisbon and Holland &c. am Apprehensive there will be a dificulty As the English Consells have such a power there and those Nations seem to [be Aided?] by the Ministry that I am of Opinion no Vessell would be safe going to those places. I have lately received a letter from Lisbon On that subject, which says you must be very cautious as to any Vessell coming here as all the Consells at the differant ports, are scrupeliously exact in regard to all Vessells that enter – for which reason I have hauld up a Vessell I was going to send there.

Commodore Esek Hopkins to John Hancock

Gentlemen

Providence May 22nd 1776

When I arrived at New London I delivered 36 Guns and all the other Stores but 26 Guns and some Trucks which was then onboard the Alfred Columbus & Cabot, and as I could not get Ballast in room of the Guns, brought them here and deliver'd to Governor Cooke which he put into the Fort to prevent the return of the Kings Ships which I consented to on Condition they should be Subject to Order of Congress - Three days past I receive'd your Orders to deliver twenty to the City of Philada Committee - I then called such of his Council & Members of Assembly as could be got together, laid the Order of Congress before them and desired they would deliver the Guns. The Council determined they could not be delivered before you was acquainted with the present circumstances of the Government which they had sent one of their Members Mr John Collins to represent to you - I then gave the Committee an Order on Governor Trumbull for twenty of the Guns left at New London, and I hope he will deliver them as they may be better Spared from there than here, as the consequence of moving the Cannon from here would be the blocking up of the Fleet in this River, or such part of them as are now here.

The Sickness that has attended the Fleet since we left New Providence still continues in a great Measure and has Render'd the Fleet useless as near one half the whole Number are Sick and unfit for duty - Eight days past I sent the Providence to New York to carry the Sailors to General Washington which I borrow'd of him to bring the Fleet round here - The Cabot and Andrew Doria are clean'd & Mann'd with upwards of two hundred Men and Sail'd last Sunday Morning by the Light house on a Cruise, and as I put a number of hands out of the Alfred onboard the Andw Doria it has left her almost without hands - and the most I now expect is to fit and send the Columbus & Providence on a Cruise in about ten days which will leave the Alfred without any hands more than the Officers - The Sickness discouraging new hands from Entering. The Brigs carried near four Months Provisions with them, and have procured near the same for the other Vessels, which I have and shall draw on your Treasurer for I am likewise obliged to furnish the Officers and People with some Money - and the Hospital Bill will be a large Sum.
I think it would be for the publick Advantage and should be extremely glad you would send or appoint some Agent to transact the business here – and also of the Prizes. Should also be glad you would direct what is to be done with the Sloop which I took at New Providence to bring the Guns and Stores, as no other Person in that Island suffered one Shilling it would be hard the Owner should not have his Vessel or be paid for her – I hope you will also give me directions what I shall do with the Slaves taken in the Armed Vessels, for my giving them without Salvage would disaffect the Officers & People without your Orders so to do –

The reason of my leaving the Alfred to the last Vessel fitted out is, She is tender Sided and the most unfit Vessel in the Fleet for Service, and her Main Mast has a 9 lb Shot through it, and can’t get another easily in this place, although it is fished in the best manner we could do it I am still in doubt whether it will bear hard Crowding on – Upon the whole all the chance I have of manning the Alfred is when the Assembly Sitts to get Orders from them to Ship Sailors out of their Army at Newport – if that fails she nor the New Ships built here will hardly get Mann’d without you give Orders for Sailors to be Shipp’d out of the Army –

Inclosed you have Copies of the Sentence of two Court Martials on the Captains of the Columbus and Providence, the latter of which I have confirmed, the other shall wait your directions for – And as for the rest of Captn Hazards Conduct I could have look’d it over, but as he was found Guilty in the affair of the Glassow I could not pass it by. I am with great Respect Gentlemn [&c.]

COMMODORE ESEK HOPKINS TO GEORGE WASHINGTON 1

Sir Providence May 22nd. 1776 –

I sent the Providence last thursday with all the Soldiers which belong’d to your Army that could then be collected – since I sent three by Capt Williams and there is some Sick now here which shall send as soon as well – some few I believe is deserted or gone by Land –

The Cabot and Andrew Doria both Sail’d last Sunday Morning on a Cruise to the Eastward – The Columbus hope to send soon – The others I am afraid cant get away for want of Men as the Men onboard the Fleet continue very Sickly – it makes it difficult to get either & want it 2 for that Impediment the Sailors are mostly taken up in the several Armies & otherways so that it will be with great difficulty the Fleet here can be Mann’d – the two new ships are Launched & will be soon ready if men could be had

I receiv’d Orders to send to Philadelphia a Number of Cannon which if comply’d with will give great Uneasiness in this part of the Country – I am with great Regard [&c.]

Connecticut Journal, Wednesday, May 22, 1776

New-Haven, May 22.

Last Wednesday evening came to town from Halifax, Capt. Edmund French; — he sail’d from this port the 1st of March, in a sloop, loaded with grain, bound to Falmouth, Casco-Bay, on the third, about 12 leagues from Cape-Cod he was taken by a large transport ship, of 6 guns, from England, and carried to Boston, he was there put on board the admiral’s ship, where he liv’d among the common crew, till the 25th, when he was turn’d over to a transport, belonging to the fleet which had taken on board the troops who a few days before had evacuated Boston, in which vessel he went to Halifax, being obliged to do the duty of a common seaman, which was very hard, as the vessel was very short handed, which it was said was the case with all the transports. — Capt. French says, that they were put to an allowance, on account of the scarcity of provisions in the fleet. — That the town of Boston was evacuated so precipitately, that they had not time to stow their holds, but all kinds of stores, &c. were tumbled in promiscuously. — That at Halifax, all kinds of provisions, especially fresh, were very scarce and dear, that butter
was sold at 2/6 per lb. beef at [12]. mutton and veal at 1/8, and that he saw a fresh cod fish sold at a dollar. — Capt. French, with several other prisoners, made their escape from Halifax the 8th of April; they traveled about 20 miles on foot, to Cape Sambro, where they procured a boat, in which they came to Port Rosway, from whence they were put across the Bay of Fund[yl, and got to Pemiquid, from which place, Capt. French came on foot to this town. He confirms the accounts which we have received, of the wretched situation of the tory-refugees at Halifax.

PETITION OF BRITISH SEAMEN TO THE NEW YORK PROVINCIAL CONGRESS 1

New City Hall [New York] May 22, 1776

May it please the Honourable Committee:

Honourable Gentlemen:

We, the prisoners of his Majesty's ships the Phenix and Savage, humbly implore of your Honours to allow us a proportion of provisions to live upon. The keeper, McCleef, gives us but sixpence sterling per day; we are almost perished, for it is impossible for us to live at this rate. We cannot say, gentlemen, had your Honours been notified before, you would make us a sufficiency of provisions; therefore, gentlemen, here follows, for instance, the proportion of provisions that is allowed to prisoners taken by his Majesty's ship of war, from the honourable Congress: The proportion per week, Bread, 7 lbs.; Beef, 7 lbs., Pease, 1 quart; Oatmeal, 1½ quarts; Brandy, 1 3/4 quarts; Butter, 3/4 lbs.; Flour, 3 lbs.; Suet, ½ lb.

Now, honourable gentlemen, compute; the current price of provisions never deviates from the above proportion on board his Majesty's ships, by whatsoever nation he takes prisoners from, much more a natural fraternity, as we all can't say to the reverse. The market in this port is so that by it we can't live. The midshipmen taken with us, you allow eighteen shillings per week, and we are to live upon sixpence sterling per day. Had the highest Commander of France or Spain been taken by his said Majesty, have no more of provisions to be allowed them than the seamen on board the respective ships. Had any Commander-in-Chief been taken at this your honourable cause's side, there would be no proportion of provisions made than the said proportion. Now, gentlemen, consider this. Have been myself steward and clerk in the naval service these six years. I am your Honours' [&c.]

GEORGE WASHINGTON TO MAJOR GENERAL ISRAEL PUTNAM 1

[Extract]

Amboy, May 22, 1776.

You will please to give every Assistance which General Schuyler requires, that may be in your Power, and least you may not have kept a Copy of his Letter, I will transcribe that Paragraph, which contains his Demand. "Intrenching Tools of every Kind will be wanted, more Powder, Lead, and
Cannon Ball, and guns for the Vessels on Lake Champlain. Rigging, Sail-Cloth, and Sail Makers to be sent up."

For intrenching Tools, Rigging, Sail Cloth, and Sail Makers, I would have you apply immediately to the Provincial Congress, who will probably be able to procure them for you. Some of the Members mentioned to me, that they could procure a Quantity of Tools, of which you will send off as many as you can spare. You must take care not to leave yourself destitute.

I sent five Tons of Lead forward, which General Schuyler knew not of: However I would have you examine what Quantity there is in store; and if you can spare it send up two tons more. As to the Cannon Ball and Guns, you will consult with Colo. [Henry] Knox, who must judge what Sort of each is necessary, and send them up with the other Articles. . . .

It was a Misfortune indeed that the Vessel with Powder and Arms should fall into the Enemy’s Hands.

Let the Committee by all Means have the Pettiauger to cruize off the Back of the Island. The sooner she is out the better, as more Vessels with these Articles may be daily expected. . . .

CAPTAIN WILLIAM ROGERS TO THE NEW YORK PROVINCIAL CONGRESS

Little Egg-Harbor, on board the sloop Montgomerie
May 22, 1776.

Gentlemen— We yesterday put in here to wood and fill up our water, which we are now about, and shall sail again to-morrow, wind and weather permitting. On the 5th instant we brought too a schooner, Capt. Caysy, from Salt Tudeas, bound for Rhode Island, who informed me that on the 1st of May in latitude 36° 30” longitude 71°, he saw eight sail of ships standing to the northward, but what they were he could not tell. The 6th of May we was cruising off Montock, we saw a sail in the offing and gave chase, she stood from us; the day being thick and hazy; that we came in about a league of her; then we discovered that although she seemed to be running from us with topgallant sails set, her courses were hauled up and stay sails all down; the weather clearing a little off we saw she was a ship of war, we then gave over chase and hove too, as we was between her and the land; but no sooner she saw that we gave over chase, she gave chase to us, and followed us round Montock. We hauled close a board of a reef that lays within Montock, she then gave over chase and stood out again. From a Block island fishing boat that I spoke, I was informed that there was a ship of 28 guns, and a brig of 14 guns a cruising off there, that they had been on shore on the island and filled water about the 20th or 21st of April. We have not been into any of the inlets on the back of Long Island, but we sounded one with the boat, and found 13 foot water over the bar at about half ebb. The 18th we were off Sandy Hook, see but 2 ships in the bay; they did not send anything out after us, which we expected they would. I expected to find the schooner Putnam on this coast, but have not seen or heard any thing of her. We have not saw a sail of any kind since we left cruising off Montock,
but the ships we see in at Sandy-Hook. When we go out again I expect to cruise towards Cape May: our ship's company is all well and hearty. And I remain [&c.]

A petition from James M'Knight was presented to Congress and read.

The committee to whom the petition of P. Simons, was referred, having brought in their report, the same was taken into consideration: Whereupon,

Resolved, That it appears James M'Knight hath proceeded to the sale of the sloop Sally and her cargo, contrary to the mode prescribed, and without any authority from Congress:

That the resolution passed the 4th of April "empowering the committee of inspection and observation of the county of Burlington, to make sale of the sloop Sally and the cargo on board, and to pay one-half of the net proceeds to James M'Knight for salvage, and retain the other half for the owner or owners," be set aside.

Resolved, That it be an instruction to the Marine Committee, to procure an exact account of the number and weight of the cannon lately taken at [New] Providence.

Resolved, That it be an instruction to the committee to whom the instructions given by the Naval Committee to Commodore Hopkins were referred, to enquire how far Commodore Hopkins has complied with the said instructions, and if, upon enquiry, they shall find he has departed therefrom, to examine in to the occasion thereof.

Resolved, That the said committee have power to send for witnesses and papers.

That General Schuyler be informed, that Congress have in view these two great objects, the protection and assistance of our Canadian friends, and securing so much of that country as may prevent any communication between our enemies and the Indians: The means of effecting these purposes by fortifying proper posts, building armed vessels where most expedient, opening roads of communication or otherwise, are left to the determination of a council or councils of war, governing themselves by events and their knowledge of the country:

CAESAR RODNEY TO THOMAS RODNEY

[Extract] Philadelphia May 22d 1776 —

One of our Rifle-men that Travelled across the Country with [Benedict] Arnold, and taken prisoner while on Centry at Quebec, was sent to England: a few days after he landed, he was sent to London and put in Bridewell in Irons—Sawbridge (the Lord Mayor) went to him, Examined him
and had him immediately discharged & sent down to Bristol, where a number Gentn procured him a passage to Halifax. He left Bristol the 24th of March, arrived in this City the day before Yesterday – And tho searched at Hallifax two or three times, brought undiscovered a number of Letters and newspapers to the Congress, by which we are possessed of all their plans for the destruction of America – No Commissioners – Captn Craige who was appointed to make the Exchange of prisoners with the Roebuck – has returned to Chester with Captn Budden, Lt Ball and all the rest of them – They say (for I have seen Budden & Craige) that the men of War are gone off to Sea, that they Stood after them 12 Leagues without the Capes, then lost sight of them and Returned –

VOTES OF THE PENNSYLVANIA PROVINCIAL ASSEMBLY

[3 o’clock P. M.]

A Petition of George Bryan, Esq; to be appointed the Officer to superintend the Imports and Exports, and other naval Affairs, of the Port of Philadelphia, was presented to the House and read. Ordered to lie on the Table.

Pennsylvania Journal, Wednesday, May 22, 1776

Philadelphia [May 22].

On Monday last a flag that was sent down to the men of war in our bay, for the exchange of several Americans they have on board, returned to this city, as the men of war weighed and put to sea about an hour too soon for the flag, they followed them 10 leagues to sea, but could not overtake them.

It is supposed by the course the men of war steered, that they are gone to Virginia to refit, as by accounts, and the great number of pieces which have since been picked up, they received a great deal of damage in the late engagement with our gallies. – Their Carpenters were seen at work every day for a week after the action.

We are well informed that the bodies of two men sewed in hammocks (one marked No.22) were drove ashore in the Bite of New-Castle on Friday or Saturday last. They both belonged to the Roebuck, and it is said the one in No. 22 was the gunner’s mate.

**Proceedings of the Maryland Convention**

The Convention taking into consideration the resolutions of Saturday last on the charge against Samuel Purviance, jun. of Baltimore-Town, Resolved, That Samuel Purviance, jun. be called before this Convention, and be informed by Mr. President of the resolutions had on Saturday last on the articles of charge against him, and further, that this Convention highly disapprove and condemn his conduct in usurping the pow[er] to direct the operations of the military force of this province, and in using his character of chairman, and engaging the countenance and promising the protection and indemnity of the committee, without the orde[r]s of the committee, assembled as such. That it appears to this Convention, that the said Samuel Purviance in his usurpation of the power to dir[ect] the military force of this province, was considerably influenced by a person not residing in this prov-

ince, nor having any interest or property therein, and that it would be of the most dangerous tendency to the peace of this province, and to the safety and security of the good people thereof, to suffer any person or persons, other than those entrusted with the proper authority by this province, and more especially such as do not reside nor have any interest therein, to interfere in the direction of the internal affairs civil or military of the said province.

That this Convention are therefore of opinion, that justice would well warrant a more exemplary punishment to be inflicted on the said Samuel Purviance for his said misdoings; but that in consideration of his active zeal in the common cause, and in expectation that he will hereafter conduct himself with more respect to the public bodies necessarily entrusted with power mediatly or immediately by the people of this province, and will be more attentive to propriety, this Convention hath resolved, that the said Samuel Purviance for his said conduct be censured and reprimanded, and that Mr. President do from the chair censure and reprimand him accordingly, and that he be thereupon discharged.

And thereupon the said Samuel Purviance, junior, being called in, and being at the bar of this house, Mr. President communicated to him the resolve of Convention, and did censure and reprimand him accordingly.

"Extract of a letter from Col. [William] Woodford to General [Andrew] Lewis, dated Norfolk, May 22." 1

The vigilance of my guards has occasioned the enemy to abandon their lines at Portsmouth. This, and some fire rafts I was preparing, has likewise occasioned the fleet to go off. They have thrown over their salt, burnt the most indifferent of their small craft, and are all now below Craney island, except four ships, which are opposite the distillery, but under way likewise. One of the 14th regiment, and five sailors, have deserted, they inform me they have the smallpox. I have given very particular orders to
avoid this evil, if it be true. They all concur in the same story, and likewise that the fleet is bound for Cape Fear; but I doubt whether my Lord does not intend a secret expedition to some other part of the colony. I received the enclosed letter, and list of prisoners from Lord Dunmore, and have sent orders to the guard at Portsmouth to destroy the enemy's works.

Ship Dunmore, May 22, 1776.

Sir, Enclosed is a list of prisoners on parole, who ought to have returned last Sunday. I therefore think proper to inform you, that if you do not order them to return to me on or before the 26th instant, I shall most certainly not only not grant the same indulgence to any that shall hereafter fall into my hands, but punish every man of them as they deserve, if ever they fall into my hands again. I am, sir, [&c.]

Dunmore.

To the commanding officer on shore.

List of prisoners on parole, who ought to have returned on board the Dunmore the 19th of May, 1776. James Nimmo, John Nimmo, Jonathan Woodhouse, John Woodhouse, —— Robertson, —— Fountain, Cautwell Garryon, Tully Boony, —— Hagley, —— Thompson, —— King, —— Roberts, —— Taylor.

Charlestown, May 22:

On Monday Capt. [Simon] Tufts, in the Colony Schooner Defence, returned from a Cruize, with a Brigantine belonging to New-York, that had been a whaling. The same Day an English Man of War and her Tender appeared off; and yesterday Morning Capt. [Joseph] Turpin, in the Colony Brigt. Comet, with a large Ship, a Prize, hove in Sight. The Man of War had lain at an Anchor off the Bar all the preceeding Night, and as soon as the Comet and her Prize appeared, weighed and gave Chace; the Wind being at S.W. and the Man of War considerably to leeward, she could not come up with the Comet or her Prize, both of which bore down for the Bar; but, unfortunately, the Tide just then turning, and the Prize Ship drawing 17 Feet Water, it was found impracticable to bring her over, she was therefore run aground about 3 Miles to the N.E. of Fort Johnson. Capt. Tufts had, previous to this, gone down with an Intention of affording all the Assistance he could to bring off the Prize, but likewise run aground, and the Tide falling prevented the Comet coming near her. The Man of War, taking Advantage of these Circumstances, sent her Tender, full of Men, to the Prize, which had been abandoned, and set her on Fire. She was the St. James, Capt. Wilson, and was bound from Jamaica to Bristol, with a very valuable Cargo of Rum, Sugar, &c. all of which was entirely lost. A few
random Shot were exchanged between the Man of War and the Defence; the Comet fired some Guns at the Tender, but, being a considerable Distance, it is supposed, without Effect.

The Man of War is still in the Offing, and this Afternoon her Tender took a small coasting Sloop, thought to be from Winyaw with Turpentine.¹

Major Francis Hutcheson to Major General Frederick Haldimand

[Extract] Halifax May 23d 1776

We have now ships arriving daily from London, and have got in this Week agood Supply of Provisions, but not yet a Sufficiency for so large an Army to depend on —...

We had yesterday a Man of War from New York, with a prize the Ship Lady Gage, one of the London traders, which Captn VandePut, cut out of the North River where she was laid up. They left New York 15 days ago, and bring a report which prevailed there that, about the 4th of April last, Arnold made another unsuccessful attack on Quebec, and was beat off with
in North America received since the last account was transmitted."

Chatham, Halifax Harbour 23 May 1776.
M: Shuldham

the loss of Eight hundred Men; there is no Confermation of this News, nor have we any account as yet from Genl Carleton, surely a Small Vessel might get down the River, and a Communication of intelligence between the two Commanders wou’d be useful. –

Washington Commands at New York, Lord Stirling a Brigadier under him, they have twelve thousand Men, fortifying the town Expecting we will pay them a Vissit – the Asia and Phenix Men of War with the Governors Ship are lying at the Hook, and have now no Communication with the town, Capttn Kennedys house and several other tory houses, are fited up for Barracks for their troops. –
The transports have orders to get ready for Sea, and the heavey baggage is ordered to be put on board, which gives us reason to think we shall not be here many days longer. our destination is not known, but Imagened to be New York. its Generaly thought that Numbers in that Province will de-clear for Government, on the landing of the Army – which its said, the Rebels will use their utmost Efforts to prevent, as their fate in that Province will depend upon it; and by the best information we can get, there is great discontent amoung them – . . . We have heard nothing of Hopkineses fleet since his affair with the Glasgow, they say he is gone to the River Delawar, the Rebel Account of that affair, is much to the Credit of Captn How [Tyringham Howe] who Commands the Glasgow

We are in dayly Expectation of Lord Howe with the fleet, time grows precious, as the Season advances, and its full time the Campaign was opened, if we hope to finish the matter this Year, the Expence the Nation is at, demands every Exertion. – it has been a good War for this Army, the Soldier is well taken care off, and the Officers have more promotion than ever before happen’d in the same Space of time. . . .

The Army Is under orders for Embarkation on Monday next 27th Inst and belive we will Sail the day after. I hope we shall meet with the foraign troops that are to Join us, as we shall not take from hence above Six thousand five hundred Men. . .

New-England Chronicle, Thursday, May 23, 1776

Boston, May 23.

Early last Friday morning [May 17], the Franklin schooner, one of the Continental cruisers, commanded by Capt. James Mugford, of Marblehead, fell in with one of the enemy's transport ships from Cork, bound directly into this harbour, the Captain not knowing that the place had been evacuated by the British fleet and army. Notwithstanding she appeared to be an armed ship, and was in sight of the enemy's men of war laying in Nantasket, Capt. Mugford resolutely bore down upon her, and took her without opposition. She mounted 6 carriage guns, a number of swivels, and had on board 18 men. The Franklin, at that time, had only 21 men. Capt. Mugford, determining to bring her into this harbour, the inhabitants, on leaving their respective places of worship after forenoon's service (it being the day of the Continental fast) had the pleasure of seeing the most valuable prize, taken since the commencement of the war, entering the harbour. But it being ebb-tide, she run ashore in Pulling-Point gut, where she lay till the ensuing night. As her cargo was of almost inestimable value to these colonies, it was thought prudent to bring up to town the greatest part of it in boats; and a large number being immediately dispatched, the same was soon safely landed and properly deposited.

The ship [Hope] is about 300 tons burthen, Alexander Lumsdale, Master. She had 5 weeks passage; and sailed from Cork in company with 12 or 13 other transports, all bound to this place, from which she parted a few days before she was taken. The others, it is concluded, hearing of the evacuation of the town from one of their cruisers, steered for Halifax. The Captain brings no material advices.

The following is an inventory of the cargo of the above-mentioned prize ship, taken and brought in here last Friday, viz.

The enemy, on board the men of war below, intolerably vexed and chagrined that the above ship should be taken and unloaded in their open view, formed a design of wreaking their vengeance on the gallant Capt. Mugford, who took her. The Sunday following [May 19], Capt. Mugford, in company with Capt. [Joseph] Cunningham, in the Lady Washington, a small privateer armed with swivels, blunderbusses, and musquets, fell down in order to go out in the Bay. The enemy observed their sailing, and fitted out a fleet of boats for the purpose of surprizing and taking them in the night; and the Franklin’s running aground in the Gut, gave them a good opportunity for executing their plan. The Lady Washington came to anchor near Capt. Mugford; and between 9 and 10 o’clock he discovered a number of boats, which he hailed, and received for answer, that they were from Boston. He ordered them to keep off, or he would fire upon them. They begged him, for God’s sake, not to fire, for they were going on board him. Capt. Mugford instantly fired, and was followed by all his men; and cutting
his cable, brought his broadside to bear, when he discharged his cannon, loaded with musquet ball, directly in upon them. Before the cannon could be charged a second time, two or three boats were along side, each of them supposed to have as many men on board as the Franklin, which were only 21, including officers. By the best accounts, there were not less than 13 boats in all, many of them armed with swivels, and having on board, at the lowest computation, 200 men. Capt. Mugford and his men plied those along side so closely, with fire arms and spears, and with such intrepidity, activity and success, that two boats were soon sunk, and all the men either killed or drowned. But while the heroic Mugford, with out-stretched arms, was righteously dealing death and destruction to our base and unnatural enemies, he received a fatal ball in his body, which in a few minutes put a period to a life, from which, had it been spared, his oppressed country would undoubtedly have reaped very eminent advantages. After our brave men had maintained this unequal contest for about half an hour, the enemy thought proper to retire. The carnage among them must have been great; for, besides the two boat-loads killed and drowned, many were doubtless killed and wounded on board the others. Great execution was done by the spears. One man, with that weapon, is positive of having killed nine of the enemy.

The number of boats which attacked the Franklin was about 8 or 9. The remainder, to the number of 4 or 5, at the same time attacked Capt. Cunningham, in the Lady Washington, who then had on board only 6 men, besides himself. This brave little company gave the boats such a warm reception, that the enemy were soon glad to give over the contest, after suffering, it is thought, considerable loss.

The body of one of the Marines, killed in the above engagement, and one of the enemy’s 13-oar’d barges, have been taken up at Chelsea.

The remains of Capt. Mugford have been carried to Marblehead for internment. No other life, on our part, was lost.

1. There is no indication in the journals of the Renown and Experiment, whose boats participated in the attack, that the British were aware of the identity of the ship which had been taken, or of its captor. See journals of May 19, 1776.

"EXTRACT OF A LETTER FROM MAJOR [JAMES] HENDRICKS TO GENERAL [ANDREW] LEWIS, DATED HAMPTON, MAY 23."

I wrote you this morning that 30 sail of the enemy's fleet were moved down the river, since which it appears that their whole fleet is in motion. From our church steeple I can see 60 or 70 sail of vessels of differ-
ent kinds, hovering about the mouth of James’s river. What they mean is impossible to tell.

Hayes [Edenton] 23d May 1776

[Extract]

I have not lately heard from Cape Fear nor do we know with any kind of certainty what number of Troops may be there, by the last advices there were about seventy sail of Vessels in the River of different Burthens, some of them large Transports, it was likewise said that two large Ships supposed to be Men of War of fifty Guns lay without the Bar. It is difficult to conjecture their meaning or what they propose to themselves should they succeed, a circumstance which appears to me very improbable, but you know the great contempt Governor Martin has for American Armies and American Councils.

Our want of a proper supply of Arms and Ammunition throws a damp on all the Operations of our Military and the immense price that the Dutch and others make us pay for the little we get is really alarming a Vessell that arrived here a few days ago with a little Cannon Powder paid at the rate of 6/ [illegible] for it in Statia the dreadfull expence at which we pay & supply our army is truly alarming...

... I am afraid Commodore Hopkins will make a poor figure on our Coast at this time, had he called at Cape Fear on his return from Providence he might have done essential Service; Governor Martin, Genl Clinton and a fine parcel of Military Stores would have fallen into his hands, almost without firing a Gun, and he would have given a deadly blow to the Expedition against this Province by nipping it in the bud, but he wanted intelligence and it was impossible for us to convey it to him.

CAPTAIN CHARLES DOUGLAS, R.N., TO PHILIP STEPHENS 2

Isis before Quebec the 24th May 1776

Sir, I conceive your early knowledge, of the possession of this principal key of all North America, being effectually secured to His Majesty, to be of such immense importance, to the public weal, that I cannot excuse myself, from sending, the herewith inclosed duplicates, in the Ship Hope; she being a Transport, which we can very well spare. On the 22d General Carl[e]ton sail'd upwards, in His Majesty's Arm'd Schooner the Maria, (retaken the 6th from the Rebels) with the two arm'd Ships, Troops &c, Captn. [Thomas] Pringle superintends the whole embarkation, & Mr Butler late Master, now third Lieutenant of this his Majesty's Ship, whose Zeal, perseverance, skill and Activity during our whole Voyage from the Nore, & our toilsome struggles thro the ice, cannot be too[o] much commended, is therein subordinate to him, as are also two Midshipmen. Mr Berkely my second Lieutenant; commands for the time being, during Captn Pringles Absence, the Lord Howe arm'd ship to be Station'd off Point Platon, with Captn [Skeffington] Lutwidge of the Triton frigate; And the Bute is to be Station'd at point aux tremble: Both the said arm'd Ships have their Complements augmented, with stout, zealous, Voluntier Canadian Boatmen. Captn Harvey having the first division of Troops, consisting of the 47 Regiment, with the Grenadier and light Infantry companies of the twenty ninth, under his guidance, in three large Transports; and the Magdalen, & province arm'd Schooners, under his command, being already at point Platon, will pass the rapids of Richlieu, the very first opportunity, and proceed towards Trois Rivieres. By thus possessing the river, and moreover, the most important post upon Earth: of Quebec: the Canadians are satisfied to whom the province belongs; and I am misinformed, if many among them, stung with the keenest resentment do not wish to expiate, were it even to blood, their late stupid credulity, in having swallow'd the falshoods, so highly injurious to the nation at large; which the rebel Agents of New England, traducing the old one, on every occasion, have so long, & so industriously, circulated among them by letters, hand bills or word of mouth, of which credulity, I beg leave to give the following instance. Three Canadians, who had been with the rebels, went on board the Surprize, in her way up, after she had passed the Traverses in the Idea, of her being a Ship of War, belonging to an expected New England fleet, which they had taken from Old England. Wou'd to God, the ambitious views of the rebel ringleaders and their disaffection, towards Great Britain, had been as well known on the other side the Atlantic, as they are notorious here! I am happy in sending this, with the duplicates above alluded to, by Lieut Fooke, late of the Lizard, who during the seige perform'd much to his honor, and the Good of His Majesty's Service, the painful duties of a Captain of infantry, in the Brave naval battalion; so
Much to the Satisfaction of General Carleton, that his Excellency, honors him, with the duplicates of his late dispatches also. I have appointed Mr Stone, Master of this his Majesty's Ship, (late of the Hunter) as Lieutenant of the Lizard in his stead, hoping, that my Lords Commrs may be pleased to acquiesce in and confirm, his being thereby rewarded, for his praiseworthy services, render'd to his King and Country, in the same cause, in the same rank and in the same glorious defence, of this inexpressibly important post so very important that had the Navies of France been superior to those of England during the last War, there would have been probably, few of English extraction, remaining in New England, at this day to have rebell'd against the most indulgent Parent State that ever rear'd a Colony. Every days fresh intelligence, from above, every days further informations from this neighborhood, gives us reason to be thankfull to heaven, for the very opportune arrival here, of His Majesty's Ships under my command on the 6th as also for the amazing rout and Confusion, communicated, to the very considerable rebel reinforcements, on their March hither, by the fugitives from before Quebec. It is even reported & believed, that they have evacuated, the important post of Trois rivieres, in great Consternation which if true we impute, to some account they may have had, of the preconcerted approach, towards Montreal, of the 8th regiment, several Nations of Indians, and the Canadians of Detroit from the upper lakes, having Colonel Caldwel, of the said regiment, for their leader. From this intelligence, we flatter ourselves, that the hourly expected Transports, with the regiments from Ireland, will join General Carleton at Trois revieres (for they are not to stop at Quebec) and possibly, shortly rendezvous at Montreal. So soon, as we shall have the happiness to be in possession of the latter, their Lordships, as well as the fleets, and Armies, employ'd on the eastern Shores of this continent, shall have the Earliest Account thereof, as they shall of any other important events, that may happen, wherewith, I trust the residue of this Campaign, is happily replete, for Great Britain. The Seamen, and Soldiers, are in the most perfect health, and animated with the same patriotic fire, which glow'd in the late defence of this Capital.

Be pleased to communicate the foregoing to my Lords Commissioners of the Admiralty. And believe me to be Sir [&c.]

Chas. Douglas

[Philadelphia] Friday, May 24, 1776

The committee appointed to confer with General Washington, Major
in their report; which, being taken into consideration, was agreed to:
Whereupon,

Resolved, That the commanding officer in Canada, be informed, that
the Congress are fully convinced of the absolute necessity of keeping posses-
sion of that country, and that they expect the forces in that department will
contest every foot of the ground with the enemies to these colonies; And, as
the Congress have in view the cutting off all communication between the
upper country and the enemy, they judge it highly necessary that the exer-
tions of the forces be particularly made on the St. Lawrence, below the
mouth of the Sorel:

Resolved, That Mr. R[obert] R. Livingston be added to the committee
[of conference] who brought in the foregoing report; and that they be di-
rected to confer with General Washington, Major General Gates, and Briga-
dier General Mifflin, touching the most proper posts, and measures to be
taken for effectually preventing the enemy’s communication with the upper
country from Canada, and such other measures as shall tend to secure the
frontiers.

General Washington, being arrived from New York, agreeable to order,
attended in Congress, and, after some conference with him,

Resolved, That he be directed to attend again to morrow.

Hugh Young to the Maryland Council of Safety

Sirs

Baltimore 24th May 1776

Two days before I went to Anapolis, I had the Schooner Ninety two valued at £500. by four men chosen by the Owners, (Cravath & Dugan) & which agreement they seem'd well Satisfied with, having at the Same time agreed to find her two Sails, which I promised to add to that Sum with any other repairs might be thought necessary after this Valuation; however on my return they chose four other Men to Value said Schooner, which they did at £750 tho' I believe they have not given her £50s Repairs since the first Valuation, Such proceedings I think unjust & do not think it right to put up with. I Shall be glad to have your orders what to do in this case, as they have Stopt the Vessell 'till I agree to allow the latter Valuation, these Circumstances I can prove by two Creditable Merchts a Master Builder & Sailmaker. I am Gentn [&c.]

Hugh Young

P.S. I would not willingly pretend to dictate to your Board, but would beg leave to mention it as my opinion that you would give the Owners some orders about her – The two Brigs I suppose will get down to morrow – I Shall be glad to hear from you on this subject by Return of the bearer Mr Tolly's Servant who Just now waits for this.

Proceedings of the Maryland Convention

[Annapolis] Friday, May 24, 1776.

Resolved, That it is the opinion of this Convention, that upon the evidence before them of the correspondence which his excellency governor Eden has, from time to time, held with administration, it does not appear that such correspondence has been with an unfriendly intent, or calculated to countenance any hostile measures against America.

Whereas by a late intercepted letter from lord George Germain, one of the secretaries of state, to his excellency the governor, it appears that a great armament of land and sea forces was in readiness to proceed to the southward, in his lordship’s expressions “in order to attempt the restoration of legal government in that part of America,” but in effect to invade and subdue the southern colonies; which armament was to proceed in the first place to North Carolina, and from thence either to South Carolina or Virginia, as circumstances of greater or less advantage should point out; if to the latter, it might have very important consequences to this province; and therefore in the said letter his excellency is called on well to consider of every means, by which he may, in conjunction with lord Dunmore, give facility and assistance to the operations of the said armament. – And whereas the governor must, if he remains in the exercise of his powers of government, fulfil and
execute the instructions of administration, or hazard the displeasure of the
king, which it cannot be expected he will do. — And whereas by act of assem-
ably of this province, the powers of government, in the absence of the gover-
nor, devolve upon the president of the council, and therefore the governor's
departure cannot occasion a dissolution or suspension of the present estab-
lished form of government within this province, which this Convention doth
not think ought now to be changed, therefore Resolved, That it be signified
to the governor, that the public quiet and safety, in the judgment of this
Convention, require that he leave this province, and that he is at full liberty
to depart peaceably with his effects.

Upon the last resolve, the yeas and nays being required, they were as
follow:

[Carried, 12 counties to 4.]

Resolved, That a committee of five persons be appointed to wait on the
governor and deliver him copies of the said resolutions, together with the
following address, to wit.

To his Excellency Robert Eden, Esq; governor of Maryland
May is please your Excellency,

We are commanded by the Convention to wait upon your Ex-
cellency, and to communicate to you the resolutions they have this
day entered into; and we are instructed to assure your Excellency,
that the Convention entertains a favourable sense of your conduct,
relative to the affairs of America, since the unhappy differences
have subsisted between Great-Britain and the United Colonies, as
far as the same hath come to their knowledge, and of their real
wishes for your return to resume the government of this province,
whenever we shall happily be restored to peace and that connec-
tion with Great-Britain, the interruption and suspension of which
have filled the minds of every good man with the deepest regret.
From the disposition your Excellency hath manifested to promote
the real interests of both countries, the Convention is induced to
entertain the warmest hopes and expectations, that upon your
arrival in England, you will represent the temper and principles of
the people of Maryland with the same candour you have hitherto
shewn, and that you will exert your endeavours to promote a
reconciliation, upon terms that may be secure and honourable
both to Great-Britain and America.

Mr. President, Mr.[William] Paca, Mr. T[omas] Johnson, Mr.[George]
Plater, and Mr. [James] Hollyday were elected by ballot a committee accord-
ingly.

Post Meridiem.

On motion, Resolved, That a court of admiralty be erected, for the pur-
pose of determining upon such captures and seizures of vessels as are or shall
be made according to the late resolves of the Continental Congress upon that subject, and brought into this province.

EDMUND PENDLETON TO THOMAS JEFFERSON ¹

[Extract] Wmsburg May 24th. 1776

Genl. [Charles] Lee is in North Carolina, where it is uncertain what number of the Enemy's Troops are arrived. The Genl. is of Opinion they will not stay there longer than to take an Airing, and to go to So.Carolina or Virginia. He means to stay at Newburn to Watch the determination and meet them at either place. He thinks rage and revenge may prompt them to Attack Wilmington, but hopes Brigr. [James] Moore is sufficiently prepared for them. We have had repeated Accounts lately from Norfolk by deserters that Dunmore and his Fleet were reduced to half allowance and were preparing to depart. A Letter from Colo [William] Woodford at Norfolk informs Us they were all Sailed on Wednesday and had got below Crainy Island, except four which were under Way below the New Distillery; they had taken on board the Shattered remains of the Ethiopn. regiment and abandoned the Intrenchments which our Troops are destroying. A deserter from the 14th. Regiment and 5 Sailors, who left them at their departure said they were going to Cape Fear and had the small Pox on board. ² By Letter from Hampton yesterday we are informed they were Collecting just below the Mouth of James River and they expected an Attack. Brigr. [Andrew] Lewis sent off a reinforcement last night and is gone himself this morning. If they land, I think you'l have a good Account of them.

2. For Colonel Woodford's letter, see "Extract of a letter from Col. [William] Woodford to General [Andrew] Lewis, dated Norfolk, May 22."

PURDIE'S Virginia Gazette, Friday, May 24, 1776

Williamsburg, May 24.

Last Sunday morning [May 19] our guard at Norfolk took a couple of lads belonging to the Otter, regaling themselves ashore with strawberries; also a little boy, whom, after asking a few questions, they suffered to go about his business.

Last night an express arrived from col. [William] Woodford, at Kemp's landing, with advice that lord Dunmore's motley army, after dismantling
their intrenchment at the mills, and setting fire to the barracks and other buildings they had erected there for their convenience, had retired on board the fleet, which, to the amount of 70 odd sail, were in motion yesterday morning, and appeared to be bound for sea. They supplied themselves with wood, from a number of houses at the distillery, which they demolished for that purpose; and it was given out, that they intended for Halifax in Nova Scotia, with intent, it may be presumed, to enjoy the free exercise of their limbs, and a vegetable diet, and undergo a complete scouring from the filth in which they have been involved for a long while past. — They destroyed between 40 and 50 sail of small vessels, after taking out what they deemed to be valuable, but suffered all the salt on board to go to the bottom.

The same night an express arrived from major [James] Hendricks, at Hampton, advising, that Lord Dunmore's fleet had just appeared in the road, and seemed to be bound for sea.

By a gentleman from Philadelphia, who left that city the 11th instant, we learn . . . that capt. Bellew, having lately asked permission of the Congress for his lady to visit her relations in New England, they despatched a gentleman with a carriage to conduct her to Philadelphia; ¹ but upon his going on board the Liverpool, which happened to be just after her engagement with our row-gallies, he found the captain in a very bad humour, who told him he had altered his mind, and that mrs. Bellow should not now go amongst them, as their damn'd gondolas had treated him so ungenteeelly. The gentleman who went on board was fully convinced, from what he had an opportunity of being witness to, that the captain had very good reason for his chagrin; for his ship had her quarter rails entirely carried away, and a number of plugs were in her side, which makes it highly probable that he lost many of his crew. The Roebuck also was in sight, at Reedy island, and had stages out repairing her sides.

I intend to send off 400 Men in Battoes immediately to proceed to the Isle Perot and endeavour to Cut off the enemys retreat. I expect they will make some stay at Fort St. Anns, by which it may possibly be effected. Pray hurry on the Men as fast as possible I shall push them on from this immediately. BRIGADIER GENERAL WILLIAM THOMPSON TO THE CONGRESSIONAL COMMISSIONERS IN CANADA 1

[Extract]
Copy Camp at Sorel May 25th 1776 –

Colo [William] Maxwell with his Party arrived here yesterday – He is very unhappy in being ordered up, & thinks that he could with the few Troops he had with him have kept his Post at Deschambault ’till a reinforcement of both Men and Provisions could have been sent to him. He believes that with two Gondolas and a small Battery on each side the River opposite to them the Pass can be supported against any number of Troops or Ships that the Enemy can send for some weeks – And it is probable that our reinforcements both of Men and Provisions will arrive before that of the Enemy. –

Mr [John] Bondfield says that about three or four Miles below the Three Rivers the Channel runs within Musquett Shot of the North Shore, that the Banks are high, & indeed every thing in our favour, to engage us to take Possession of that Spot, which would be taking a great & necessary Step towards our going further down the River, and by leaving a few Boats in the Mouths of the Rivers under a small Guard a safe Retreat can be made to this Place, at any time if we are reduced to that Necessity, but I hope it will not be the case. . . .

CAPTAIN CHARLES DOUGLAS, R.N., TO PHILIP STEPHENS 1

Sir Isis before Quebec May the 25th 1776

Having, after finishing my Letter of Yesterdays date, had it confirm’d, from the mouth of an Eye Witness, I can now, with unutterable Satisfaction, congratulate my Lords Commissioners of the Admiralty, on the certainty, of
all the Rebels, who were, at Trois Rivieres, amounting, ('tis said) to about One Thousand, having left that important Post, (where they were casting Shot Shells &ca) with precipitation on the 21st in the afternoon, And with out particulars, we learn in general, but with certainty, that a Body of forces, of from four, to Six Hundred Men, which they had posted, at a place, call’d the Cedars, in the neighbourhood of Montreal, had just been Sur-prized and destroy’d, by the expected loyal Succours, from the upper lakes, To which event, and the News of our preparations, here, to move upwards by Water, their hasty retreat from the late important Post in question, to their New One at the Mouth of the Sorel, has plainly been owing where it is said, their scattered parties, have made a Stand, and are making defensive preparations, with some pieces of heavy Cannon, which preparations we presume are making, with a View to their final retreat, out of Canada. And the said heavy Cannon, to be mostly such, as were originally intended for the more effectual reduction of Quebec; re-landed there, from the Batteaus, which were to have brought them down this River, on the News of the dispersion of their Army before this place. Be the disposition of the Rebels at the Mouth of the Sorel, as they may it is presumed, by many who know the Country well, that their first Stand, after the arrival of His Majesty’s Forces, from Ireland, which are hourly look’d for (the Wind being Easterly) will be if they make any stand at all, at St Johns, which but 'tis even believed, they will find themselves unable to support. The Wind blowing fresh & favourable, I make no doubt of General Carleton in the Maria Arm’d Schooner, Captain Harvey in the Martin Sloop, Lieut [Joseph] Nunn in the Magdalen Arm’d Schooner, with the three Transports, having the 47th Regiment on board, with the Grenadier & Light Infantry Companies of the 29th passing the Rapids of Richlieu, with the Flood; Nor of the Residue of the Whole embarkation, doing so tomorrow, if this Wind continues, of which there is the strongest appearance. Nor do I doubt of the whole being assembled, at Trois Rivieres (weather permitting) by Monday evening. Besides the Ships, or Vessels of War, already named, and going upwards, there are two arm’d Transports, the One carrying Ten Nine Pounders, and the other Six Six Pounders, and Men in proportion to their Guns, so that it will be impos-sible, for the Rebels to shew their faces, on the Water, any where between this and Montreal, – Be pleased to communicate the foregoing to my Lords Commissioners of the Admiralty. I have the honor to be &ca

Cha’ Douglas

P.S. I have this moment, received the following authentic particulars from above Vizt That His Majesty’s Troops, Canadians and Indians, alluded to in the foregoing, utterly destroyed a body of 400 Men, which the Rebels had posted at a strong Pass called the Cedars, about 8 Leagues from Montreal, and opposite to the upper end of the Island, bearing that name, with the Loss only one Man kill’d, and two Wounded on our side: That they made sure, of cutting off another Guard, of 90 Rebels, on the Island itself, And, that all the able Counrymen of the said Island had upon the News of the above defeat, and of General Carleton’s intended motions (now in agita-
tion) unsolicited thereto, taken up Arms, and embodied themselves for His Majesty. We learn Nothing for Certain, from the Town of Montreal, but it is believed, that the Rebels, will not continue long there. From whence if my information be true, A Triumvirate, consisting of Doctor [Benjamin] Franklin and other Members of the Rebel Congress, went away in a great hurry, on hearing of the flight of their Army (of 3000 Men) from before Quebec. Upon the Whole, I trust that before November next, the native rights of Mankind, will have been so far restored in North America, that one shall dare to speak his Sentiments; And do his duty as in old England; without any danger of being Tarr’d and feather’d.

**MAJOR GENERAL WILLIAM HOWE TO VICE ADMIRAL MOLYNEUX SHULDHAM**

Halifax 25th May 1776.

Sir, From the present very extensive Business in the Transport Department, and the certainty of a large increase of Shipping in the course of this Campaign, I humbly apprehend His Majesty’s Service in that Line does require an Officer of Superior Rank, to have the Command and direction of the other Agents: I am therefore induced to make Application to you, to appoint Lieutenant [John] Bourmaster to be Master and Commander in the Navy, being at the same time hopeful, this is not an improper request, and that you will believe my Intentions are to Submit the Propriety of the Measure entirely to your better Judgment: Neither should I recommend Lieutenant Bourmaster were he not an old Officer, in addition to his laborious good Services during his employment in this Department, which done, will, I am confident entitle him to your favor. I have the Honor to be, Sir, [&c.]

*The Freeman's Journal, Saturday, May 25, 1776*

Portsmouth, May 25, 1776

On Tuesday the 21st inst. the Continental Frigate of thirty-two guns,
built at this place, under the direction of John Langdon, Esq; was Launched
amidst the acclamation of many thousand spectators. She is esteemed by all
those who are judges that have seen her, to be one of the completest ships
ever built in America. The unwearied diligence and care of the three Mas-
ter-Builders, Mess. Hacket, Hill and Paul, together with Mr. Thompson under whose inspection she was built, and the good order and industry of the Carpenters, deserve particular notice; scarcely a single instance of a person's being in liquor, or any difference among the men in the yard, during the time of her building, every man with pleasure exerting himself to the utmost; and altho' the greatest care was taken that only the best of timber was used, and the work perform'd in a most masterly manner, the whole time from her raising to the day she launched did not exceed sixty working days, and what afforded a most pleasing view (which was manifest in the countenances of the Spectators) this noble fabrick was compleatly to her anchors in the main channel, in less than six minutes from the time she run, without the least hurt; and what is truly remarkable, not a single person met with the least accident in launching, tho' near five hundred men were employed in and about her when run off.

PLANS OF THE CONTINENTAL FRIGATE BUILT IN NEW HAMPSHIRE

Resolved, That the arms, ammunition, and military stores, taken by the armed schooner Franklin, or any other of the armed vessels in the pay of the United Colonies, be at the disposal of the General or commander in chief of the American forces.

The committee to whom was referred the letter from Charles Miller to the commissary general, brought in their report, which was agreed to:

Whereupon,

Resolved, That the commissary general be directed to order so much of the provisions stored in the continental magazines in Massachusetts bay, to be delivered, for victualling the five ships of war, now building at Portsmouth, Newburyport, and Providence, as the Marine Committee shall direct; and to keep the residue for the use of the continental army, that are or may be stationed in the eastern department.

The committee appointed to confer with his Excellency General Washington, Major General Gates and Brigadier General Mifflin, touching the most proper posts and measures to be taken for preventing the enemies communication with the upper country from Canada, and such other measures as tend to secure the frontiers, brought in their report, which was taken into consideration, Whereupon,

Resolved, That it is of the highest importance that post be taken at Dechambeau and that the same be fortified; that works be likewise erected on the islands in the river St. Lawrence at the mouth of the river Sorrel, as well to keep open the communication between Dechambeau and St. Johns, as to prevent the enemy's passing to the upper country, should the forces of the United Colonies be compelled to retreat from Dechambeau.

That it is highly expedient to engage the Indians in the service of the United Colonies.

COMMODORE ANDREW CALDWELL TO THE PENNSYLVANIA COMMITTEE OF SAFETY

Gentlemen: –

Philadelphia 25th May, 1776.

The appointment you were lately pleased to honor me with of Commodore of the Naval Armaments on this River, was accepted on my part from the same motives, which now induce me to resign – The service of an Injured Country.

Confined to my bed by a severe Illness, I am wholly disabled from executing the duties of such an important trust. The preservation of this city depends on the defence of the River, and as there is reason to believe that the Enemy will shortly return, with an addition of force, to accomplish their Hellish purposes of Murder and distraction, I should consider myself as in-
juring the Public cause, were I to delay at this time, the resigning an office, which tho' proud to be honored with, and anxious to discharge, I am not now able to perform.

The House will [be] pleased to accept this as my resignation of the office of Commodore, the commission for which is inclosed herein, and if on the return of health there should be any service which I can render to so just a cause, I shall ever conceive it an honor to be called upon for that purpose.

I am, Gentlemen [&c.]
Andrew Caldwell. ²

P.S. The money I received from you is disposed off as underneath, for the recruiting service, for which the Captains will account with you:

GOVERNOR ROBERT EDEN TO CHARLES CARROLL, BARRISTER

Sir:

[Annapolis, May 25] ²

On a perusal of the address to me yesterday, I don't find it requires any answer; not do I understand that any was expected. Anything I could say
might be thought too little here, and would be thought too much elsewhere. I just trouble you with this to mention a circumstance or two that have occurred to me, to which some attention may prevent disagreeable occurrences.

I am going to send down the bay to inquire after a vessel for England, and my boat, with Mr. S. [Smith], will, in that account, sail with the first fair wind. I must request a pass, to protect her from the Provincial and Virginia cruisers.

Another of the circumstances above alluded to is, the present situation of those cruisers; any sinister accident from the King's ships arising at this time to them, or soon after my sending down, would, in the phrenzy of men's minds, be imputed to intelligence from me, notwithstanding my assurances of my confining Mr. S. and the boatmen solely to the errand I send them on. This you might remedy, by ordering them up the bay till I am gone; and in that case will pledge myself that such man-of-war that may come to escort me through the Virginia part of the bay shall commit no hostilities in this Province. But if they must remain below, I cannot be answerable for what may happen to them.

The forces are at the Capes, and I propose writing to Captain George Montagu, and giving him the trouble of me, till I take my departure from the Capes. One of your look-out boats might sail with mine, and carry instructions to Captain [James] Nicholson, or my boat shall deliver your despatches, if she can see them in her way down the bay. I am the more solicitous to settle this point, as I am desirous to leave the Province on the most friendly terms, and in as much peace as the times will admit.

Requesting your sentiments on these matters, and the pass above-mentioned for the Friendship schooner boat, George Wilkes, mulatto, skipper, I am.

Journal of the Maryland Convention

[Annapolis] Saturday, May 25, 1776.

The Convention took into their consideration the report from the committee appointed to devise a proper establishment for a court of admiralty, for the trial of such captures and seizures as are or may be made pursuant to the late resolves of the Continental Congress on that subject, and brought into any port or district within this province, and thereupon came to the following resolutions, to wit.

Resolved, That a court of admiralty be established for the trial of such captures and seizures, with full power to take cognizance of all libels on account of such captures and seizures, and to proceed to a final determination and decree thereupon. Which court shall consist of a judge to hear and determine, a register to record the proceedings, and a marshal to call the said court and execute the several processes thereof; the said judge to be nominated and commissioned by the Convention, or in the recess thereof, to be
nominated and commissioned by the Council of Safety for the time being; and the said register and marshal to be nominated and appointed by the judge of the said court; the commission of the said judge, and the nomination and appointment of the said register and marshal, to be during the will and pleasure of the Convention for the time being; the process and form of proceeding to be as usual in the courts of admiralty: but if either libellant or defendant, on any controverted material fact between them, demand a trial of the said fact by a jury, in such case [the judge] shall order and direct the marshal to summon out of the neighbourhood where the court is held, a jury of freeholders, to find and say the truth of the said fact on oath, and upon the verdict of the said jury, shall pronounce his decree accordingly: the first determination and decree of the said judge to be subject to such appeal, and in such manner, as recommended in the resolutions aforesaid of the Congress. The fees for proceedings in this court to be the same with the fees heretofore allowed the court of admiralty, by an act passed in 1763, entitled, "An act for amending the staple of tobacco, &c." the said fees to be paid in money at the rate of 12s.6d. common money per hundred; and the allowances to juries and witnesses to be the same as heretofore made to juries and witnesses in the common law county courts of this province. This court to be held at such place as the judge shall think convenient for the trial of such captures and seizures as are or shall be made as aforesaid.

William Hayward, Esq; was unanimously elected judge of the said court of admiralty.

The committee for that purpose appointed, bring in a passport for his excellency governor Eden, and a draught of a letter to the Committee of Safety of Virginia, which were read and agreed to.

CHARLES CARROLL, BARRISTER, TO EDMUND PENDLETON

Sir Annapolis 25th May 1776

I am instructed by the Convention now sitting to communicate to your Committee the enclosed Resolve. Our Governor having no other Opportunity of procuring a Passage to great Britain than by some Packett or Ship from the Fleet in your Colony, has Requested this Convention to give a Passport for a Boat to go down to the Fleet on an Enquiry for a convenient passage. This Convention has thought proper to comply with the Request and has furnished a Passport, a Copy of which you have enclosed. The Governor in case a Ship of War should come up for him has pledged himself that no Hostilities [should] be committed by her in coming up or going down as far as he can prevent it, and to prevent any disagreeable Occurrences, we have directed the Commander of our Ship Defence now down the Bay to come up. As the Governor leaves the Province at the request of the Convention, they wish to give every facility to his seasonable departure, confident that he has no hostile Designs against America and we request that
you will take proper measures to prevent any interruption being given to the passage of his Boat on her present errand or to such Ship of War as may come up for him. I am Sr [&c.]

MAJOR GENERAL PHILIP SCHUYLER TO GEORGE WASHINGTON

Fort George May 26th 1776

... By the inclosed Return your Excellency will see that I have only
91 – Rank and file fit for Duty, twenty eight of these are constantly em-
ployed in the Batteaus that bring the Timber for building others: eight in
the large Boat; and ten in various other Services, so that I have only 45 — left for Duty, and all raw & undisciplined. — a Force so trifling that it leaves us exposed to the Insults of any very inconsiderable party who may destroy our Boats and Buildings, and thereby greatly distress if not actually render useless our Army in Canada: permit me therefore to beg your Excellency to order me a Reinforcement the soonest possible, and should I find myself hereafter in a Situation to dispense with them — Colo: Van Schaick will then be immediately sent into Canada.

I forgot to mention to your Excellency that the small Note I enclosed you this Morning I received with the other papers, but do not know whether intended for the Commissioners or me, if for me I am not in a Condition to comply with it, as I have not a person here that understands the Construction of Gundaloes. 1 I wrote for such persons to the Congress in the Course of last Winter but if I had proper persons here it would be needless to build them as the Waters in a few Days, if not already are too low to get Vessels of that Construction down the Falls of Chamblé.

I shall try to procure Batteaumen at Albany and its Vicinity, they are cheaper at eleven Dollars and a Quarter per Month than Soldiers with the additional pay of one Shilling per Day, because they are more to be depended on.

Winsburg May 26th 1776.

Sir. On Wednesday last Lord Dunmore and the Fleet at Norfolk, quitted that station and fell down into Hampton Road, where they remained 'til yesterday evening, when they got under way, apparently intending out to sea, but this morning were discovered by our look outs to have turned up the Bay and had passed the mouth of York River. I this moment received the intelligence and thought it might be useful to communicate it to you by express, that you might not mistake it for some other armament. We have reason to believe they are much in want of Provisions and also that they are but weakly man'd, as they burnt several small vessels before they left Norfolk and three of a large size just before they quitted the Road. The Roe-buck is returned from Delaware & is with this fleet. I have Honr to be Sir

[Extract] Portsmouth 27th May 1776

I've sent by several Opportunities a List of Men for Officers, I hope to hear by return of Post, of the Appointment, and Explicit Orders for me to appoint the remainder, and the Blank Warrants or Commissions sent down I hope Peter Shores, will be Lieut by all means and also John Roche which I mentioned, who is now on board one of the Continental Schooners a Lieut and what I know and can learn he is very gentell good Man —

I inclose one of our Newspapers (for your Approbation) by young Dearbourn who I've endeavoured to put into the Business that we might have some Channell of Intelligence besides Tory printers, by that you'll see a few Lines I threw into the paper relative to our Launching the Ship, which are only the Facts, if any bad Grammer you'll Excuse it, my Education was not what they call Liberal. ²

We were highly favour'd Sons of Liberty, in building as well as Launching; nothing going Cross the Expence has been great but that could not be helpt, I dont know of one Man of having even his Finger hurt in Launching, we were very regular the whole Yard guarded, to keep people off, strict Silence, orders properly timed, and well Executed, about three Minutes to her Anchor from the time she run, not even touched the Shores Since — Expect to get her Masts in this Week — I've just sent [Captain] Partridge to Ipswich for the Canvass; where shall get light [canvas] I know not, I Expect to meet with much difficulty in Compleating our Hands and entirely for want of Orders to ship them, in Season, not a Man can I ship until the Officers are appointed and Explicit orders to Ship furnish Provisions &c. — I hear nothing of Guns, have no idea where they are to come from, Swivels, Shot, and such Articles we want — I think there is some mistake in the Regulations, (no proportion of Prizes to the Lieutenant and Captain Marines) I know not where rum is to be had the price now is only One dollar by the Hogshead, pray let me know if I am appointed the Agent if any one Else should be appointed, I should be glad to be appointed Agent of prizes, if that should be an seperate Department but as I hope you have taken Care to get me appointed Agent for the Navey (or say one of the Lords Commissioners that will be let alone as to Prizes — If there is an Agent for Prizes seperate from the agent for the Navy, which I supposed I shall and do
recommend Mr Joseph Whipple, than whom none can do better. Mr [Josiah] Bartlett may easily say that I've recommended Mr Whipple this is for the Continent – Mr [Joshua] Wentworth is for the General you know – I should be very glad to have Liberty of coming to Congress if its only one Week just to desire Independence might be declared and Guns sent on, and few such trifles as these, which are Essential and must be done, and that immediately and after these material matters are done the Continent may act with some propriety for every thing now (in the Eyes of the weak) class [sic clash] with Perogative, the King or the Devil; our Ships would also go to Sea, which would help us much –

Nothing in the Government way material we are a Building a Battery on the heights of Jerrys point – I am with Friendship [&c.]

Dear Sir

Portsmouth May 27th 1776

There has been nothing material in Government turn'd up, since you left us, the glorious News of the Capture of the Powder Vessel and Galliant Behaviour of our Men in the Privateer, no doubt you'll have e'er this comes to hand

Our Frigate was launched last Tuesday being the 21st Instant we were Exceeding fortunate in Launching, you may say with Safety that she is a good Ship, as has been built on the Continent, to say no more of her – when we shall have Guns, Orders to Ship Men, and furnish Provision &c I know not, had we the Guns, & had the Honble [Marine] Committee sent me Orders to have Enter'd the Men, Officers appointed the Ship might been at Sea in all June, but how it will be now, I know not, the Orders come much Slower then I can build the Ship, I have wrote every Week since I left Philadelphia almost, Guns & Liberty to ship Hands, as I could as well Employ them as, others, but am Sorry to say, can form no Idea where the Guns are to com[e] from, and have refused a Number of Men, who would have gone, but are now otherwise Employed. Portsmouth 27th May 1776

On Tuesday last we Launched the Frigate belonging to the United Colonies, which I had the Honour to Superintend the building of at this
place, we were fortunate enough not to meet with the least Accident, the Ship was compleatly to her Anchors in three Minutes from the time she run off –

No pains has been spar’d, nor reasonable Expence to do the work well & give dispatch, she’s Esteemed by Judges to be a very compleat piece of Work –

I’ve discharged great part of the Men from the Yard, her Masts are all Compleated in the best manner and hope to have them in, few Days, her Rigging is also fixed, the Sail Cloth I hear is on the Road, shall have the heavy Sails made immediately, what shall do for light Canvas I know not, a considerable Quantity of which will be wanting, not only for Sails but for Hammocks

The Guns we wait for, as we cannot compleat our Carriages without them

I hope to have Orders immediately to Enter men, otherwise shall be detain’d, as many Sailors are dayly going from us, had I the Guns here on the Spot, and seasonable Orders for Officers & Men and Provision, think could have got the Ship to Sea in all June – I am with all due Respect [&c.]

MAJOR GENERAL ARTEMAS WARD TO GEORGE WASHINGTON ¹

Sir Boston, May 27, 1776

I am to inform your Excellency that Mr Bartlett the Agent at Beverly has purchased the Brigantine [Little] Hannah for the Continent, at five hundred and twenty pounds. Captain [John] Bradford of Boston having represented to me that he had an order from Robert Morris Esqr of Congress, and one of the Marine Committee, to provide a good sailing Vessel for Continental Service and that the Brigantine would answer the purpose, I have directed Mr Bartlett to let Capt Bradford have the Brigantine to fit her for the use of the Continent, as Mr. Morris writes that a Vessel is wanted to go a voyage upon particular business immediately.

In the late account I transmitted respecting the attempt the Pirates made upon the two armed Schooners in this Harbour, I mentioned that Major [John Gizzard] Frazer’s Schooner cut her cable and came up; Since I have learnt more particulars I think it appears that the little Schooner was bravely defended. The Franklin had twenty one men Officers included; the Lady Washington had seven, Captain [Joseph] Cunningham Commander, she was attacked by five Boats which were supposed to contain near or quite an hundred men, but after repeated efforts to board her they were beaten off by the intrepidity and exertions of the little Company who gloriously defended the Lady against the brutal Ravishers of Liberty. – I am your Excellency’s [&c.]

[Extract]

[Braintree, 27 May 1776]

I took a ride last week and ventured just as far as the Stump of Liberty Tree. Roxbury looks more injured than Boston, that is the Houses look more torn to peices. I was astonished at the extensiveness of our lines and their strength. We have taken a most noble prize the inventory of which you have in the paper. The poor Captain has since lost his life in a desperate engagement with 13 Boats from the Men of War which attacked him and attempted to Board him, but by a most brave resistance they sunk four of the Boats and fought so warmly with their spears and small Arms as to oblige them to quit him, tho he had but 27 men and they 5 times his number. he unhappily fell and was the only one who did. Many dead bodies have since been taken up among whom is an officer. —We have now in fair sight of my unkells the commodore, a 36 Gun frigate, an other large vessel and 6 small craft. I hope after Election we shall have ways and means devised to drive of these Torments. Providence seems to have delivered into our Hands the very articles most needed, and at a time when when we were weak and not so well provided for as we could wish. We have two Row Gallies Building, and Men of Spirit to use them I dare say will be found. One engagement only whets their appetite for an other.

**Governor Jonathan Trumbull to John Hancock**

[Extract] Hartford 27th May 1776—

Sir On consideration of the Advantageous Situation, and natural provisions & circumstances of the Harbour of New London, to render it a place of Safety for the Shipping of the Colony, as well as of the Continental fleet, We were induced to set ourselves to fortify it, at Mamacook, Winthrop’s Neck and on the Rock, and height on Groton Side, places fit for the purpose, & were seeking the Cannon necessary,—At the time that other help failed—Providence smiled on our endeavours,—a Supply of Cannon & Stores was bro’t into that harbour from New Providence by Commodore Hopkins—On receiving your Letter of the 17th of April last—enclosing one to the Comodr—after observing the Contents, sealing and enclosing it I transmitted the same to him—and early returned you intelligence of his proceedings relative thereto—In pursuance of the resolve of Congress—I directed twenty four of the Cannon left at New London to be mounted on Carriages, this work is accomplished, ten of them are put into their births on Groton Rock & Height ready for Use, the rest will be soon carried to Mamacook & the places where they are to be used—There are not eno’ of them, yet so as to answer very good purposes, with them that we had before—I thought it my duty & necessary to write to the Comodore concerning the Cannon & such other of the Stores as are not necessary for the fleet and were
to be landed & left at New London—To my very great Surprise received for Answer the Comodore's Letter of the 21st instant & an Order by Messrs [Levi] Hollingsworth & [Thomas] Richardson to deliver them twenty of the heavy Cannon &c—whereof Copies are enclos'd—Mr [Samuel] Huntington passing thro’ this Town from Congress, informed me that the Order to the Comodore by those Gentlemen mentioned twenty of the heaviest Cannon he brought from New Providence to New London & had since carried to New Port—and that it was not intended to remove from us any of the Cannon left at New London—An Answer is returned by those two Gentlemen—with a denial to deliver the Cannon on his Order being sensible that the Honble Congress would justify my non compliance with his Order—not having even a Copy of theirs to him—that on a Candid consideration, he would approve my conduct. I do gratefully Acknowledge the Goodness of your Body In directing me to employ those Cannon in the defence of that Harbour & trust the same will not be taken from thence considering the Necessity and the Advantage they will be of for the Interest & safety of the united Colonies, as well as of this—to secure their fleet and the Navigation of the Sound are both obvious & important Objects—

Colo [Samuel] Mott an Experienced Surveyor, and Engineer employed in that Service the last War—at St John's the last Year & now in Erecting the works at New London—Whose Skill & integrity may be relied on—hath lately made a Map of the Harbour which is inclos'd—I flatter myself On Consideration of this Harbour in comparison with others it will meet the approbation & encouragement of Congress, to be fortified at a general Expence—

Col. Isaac Sears, who had been employed by this Board to purchase many articles of iron, cordage, rigging, for the use of the Colony brig Defence, a row-galley at N.Haven, and a ship building at Saybrook &c., had delivered his account for settlement. The same is examined and allowed, amounting to the sum of £ 776 3 6, L.money, and voted that an order be drawn on the Pay-Table for that sum.

*But note:* It appeared that he had sent to the Governor a further account containing the foregoing and other articles purchased since, so that this is to be considered as part, and his Honor having left the other at home, it is to be settled another time. *N. The rest allowed,* p. 47.

Benjamin Franklin to Major General Philip Schuyler, Fort George ¹

Dear General,

New York, May 27. 1776

We arrived here safe yesterday Evening in your Post Chaise driven by Lewis. I was unwilling to give so much Trouble, and would have borrowed your Sulkey & driven my self; but good Mrs Schuyler insisted on a full Compliance with your Pleasure, as signify'd in your Letter, and I was oblig'd to submit; which I was afterwards very glad of, part of the Road being very Stoney & much gullied, where I should probably have overset & broke my own Bones, all the Skill & Dexterity of Lewis being no more than sufficient. Thro the Influence of your kind Recommendation to the Innkeepers on the Road, we found a great Readiness to supply us with Change of Horses. Accept our Thankful Acknowledgements; they are all the Return we can at present make.—We congratulate you on the very valuable Prize made at Boston. They threaten us with a mighty Force from England & Germany. I trust that before the End of the Campaign, its Inefficacy will be apparent to all the World, & our Enemies become sick of their Projects, and the Freedom of America be established on the firmest Foundation, its own Ability to defend it. May God bless & preserve you for all our Sakes, as [well as] for that of your dear Family. Mr. Carrol ² joins me in every hearty Wish for Prosperity & Felicity to you & yours. With the highest Esteem & Respect I am, Dear Sir [&c.]

It was suggested to the Congress that some gentlemen are of the opinion that it would be advantageous for the defence of this Colony to impede the navigation between Redhook, on Nassau island, and Bedlow's island, if the same can be done. Therefore,

Ordered, That Colo. [William] Malcom and Capt. Daniel Shaw, and such persons as they shall think proper to take to their assistance for the purpose, be and they are hereby authorized to sound the depth of the water between Red Hook, on Nassau island, and Bedlow's island, and make report of their doings to this Congress; and that they apply to the Commander-in-Chief of the Continental troops in this Colony for permission to perform the said service without interruption or molestation from the troops on board.

Thomas Fitzsimons and Joseph Moulder to the Pennsylvania Committee of Safety

Gent.,

Phila., May 27th, 1776.

Agreeable to a resolve of your Board, we have purchased two Vessels, one of which is now fitting up for an ammunition Vessell, the other undergoing some little repair, to make her fitt for a Victualler, both will be ready in three days.

Your directions are to man and fitt them, but it might be necessary to ascertain what Number of men you judge proper, and the Wages to be allowed to the commanders and men. We apprehend six men will be necessary for the Ammunition Vessell, as well on acc't of filling cartridges when wanted, as to carry ammunition to the boats during the time of action, on which acc't we apprehend this Vessell should be provided with a good Barge; we think it proper to wait the Committees determination on these points, which as soon as we are advised of, we will conform to. Martin
Wirt is well recommended as a Master for the Ammunition Vessell, & Jas. Simpson for the Victualer.

HENRY FISHER TO THE PENNSYLVANIA COMMITTEE OF SAFETY

Gentlemen, Lewistown, May the 27, 1776

In my last Letter to you, I acquainted you of Roebuck and Liverpool being in our Road, but on sixteenth they made sail and went to sea, and on Wednesday morning the 22, the Liverpool returned into our Road; on Friday 24, there came in sight a Snow, which the Liverpool took, altho’ we gave her all the Signals that we could, she appears to be in ballast, and I think she does not belong to your Port, she had a White Ensign, with a Bunch of Red or Yellow Strips in the middle; 2 on Saturday afternoon came over from Cape May, the Waspe, Capt. [Charles] Alexander, but soon returned; and on Sunday morning, the Liverpool and her prize made sail and went to sea. I am perswaded that the Liverpool was scar’d away from her Station. Capt. [John] Barry & Alexander were over in our Road in a few hours after she went out. I went on board to give them the best information that I could in regard to the Liverpool, upon which they went over to Cape May for the rest of their fleet, and now they are all over under our Cape in quest of the Pirate, and I am in hopes that in a short time they will give you a good acc’t of her. I think it would not be amiss if you would send down one of your small Barges that carries a four Pounder, such a craft would be of Service here to Attack their Barges, when they are in chase of our vessels. Mr. Phill Moore, who this letter goes by, will inform you what I mean to doe with the Boat, and where I would have stationed. Having no more to add, I Remain, [&c.]

RICHARD HUTSON TO ISAAC HAYNE 1

[Extract] Charles Town May 27th. 1776

The Town affords little news more than is contained in Well's Gazette wh I make no doubt you have received before this. The Diabolical Man of War, wh has been in our Offing for some time & wh did us the enormous Injury of burning the Prize has at length disappeared. It is generally imagined that she was sent from the Armament at North Carolina & that she has now returned to make her report. If that was the case she has obtained ample means of information as Capt [Thomas] Moultrie's Five Bargemen went aboard her in his barge. The Barge was observed to be hoisted with the sails standing athwart the Bowsprit of the Man of War. & to hang there for a Whole day. I suppose by way of Bravado or perhaps as an innuendo of what they would do with the Owner if they could lay their hands on him – I have less & less opinion of our Soldiery & I expect that when it comes to the push we shall be obliged to do all ourselves – Most People seem to imagine that we shall have a Visit from the generals [Charles] Cornwallis & [Henry] Clinton, the latter end of this week on the Spring Tides. But I am rather inclined to think that they will suspend their Operations till the Result of the Consultation with the Commissioners is known.

**George Washington to Major General Israel Putnam**

Sir:

Philadelphia, May 28, 1776

I received yours of the 24th Inst with its several Inclosures, & the Letter
and Invoice from General Ward, giving Intelligence of the fortunate Cap-
ture made by our armed Vessels, on which Event you have my Congratula-
tions.

I have wrote Genl Ward, as you will see by the inclosed Letter, (which
having read, you will seal & send by Post) to send forward to New York,
Colo [Rufus] Putnam's Demands, and also such Articles as Colo [Henry]
Knox may apply for, out of the Cargo taken. In like Manner I have
directed him to send me as soon as possible, Part of the Powder, & eight
Hundred of the Carbines which will greatly assist in making up the Defici-
ency in this Instance. As to the Plan for employing the Armed Vessels, I
have no Objection to it's being adopted, provided it will not frustrate the
main Design for which they were fitted out. That I would by no Means
have injured, as it is a Matter of much Importance to prevent a Correspond-
dence between the disaffected & the Enemy & the latter from getting Sup-
plies of Provisions; but if this End can be answered, & the other Advantages in the plan mentioned, it is certainly an eligible one. 2

The great Variety of Business in which Congress are engaged, has prevented our settling what I was requested to attend for, tho' we have made several Attempts, & a Committee has been appointed for the Purpose Day after Day, nor can I say with Precision when I shall be at liberty to return. I must, therefore, pray your Attention & Vigilance to every necessary Work and further, if you should receive, before I come, certain Advices and such as you can rely on, of the Enemy's being on the Coast or approaching New York, that you inform me thereof by Express, as early as possible. I do not wish an Alarm to be given me without Foundation; but as soon as you are certified of their coming, that it be instantly communicated to me, & Orders given the Express who comes, to bespeak at the different necessary Stages on the Road, as many Horses, as may be proper for facilitating my Return, & of the Gentlemen with me, with the greatest Expedition. William Whipple to John Langdon 1

Philadelphia, May 28, 1776

Your two favours of 11th and 12th current came duly to hand: I rejoice to find your ship the most forward of any except those at Providence, but I very much fear you'll still wait for guns if they are not to be had at Providence as I mentioned in my last. I have still kept off the appointment of an Agent in hopes of fixing the appointment to your mind. I have nominated the Captain 2 who is unanimously accepted by the Committee, but the sanction of Congress is still wanting which I think there is no doubt of. the attention of Congress has been taken up for some days in conference with General Washington, as [to] the plans of operations for this campaign—so soon as that is finished and the conference with the Chiefs of the Six Nations, who are now there, naval matters will be attended to, but I shall be glad of an answer to one of my letters wherein I wrote freely of those you proposed for officers, before I nominate them.

I observe there is a number of sand bags on board the prize carried into Boston—will they not make hammocks? Bread and salt, salt provisions, will be furnished from Boston.

gether he had received a Letter from Sir Basil Keith the Governor of Jamaica
an Extract of which is as follows, to wit – “Tho' I think the Rebel Ships
under Hopkins will not venture into the Gulph of Mexico and that you cer-

His Excellency the Governor then desired to know if there was any
thing farther to be done for the support of this place than was mentioned
last Council day –

The Gentlemen of the Council were of opinion that the Howitzers
Mortars the twelves Nines and six Pounders should be brought up from the
Red Cliffs Tartar Point and Rose Island with a proper Quantity of Powder
and shot for each Gun and when those are all brought here then to bring up
four or six of the Large Guns, And that the Commanding Officer of the
Troops be requested to give directions to the Commanding Officer of the

Sir As soon as I can form a Magazine, or have up victualling Ships suffi-
cient for the Army, I purpose marching the Troops by Land, at least such of
them as are in Ships of too great a Draught of Water, or who may not have
favorable Winds: for this Purpose a number of boats will be absolutely nec-
essary, both for Transporting their Baggage, and passing the Troops across
from one shore to another as the Service may require, You will perceive
that to carry on these operations at our ease, it will be necessary to have the
entire command of the River, I think what force we have already would be fully sufficient was it not for the different Channels in the Lake, & the Difficulty of passing from one to the other; I shall therefore be much obliged to you if you will assist us, in those two points: first in sending up some Ships of force, of a draught of Water easy enough for Lake St Peter, and one that might lie near Trois Rivieres, also in equiping our Boats and forwarding them with the Troops as they may arrive for where the Wind fails them, they must quit their Ships, I am with much regard &c

(sign'd) Guy Carleton

P.S. As a large force is at hand, I shall move beyond three Rivers, which I have mentioned to Captain [Henry Harvey] Hervey he appears very desirous for forwarding the Service but thinks it regular that you should enlarge your Instructions to him tho' he does not mean to delay the Service on that account, should the Wind favour us.

On the 23d of May we were joined off the Isle Bic by a Sloop with Pilots, and on the night of the 27th all our fleet (except five sail which parted company in a fog off the S E part of Newfoundland) had reached Quebec, and several of the head most ships had by that time advanced, with the East wind which then blew, to a considerable distance above it – for their subsequent proceedings I must beg leave to refer you to Captain [Charles] Douglas of his Majestys ship Isis whom we found here. PETITION OF WILLIAM GREENLEAF TO THE MASSACHUSETTS GENERAL COURT

To the Honorable the Council and to the Honble the House of Representatives of the Colony of the Massachusetts Bay in General Court Assembled at Watertown the 29th day of May 1776

The Humble Petition of William Greenleaf, Sheriff of the County of Suffolk in said Colony, sheweth, That on the twenty first day of May instant, "a Court erected to try and condemn all Vessels that shall be found infesting the sea-coast of America," was held for the trial and condemnation of a certain Snow named the Industry, Laden with Rum, Sugar, Coffee &c design'd for a supply of the Enemies of the United Colonies in America, which was brought into the said County of Suffolk, by certain Boats fitted out for that purpose from Cohasset; That the said Snow with her Cargo &c was then and their by the Decree of the Honble Timothy Pickering, Junr Esqr Judge
of said Court, Condemned as Lawful Prize. — That on the request of your Petitioner to the said Judge, for his Warrant to empower him to sell the said Snow and Cargo at Public Vendue as the Law directs; your petitioner was promised, that a Warrant should be given him for that purpose. That on the twenty second day of said May, your petitioner waited on the said Judge, for his Warrant, when, to his great surprize, he was informed that, Nathaniel Tucker the Agent who was employed by the Captors of the said Snow and Cargo having applied to the said Judge for his license to dispose of the said prize himself, he had granted said request, and therefore could not deliver to your petitioner, the Warrant which he had promised him, and which your Petitioner apprehends he had by Law undoubted right to claim. That your petitioner apprehends the denial of the Warrant to him, and giving it to said Tucker, who has disposed of the Ship and Cargo with the Appurtenances; not only unjustly, deprives your Officer of his lawful fees; but also reflects much dishonor upon him, and opens a door for great fraud. Your Petitioner therefore prays, that your honors would take this case into your Consideration, and condescend to make such further explanations of the Law, as shall exclude all possible doubt, and your petitioner be paid by the said Tucker the just and lawful fees, which he would have had, if the sale of sd Vessel and Cargo had been sold by your petitioner according to Law — And as in duty bound &c.

MAJOR JOSEPH WARD to JOHN ADAMS

[Extract] Boston 29 May 1776

Sir — Yours of the 16th Instant inclosing a Resolution of Congress to withdraw all allegiance from the British King, I have received; and thank you for them.

You request that I would strain every nerve to fortify the Harbour — I have done it to the utmost of my power, — but you know my power is small.

You ask, Sir, if fire Ships and fire Rafts cannot be employed to drive the Ships to Sea? — and whether Gallies would not be useful? — I have contemplated the subject with great attention ever since we entered the Town, — fire Ships and Rafts I think would not answer, the current is not rapid enough; Gallies of a proper construction with heavy cannon & Howits I believe would answer admirably well; — but my plan is to plant Cannon upon the Islands within reach of the Ships, and drive them from Island to Island until we force them out of the Harbour. — This plan I would have pursued long since, if my superior would have permitted. 2 Perhaps it is best as it is, — but from the first entering the Town I have been zealous for such a movement, and intended to have had the honour of directing it. — Shells would be the best things to attack the Ships with, but we have no proper Mortars for that purpose. A man from Halifax informed us that he learned there that the Enemy threw a good Mortar into a well in this Town,
and I have had a number of wells, which were tho’t to be most likely, searched, but can’t yet find it. The reasons urged for not attacking the Ships now, are, the Castle not being sufficiently fortified, and other works must be neglected in some degree, by turning our attention to this enterprize; -- that we ought not to waste any time in other pursuits until the great object of securing the Town & Harbour is accomplished, lest a formidable armament should arrive before our works are ready to give them a proper reception. The Pirate Ships have not yet done any great damage by lying in Nantasket, but it is very disagreeable to see them there, and insulting to our navigation and to our Dignity.

I think the Resolution of Congress which you inclosed, brings us within one step of Independence, the next step I trust will be taken in due time.

The following Instructions to Capt. [Thomas] Read for the better Government of the Navy now under his Command, was this day drawn up, approved of, and sent him:

Sir:

We think it proper to acquaint you that Commodore [Andrew] Caldwell has, by his letter of the 27th Inst., resign'd the Command of the Fleet, as his ill state of health will not admit of his giving that attendance which the critical situation of Public affairs require.

The Chief command of the Fleet, consequently, for the present devolves upon you, and you are hereby directed to see all the orders from this Board or from the Assembly strictly executed. As there is the greatest Reason to apprehend an immediate attack, we think it absolutely necessary that the whole Fleet under your command be in constant readiness.

As the safety of this city & Province depends chiefly upon the armament under your command, we direct you to pay the strictest attention to the duties of your important station, and to establish, such Regulations as will conduce to promote good order and discipline, without which no military establishment can long subsist.

Philadelphia, May 29.

A letter from Providence, dated the 21st inst. mentions, among other articles on board the transport lately taken by Captain Mugford, a large quantity of breast-plates, said to be bullet-proof; about 300 l. sterl. worth of dry goods, and a quantity of provisions.

Lieutenant Isaiah Robinson to a Member of the Baltimore Committee ¹

Sir, Philadelphia, May 29, 1776,

I should not have deferred writing you so long, had the situation of my health admitted of my so doing; but I have had so severe an indisposition, that it has impaired much the faculties of my mind, so much so, though I have been able to walk abroad for eight or nine days past, yet my memory has been so very bad, that I have not, till within this day or two, been capable of recollecting any circumstance relative to my former transactions, or occurrences in life, except those which had struck my mind very forcibly. I should not now have undertaken to write to you, had I not thought it incumbent on me, to endeavor to rescue the character of a worthy innocent man (my friend, Capt. [William] Stone) from the calumny that has been cast upon it, by the malignant aspersions of a set of scoundrels, who would sacrifice every thing dear to a man, to satisfy the rancorous malice of their infernal dispositions. I can safely take my oath, that I never saw in him the least backwardness nor sign of fear, at any time, whatever, when we expected to engage; and I am confident, had we come to action, he would have shewn as much true fortitude and bravery, as any man in the service. At the time they pretended to say he shewed a backwardness, both he and myself were confined to our beds, and the 2d Lieut. and Master, could with difficulty stand the decks, nor do I think the former was then in his perfect senses, for he brought us down such various and imperfect accounts of the size and situation of the vessels then in sight, that we could gather nothing certain from his report. Besides, our crew were in so miserable a situation, though, as far as I can recollect, we might muster upon decks twenty, or near that number, yet there were not 6 of them capable of doing duty: And I don't at all exaggerate, when I say, that it was then my firm opinion, that a dozen stout and resolute men, apprised of our situation, might have boarded, and would have carried the sloop in spite of all the opposition we could possibly have made. Was it consistent then with common prudence, or with the duty of an officer in command, to attempt, in such circumstances, to engage an enemy? I should ever have held up my hands against such a procedure. I was then as much, or more averse to it, than Capt. Stone, and of course deserve full as much the epithet of coward, an epithet, that I believe, it would not be very wholesome for any one to bestow on me.
I trust, I have said enough to convince you of the scandalous aspersions cast on Capt. Stone's character, and I am convinced from your known candor and integrity of heart, that you will endeavor to wipe off and erase any prejudices that may have taken place in the minds of such, as a man would think it worth his while to have the good opinion of. In every other respect, his character is to those, who have the pleasure of his acquaintance unexceptionable: He joins to the good, devout christian; the humane kind master, and the sincere, steady friend. I am sure, I should be a most ungrateful wretch, did I not acknowledge the many and great proofs I have experienced of his friendship, for to it, under God, I have been indebted for my recovery; he ever, during my long illness, attended me nay oftener than his own state of health would have prudently permitted, and placed me under the care of a family, treated me more like the nearest relation, than a common boarder, and to whose excellent care and good nursing I am obliged for my reestablishment to him also, I am well convinced, many of the sloop's crew owe their lives, for our surgeon proved to be in some measure unexperienced in his profession, and rather too indolent to give due attendance to the sick. The Captain gave them due looking after and all in his power relieved their distresses, while his health would admit of it; nay, to his being so much among them. I dare say, he may charge his severe spell of sickness, during which, I for a long time, despaired of his living.

Assure yourself, Sir, that every report to his prejudice, during the cruize, is without the least foundation in truth. I am informed, that, among others, Stephen Simpson, the boatswain, has propagated many scandalous lies; a rascal, that deserved for his behaviour on board the sloop to have been hanged, and is, I believe, as great an enemy to America, as any in it.

In justice to Capt. Stone, I shall be much obliged to you to shew the foregoing part of this letter. I would, at all events, have his character cleared up, though at the expence of exposing my own inaccuracy, for I am really at present not at all in a trim for writing.

Ship Defence off point Lookout May 29th 1776—

Gentlen

Your order of the 25th Inst came to hand Yesterday Noon 3 oClock, I was then off Wecomoco. About an hour after we imagine the Governors boat past us, the Commodore still continued at anchor, but as the Weather was thick imagine the Boat past her (Commodore): The other two Ships that was under way stood into the mouth of Rappahanock & supposed Anchor'd as we stood off and on all the Ebb and did not see them come out again. It blowd very fresh, & imagin'd they woud Weigh again on the flood to Chase me, which woud have given them a great advantage, therefore woud have gone into Wecomoco, but the Governors boat passing me at an Anchor off the Mouth, made me conclude to beat all Night at A Risque, since which have not seen them. I shall make the best of my way up & expect we shall have A southerly Wind, in which case, shoud the Enemy be standing up the Bay, its necessary I shoud have yr orders as early as possible, where you woud have the Ships go to. We did not discover any more Vessels than 3 Ships & A smaller Vessel which Supposed was A Tender. I am [&c.]

there from Holland deeply loaded with arms and ammunition. He also says that the French ports in the West-Indies are open to us, and that the French men of war have orders to protect our vessels in and out of their harbours, that the French are fortifying Dunkirk which produced a remonstrance from the British Court, but without effect.

Your much Esteem'd favour of the 8th Inst I recd but four days Since it having pass'd me on the Road to Newbury when I was on my return from thence here, It gave me great pleasure to see the Signature of a Gentleman with whome I had the pleasure of a former Acquaintance, and one who is filling so important a Station in the Grand Council of the Grand Empire now in Embrio –

The day I Recd yr Ltr. I set out for Beverly where I fix'd on Just such a Brig as you describ'd, sent in by Manly some time since. He's not a year off the Stocks and Said to be the fleetest Sailing vessel in America. twas with some little difficulty I perswaded Gen Ward to order the Agent to deliver her to me, I am now providing every small Sail that is needfull, and shall see she wants nothing

I have Also Agreed with a Master who is so Recommended by the Salem Gentlemen that he Appears to have every Qualification you required a master of that vessel to have, if his face is an Index to his mind he must be a fine fellow, he is thoroughly acquainted with the bay of Biscay, he is so highly recommended that I've agreed to give him the like wages that the Capts of the Arm'd vessells have, I have purchased abot 24 Tuns Sperm

I saw a Ltr from Holland giving an Account of the great Rise of Log wood their, I shall put 10 or 12 tuns of that Article on board if I succeed in getting the pot Ash and Fish I hope to get Ready in ten days for the Sea, if we should fail of either or both those Articles pray say in your next, if I might put on Board 100 lbs Flour at 23/ p C

JOURNAL OF THE CONTINENTAL CONGRESS

[Philadelphia] Thursday, May 30, 1776

An extract of a letter from a gentleman in Bermuda, dated the 26th April, and continued to the 1 May, 1776, to a gentleman in Philadelphia, was presented to Congress, and read.2

Resolved, That it be referred to the committee appointed to examine the most proper ports to be fortified.

Resolved, That six of the heaviest cannon at Newport, and fourteen of the heaviest cannon at New London, belonging to the continent, be transported to Philadelphia as soon as possible:

That a copy of the above resolution be transmitted to the governors of Rhode Island and Connecticut.

Resolved, That the General [Washington] be authorized to direct the building as many fire rafts, row gallies, armed boats, and floating batteries as may be necessary, and suitable for the immediate defence of the port of New York, and Hudson’s river.

SECRET COMMITTEE OF THE CONTINENTAL CONGRESS TO WILLIAM HODGE

Sir, Philadelphia 30th May 1776 –

As you are now bound on a Voyage to Europe 2 with a view of procuring sundry articles that are wanted here, and have expectations that your friend Mr Jean Wanderwoordt will supply such as we may desire provided he is assured of being duly paid the Cost with Interest for the Time he remains in advance. We the Subscribers being a Quorum of the Secret Committee appointed by the Honble the Continental Congress and authorized to procure from foreign Countries Supplies of Arms, ammunition and other Articles on the best terms we can being Sensible of your deserving Character and knowing that your attachment to the liberties of your Native Country entitled you to our confidence have concluded to Authorize and empower you to contract with any Person or persons in Europe for Ten thousand Stands of good Soldiers Muskts well fitted with good double bridled Gun Locks, and good Bayonets, Ten thousand good double bridled Gun Locks, 200,000 Gun Flints, One thousand barrels of the best Pistol Powder, One thousand Barrels of the best Cannon Powder and for two fast sailing well armed Cutters such as you may think best calculated for a good and safe passage to this Country and for making good Cruizers on this Coast afterwards. You are to make your Contracts in writing, stipulate the prices not to exceed the Current rates for each Article, and make it your business to be well informed on this point. We are sensible that it is difficult to extract arms, and ammunition from many parts of Europe and that penalties are inflicted on such as are detected in doing it, consequently a premium beyond the first cost & Common Commissions must be allowed to those that
undertake it, and in this respect we are rather at a loss how to limit you, being willing to allow what might be a reasonable compensation but unwilling to submit to extortion. However as it is not in our power to judge of this point with precision we exhort you to make the best bargain you can for the Continent and we conclude to allow you a Commission of 2 ½ Per Cent on the amount of the Invoice of the goods, and on the cost and outfit of the Cutters, but you'll observe this Commission is the whole of what we are to pay you being the only compensation you are to expect for transacting this business, and expect and hope it will afford you a very handsome reward for your services.

Our design is to pay for those Goods & Cutters by remitting to the Consignation of those that supply them Cargoes of the Country Produce such as Tobacco, Rice Indigo Skins, Furs, Wheat, flour, Lumber, Iron &c. and we hereby pledge the Thirteen United Colonies for the punctual discharge of the debt or debts you may Contract in virtue of and in conformity with these orders, we agree to allow such rate of Interest as you may agree for not exceeding 5 Per Cent on the amount of the debt or debts from the Time the goods are Shipped until payment is made, and this Interest to cease on such partial Payments as may be made from Time to Time. In confirmation of these orders we deliver you herewith a Letter to your friend Mr. Jean Wanderwoordt attended with a Certificate of our being a Quorum of the Secret Committee properly authorized to transact such business for the Public, which you may avail yourself of with Mr Wanderwoordt or any other Person necessary for the effecting this purchase.

It is our understanding that the goods you Contract are to be at the risque of the Contractor until they are Shipped on board and bills of Lading granted for them after which they become our risque and if the risque from that Time to the ending of the voyage can be covered by Insurance at a Premium not exceeding 20 p Cent we woud wish to have such part Insured as is to come from Europe direct out for this Coast the Insurance to be against all risques what ever at and from the Shipping Port to any place of delivery in the Thirteen United Colonies of America. When you have accomplished the business so far as to make the Contracts and purchase the Cutters you must cause to be shipped 3000 Stand of Arms, 600 barrels of Powder, 3000 Gun Locks, & 60 M Gun Flints on board each Cutter - take bills of Lading deliverable to us in any part of the United American Colonies and dispatch them for this Coast. These Cutters must be well armed and manned. You should procure if possible Masters that are acquainted with the Sea Coast of America, Men of intelligent understanding and firm minds well attached to the American cause. Many such there are in Europe pining to return and serve this Country in the present glorious Contest.

You will also pick up as many American seamen as possible, and if sufficient of those dont offer at compleat the Number with the best you can get, and in fitting these Vessels it will be well done to put on board each 3 or four Tons of Muskets Balls suited to the bore of the 10,000 Stand of
Arms. As the operations of our enemies are uncertain it is hard for us to point out what part of the Coast these Cutters should push for—we believe the Inlets between New York & Virginia may be as safe as any. They must get into the first place of Safety they can and give us immediate advice by express of their arrival, and by these Vessels you'll transmit us any Public News or any useful intelligence in your power. The remainder of the goods we think it most prudent to order out in foreign bottoms to some of the Foreign Islands in the West Indies, where we can send for them with ease and tolerable security.

You will consult with your friends what Island may be safest to make use of, and also obtain recommendation to a proper house for receiving & re-shipping the goods, transmitting us the name & address by the Cutters, and we shall send them funds to pay the freight and Charges. These goods going in neutral bottoms need only be insured against the Common risques of the Sea &c. We are Sir &c &c &c

JOHN ADAMS TO DR. SAMUEL COOPER

[Extract] [Philadelphia] May 30th 1776
You have given me great Pleasure by your Account of the Spirit and Activity of our People, their Skill and success in fortifying the Town and Harbour: But there are several Things Still wanting, in my Judgment. I never shall be happy, untill every unfriendly Flagg is driven out of sight, and the Light House Island Georges and Lovells Islands, and the East End of hog Island are secured. – Fire Ships and Rafts, will be of no service without Something to cover and protect them from the Boats of the Men of War. Gallies are the best Engines in the World for this Purpose. – Coll [Josiah] Quincy, has the best Idea of these Gallies, of any Man I know. I believe he has a perfect Idea of the Turkish, and Venetian Gallies. – some of these are large as British Men of War. but some are Small (I Sincerely wish, that at this Time he was a Member of one or the other House, because his Knowledge and Zeal, would be use[full]. – This however is none of my Concern. – But his Knowledge in naval, and marine Affairs is not exceeded by any Man I know) – Gallies might be built, and armed with heavy Cannon 36 or 42 Pounders, which wou[l]d drive away, a Ship of almost any Size, Number of Guns or Weight of Metal. – The Dexterity of our People in Sea Matters must produce great Things, if it had any person to guide it, and stimulate it, a Kind of dodging Indian Fight might be maintained, among the Islands in our Harbour, between such Gallies and the Men of War.
Whether you have any Person, Sufficiently acquainted with the Composition of those Combustibles, which are usually put into Fire Ships and Rafts I dont know. – if you have not, it would be worth while to send some one here to inquire and learn. – at least let me know it, and altho I have a de-
mand upon me for an Hour, where I have a Minute to Spare, yet I will be at the Pains, tho I neglect other Things of informing my self as well as I can here, and send you what I learn. . . .

P.S. Gallies to be used merely in Boston Harbour, the less they are the better provided they are large and Strong enough to sustain the Weight of the Guns and the Shock of the Explosion. The Gallies first built in Delaware River, were too large to be handy and too small, to live and work in a sea. We are building two of a different Construction. They are to carry two large Guns in the stern and two in front—and five or six 8 Pounders on each side besides swivells, they are built to put to sea, live and fight in a swell or a Storm—they are narrow but almost 100 feet long.

MARYLAND COUNCIL OF SAFETY TO CAPTAIN JAMES NICHOLSON

No 2.

Sir You will please to proceed to Baltimore and wait our further orders,—we send this by Mr Middleton, whose boat you may keep with the ship 'till you come off Annapolis, presuming you will not want her further—if however it should not be necessary for her to attend you, you will order down the bay, to gain what intelligence she can, of the ships you left below.

[Annapolis] May 30th

CAPTAIN ANDREW SNAPE HAMOND, R.N., TO GOVERNOR ROBERT EDEN

Dear Sir

I have received your letter of the 26th instant by Mr. Smith, and am very sorry, tho not Surprized to learn that you think it necessary to leave Annapolis. The Province of Maryland has hitherto been looked upon as having acted with a degree of moderation in the present unnatural Rebellion subsisting in the Colonies, and I confess I had great hopes from your continuing in your Government, that you might have been able to have convinced the people, of the impossibility of their succeeding in the plan they
are now pursuing (the only motive I fear that will have any weight with them in bringing them back to their allegiance) but as you certainly have now given it a very fair Tryal, and it is become apparent that the matter can only be Settled by force of Arms, I confess that, I think your remaining longer among them, would only be exposing yourself to insults, and would answer no good purpose to His Majesty's Service. I shall therefore very Soon Send one of the Kings Ships to receive you on board, and will give orders that she shall commit no hostilities at Annapolis whilst on that Service: But as no officers in his Majesty's Service can be supposed to allow of the smallest insult being offered with impunity to the British Colours it will be necessary for you to inform the persons that assume the Government of the people; that if the Peace is not very Strictly observed on the part of the Rebels, with regard to the Boats, as well as the Ship, during the time it may be necessary for her to Stay on the Coast of Maryland, that any orders that I may issue for the purpose, will not restrain the Captain of the Ship from Acting as he shall think proper upon any such occasion.

Had I not received your letter you would certainly have heard from me in a few days, to have acquainted you, that His Excellency Lord Dunmore Governor of this Colony and myself with the joint forces under our command, left Norfolk the 23d instant and put into this harbour on the 28 in Order to complete our wood arid water, where we at present remain. I have the honor to be Dr Sir

CAPTAIN ANDREW SNAPE HAMOND, R.N., TO CAPTAIN HENRY BELLEW, R.N. ¹

Roebuck at Gwins Island Chesapeake

30th May 1776

Dear Sir

The reason you have not heard from me Sooner, is owing to our having taken the resolution of moving the Fleet from Norfolk to this place, which was effected on the 27th I believe, without the loss of a Single vessel, except three or four that were obliged to be destroyed for want of materials to bring them round. For a description of the Island, the Harbour, and what we are about, I refer you intirely to Mr Goold, who will inform you of the particulars in a much fuller manner than I could write them; as also of every thing that has happened (which I believe is soon related) since you left the fleet at Norfolk. He would have come to you soon after my arrival in Virginia, but I judged it necessary to keep him, in order to inform you of our movement.

I hope to hear you have had great Success on your cruize, and that you have been joined by some other Ship. When I first came here, and learned by Mr Parker, that Captain Wallis [James Wallace], instead of blocking up the Rebel Fleet at New London, had Sailed (he believed) to Halifax, I confess I was in some pain for having left the Delaware; but the day after, my
Tender (who I had sent for Stock at Chinkateague Island) arrived and told me, he saw a Single ship which he took to be a Man of War, standing in for Cape Henlopen, which I have Sat down to be the *Experiment*, and hope soon to hear I am not mistaken; should that be the case, as soon as your water grows short, I would have you come here and leave her cruizing upon that Station.

Governor Eden can no longer stay with safety to himself at Annapolis, and has Sent his Secretary to me to beg I will send for him, which I intend doing very Soon. In short I begin to find more employment for the *Roe-buck* in Virginia than I expected.

It was reported Strongly at annapolis on Sunday that 60 Sail of Men of War & Transports were Arrived at Sandy Hook. You will Also see by the papers (If I can get them to send to you) how strong the presumption is that the Commissioners are arrived with 12 thousand Hessian Troops. The People of Virginia and Maryland all believe it most firmly: and the report of it, prevented Maryland from declaring Indepedancy, as Virginia and North Carolina have done formally; by instructions to their Delegates in Congress to Vote for it.

To day they talk of opening a market on the Island for provisions, should that be the case, I hope we shall be able to send you something.

I intended to have sent Mr Goold round in my Pilot boat, but was obliged for want of small Tenders to station her inside the Island with 2 others.

Captain [Matthew] Squire and his Tenders are cruizing off the Capes to give intelligence of our removal to our friends coming in, and to protect us from the invasions of our enemies.

If Captain [Alexander] Scott is with you, present him with my regard, and I desire I may hear from you both imediately.

Wishing you all Success and happiness. I remain my Dear Sir [&c.]

Chapman is arrived there (Salem) from St. Croix, who says that on the tenth instant in latitude 54, longitude 67:24, he fell in with a brig, the Capt. of which told him that he sailed in company with a fleet of seventy sail of transports, under convoy of two sixty-four, four forty-gun ships, and two bomb ketches, from which he parted the fifth in a hard gale of wind. The fleet had on board a large number of Hessians, Brunschwickers and English troops, all bound to Philadelphia, in order to disperse (as the Capt. expressed himself) that hornets' nest the Congress, after which they were certain the continent would become a very easy prey. God grant that you may be prepared to receive this armament. Gen. Putnam thinks that some troops will immediately march from here to your assistance.

NARRATIVE OF CAPTAIN ANDREW SNAPE HAMOND

[H. M. S. Roebuck, May 16 to May 31]

16th May. I Parted Company with the Liverpool and stood to the Southward. the same Evening I fell in with the Pilot boat from Virginia, by which I recieved letters from Lord Dunmore
acquainting me, of his having received certain intelligence that the Rebels intended attacking the lines at Norfolk; that they were bringing down Cannon, and preparing fire rafts to destroy the Fleet, and assembling in large bodies in the neighbourhood; therefore most earnestly entreated me to return to his assistance. This caused me to alter my Course for Virginia, flattering myself however that his Lordships apprehensions might be premature.

17th

In my way, I sent two Tenders to Chingoteage Island, and took off a dozen Bullocks, and some other Stock for the Ships Company.

19th

When I came to Norfolk, I found Lord Dunmore's expectations of an Attack, not the least abated; having certain intelligence that they waited only for Cannon from Williamsburg, which they expected would arrive in two days. At this time the small Pox made its appearance among the Black Troops, and in order to save them, the Surgeons recommended that the whole should be inoculated. This was likely to be a great reduction of our force; Therefore on considering every circumstance, we thought it most advisable to move the Fleet immediately; for had we waited until the Enemy had planted Cannon at certain places on the River side (which is not 1/2 a mile wide) it would scarce have been possible to have got the Vessels down the River, and they must have fallen into the hands of the Rebels, and many of them had very valuable cargoes on board.

20th

Accordingly on the 22d at day break in the Morning the Troops evacuated the entrenchment, and embarked onboard the Transports, and Orders were given for the Vessels to move down to Hampton Road; but as most of them were without seamen this could only be done by assistance from the Kings Ships: It therefore became rather an arduous undertaking, and it was three days before they could all be got down to the road, where they amounted to upwards of 90 Sail.

22d

Gwins Island, at the mouth of Pianketank River, in Chesapeake bay, being reported to be inhabited by many Friends of Government, that it formed an excellent Harbour, had plenty of fresh water on it, and could easily be defended from the Enemy, was fixed upon as the most proper place to repair to; accordingly, as soon as the wind became favorable which was on the 26th, we left Hampton Road and arrived the next afternoon at the place of our destination with the whole Fleet except 3 or 4 small ones, which the Otter (who brought up the Rear) was obliged to destroy for want of materials to Navigate them.
27th

The next Morning, at day break we landed & took possession of the Island, with our whole force, which with the Marines of the Squadron, did not amount to more than 200 effective Men, so great had been the mortality among the Negroes while at Tuckers Mills; However, we met with no opposition, and after marching quite thro' the Island, returned to the point nearest to the Main land, (where it is not above 200 yards across) encamped the Troops, and began to erect a Fort against the Enemy, who began to gather from all quarters: and fired with musquetry upon the People at work but without doing us the least mischief: Being covered by the Fowey's Guns on one side, and by two small Tenders (which I had sent into the Haven) on the other. The Otter & her Tender immediately returned to cruize off the Capes, to prevent any of the Rebels Vessels from getting in or out, and to give notice to Vessels coming to us of our removal from Norfolk.

31st

The Liverpool sent in a Spanish Snow which he had met with in Delaware bay going to Phila with 13. Thousand hard Dollars onboard which they had brought from the Havannah.

JOURNAL OF THE VIRGINIA CONVENTION

Resolved unanimously that the Committee of Safety be directed to write a letter to the President of the Convention of Maryland in answer to his Letter of the twenty fifth instant expressing the deepest concern at the proceedings of that Convention respecting Governor Eden and our reasons for not becoming accessory thereto by giving him a passport through this Colony or the Bay adjoining: That we would with reluctance in any case intermeddle in the affairs of a Sister Colony but in this matter we are much interested and the Convention of Maryland by sending their proceedings to
the Committee of Safety here, have made it the duty of this Convention to declare their Sentiments thereon.

That considering the intercepted Letter from Lord George Germaine to Governor Eden in which his whole conduct and confidential Letters are approved, and he is directed to give facility and assistance to the operations of Lord Dunmore against Virginia We are at a loss to account for the Council of Safety of Maryland their having neglected to seize him according to the Recommendation of the General Congress and more so for the Conventions having promoted his passage to assist in our destruction under a pretence of his retiring to England which we conceive from the above Letter, he is at Liberty to do. That supposing he should go to Britain, It appears to us that such Voyage with the address presented to him will enable him to assume the Character of a Publick Agent and by promoting division and disunion amongst the Colonies produce consequences the most fatal to the American Cause.

That as the reasons assigned for his departure “That he must obey the Ministerial Mandates while remaining in his Government” are very unsatisfactory when the Convention declare “that in his absence the Government in its old form will devolve on the Presiden’t of the Council of State[”] who will be under equal Obligation to perform such Mandates, We cannot avoid imputing those proceedings to some undue Influence of Governor Eden under the Masque of friendship to America, and of the proprietary Interest in Maryland whereby the Members of that Convention were betrayed into a Vote of fatal tendency to the Common cause and we fear to this Country in Particular and feel it an Indispensable duty to warn the good people of that Province to guard against the Proprietary Influence.

Resolved that the foregoing Resolution be forthwith published in the Virginia Gazette.

PURDIE'S Virginia Gazette, FRIDAY, MAY 31, 1776

Williamsburg, May 31.

Last Sunday lord Dunmore, with his whole fleet, left Hampton road, and came up the bay to Gwynn's island, in Gloucester county, where we understand he has landed his black and white troops, to the number of about 500, and is intrenching. This island contains about 2000 acres, occupied by several families, who are possessed of a considerable quantity of stock, and is well watered. A body of regulars and militia, to the amount of 2000 men, quickly assembled, and are watching their motions; and, if opportunity suits, will very likely attempt to beat up their new quarters, very delightful it should seem, to those pirates and renegades in their present sickly, starving, and dirty situation, from their amusing themselves, on the evening of their landing, with a promiscuous ball, which was opened, we hear, by a certain spruce little gentleman, with one of the black ladies. 1

**NARRATIVE OF MAJOR GENERAL HENRY CLINTON**

[April 18 to May 31, 1776]

On the 18th of April the first Transport of the Irish Fleet joined me; and they continued to drop in every day after this by single Ships to the 3d of May, when Commodore Sir Peter Parker with the Bulk of his Fleet at last made his appearance. It seems he did not leave Cork before the 13th of February—and the Reasons for this extraordinary delay he can best explain; but Sir Wm Howe was assured by the Minister the Armament should sail from thence by the first of December. There were however several Ships still missing, nor did the last of them join us before the 31st of May.

Our first Care after the arrival of the Fleet, was to land the Troops, who stood much in need of that Refreshment after being so long cooped up in Transports, particularly the 46. Regt which was very sickly. But how to employ them afterwards to the best advantage for the Kings Service was a Subject which required much Consideration. The advanced Season of the Year and the depressed State of the Kings Friends in the two Carolinas, forbade our looking to the Southward; and as I was expecting every moment to receive the Commander in Chiefs Summons to join him I became apprehensive that I should not have time to put my Chesapeak Scheme into any Sort of Train. I proposed however, as soon as the Fleet could be got in readiness for Sailing, to proceed to Virginia, and there wait Sir Wm Howes ultimate Directions. But Sir Peter Parker having in the mean time procured Intelligence from whence it appeared the Rebel Work on Sullivans Island (the Key to Rebellion Road & Charles Town) was in so unfinished a State as to be open to a Coup de Main & that it might be afterwards held by a small Force under Cover of a Frigate or two; and [I] having about the same time received a private Letter from Sir Wm Howe, in which he seemed to intimate a Wish I could get possession of Charles Town, without expressing any Hurry for my joining him; I was tempted to accede to the Commodores Proposals for a joint attempt upon that Island. For tho' neither the Season of the Year, the orders under which I acted, the short Time allowed me, nor the Number of Troops I had under my Command, would warrant an Expectation of suddenly getting hold of Charles Town and keeping it afterwards with the small Garrison I was at liberty to leave there; yet I thought Sullivans Island, if it could be seized without much loss of time, might prove a very important acquisition and greatly facilitate any Subsequent Move we should be in a Condition to make in proper Season against
Charleston harbor, South Carolina.
that Capital. Preparations were accordingly made for reimbarking the Troops, and on the 31st of May the Fleet sailed to the Southward.

Within a few Leagues of Charles Town Harbour we were joined by the remaining Transports, which having separated from Sir Peter Parker were driven into an English Port and sent after him under Convoy of the Ranger Sloop. I received a Letter by this Ship from the Secretary of State dated the 3d March; signifying to me His Majesty's Commands “not to engage in any attempt whereby the Troops under my Orders might be exposed to great Loss, or the Service to the northward disappointed; and to proceed immediately to join Major General Howe with my whole Force, if, upon the arrival of the Armament at Cape Fear, I should be of opinion (upon mature Consideration of all Circumstance) that Nothing could be soon effected that would be of great & essential Service and advantage.” However the Commodore and General officers, whom I consulted on this occasion, agreeing with me in opinion that the Object before us promised very great advantages & was likely to be accomplished without much delay, we determined to proceed upon it, now we were so near the Port.

[Extract]

My dear Sir – Portsmouth June 1st 1776

Your Esteem'd favour of the 20th & 21st Ulto is now on the table, am much Oblig'd by your close attention in procur[in]g Money, and forwarding all matters, in your power, I am sensibl[e] of the trouble you have, to get things done, as I've had some Experience of it myself, I Observe what you mention about the 1st Lieutenant & [John] Roche, I've mention'd the matter fully in my Letters since, therefore shall leave it to you, I am not anx[ious], have not mention'd the matter, only to Roche, who desired me, to mention his Name. Your Reason Roches has wait [weight] therefore shall say no more, dont forget Peter Shores for one of the Lieuts I've mention'd to you in my Letters Doctor John Jackson, for Surgeon, he will be just the thing therefore dont forget him. I hope to hear of [Thomas] Thompson's appointment, soon, as I shall make no Appointment of Petty Officers till then – I am very sorry the Guns are so backward We compleated getting our Masts in Yesterday without the least misfortune, most beautiful Sticks, compleatly checked and Launched with Oak and Woolded [sic], shall discharge all the Carpenters next Week, except 8 or 'ten to compleat matters – I believe shall take your Advice, and set out for Providence next Week to see after Guns, I hope as this Ship is so ready we shall have the first Guns –

I shall see after the Powder soon, agreeable to the desire of the Chairman, you have not mention'd the Quantity for each Ship, say, Three or Four tons, as the Powder, that was taken lately belongs to the Continent, shall endeavour to get it there. should be glad the Congress, would order some of that to be appropriated to this use which will be in time, as this at Newbury is at the high price of One Dollar p lb –

The Conduct of Pensylvania is now glorious. I could not say so few Weeks ago, I believe in my Soul the whole Continent will turn Yankees – I thank you for the firms of the Houses but beleive shall not make use of them I cannot at any rate get a Cargo thats worth sending, therefore shall wait the Orders of the [Secret] Committee I shall thank you to ask the
Chairman of the Secret Committee whither I may pay for that Brigantine taken, Captain [Josiah] Shackford, as P Agreement, after which I can make out the Accounts, and wait their Orders for the Ballance in my Hands (I've receivd no Orders) for the Specie in my possession, from the Chairman. —

I'm waiting for the appointment of an Agent, something must be done immediately, if I should be appointed Agent and thereby Oblig'd to quit my Seat at Congress, I would take the Command of this Battallion, while here, and would charge the Continent nothing for my Services . . .

Petition of James Furse of Bristol in the Kingdom of great Brittain Mariner humbly Shews That about two months since he was taken with his Vessel & brought into the Port of Cohasset since which his Vessell and
Cargo have been Condemned in the Court of Admiralty. He has [experienced] largely of the Generosity of the Captors for which he feels himself under the most grateful ties—On application to your Honors the thirteenth of April last you saw fit to grant him Liberty with the rest of his Crew to return to their respective homes—giving their Paroles of Honor not to Act Offensively against the United Colonies in their present contest with Great Brittain—This Order your Petitioner has been ever ready to comply with, as the Condition of it Corresponds with his own Determinations, in Confidence of this Order he expended all the Monies that were the proceeds of the Bounty of his generous Captors in purchasing a small Vessell to transport him to Bristol and just when he had got ready to Sail, he was told by the Committee of Cohassett that the Council of War has prohibited his putting to Sea and he is inform’d that an Order has passed the Honble Board in Confirmation of the order of the Council of War. He prays your Honors to Suspend forwarding the last Mentiond Order, and most earnestly begs you to enter again into the Consideration of the Matter desiring your Canded Attention to his Circumstances— that he is far distant from his home his Connections and his Family, that he has no means of Subsistance here that his all lays in the Vessell he has purchased for his transportation And that his Men have been on pay for some time past and that his Provisions for his Voyage are purchased and are on hand. Under these Circumstances he thinks it most peculiarly hard to be detained, more especially as he put himself to all this trouble and expence merely on the Strength of your Honors kind Order before refered to. — tis objected that he will Communicate Intelligence on the other Side of the Water. He knows of no other Intelligence, that it is in his power to Communicate but that this Country are making every Military Preparation and is now in the most respectable posture of Defence, and that the Inhabitants thereof are Generous, humane and brave, if the relation of these truths may be thought to disserve the Country, your Petitioner is ready to promise to be Silent even as to them. If it is suggested that He intends for Hallifax, rather than be retarded he will endeavour to procure Bonds that He will not touch at any Port in America unless taken or drove in by Stress of Weather, at the same time he hopes your Honors will not put him to this Necessity as he is ready most solemnly to promise that he will use his Utmost Endeavours and Skill, to avoid every Casualty and Circumstance that may Subject him to a Possibility of Stoping at that Port And your Petitioner as in Duty bound shall ever pray

Saturday June 1776

Jas. Furse

Ordered that the Prayer of the foregoing Petition be granted and that the Secretary be directed to advise the Committee of Cohassett thereof, and to direct them to see that no Letters containing Politicks or Remittances be Suffered to be sent by him, and that no other persons be permitted to go with him but Mr Thompson and his Crew.

A Letter to the Committee of Cohassett Vizt.

Gentlemen

I am directed by the Council to Acquaint you that they have again taken
into Consideration Capt Furse's going to England and have ordered that he be permitted to Sail in the Vessell he has purchased for that purpose, without Delay you are required however to pay the Closest Attention to what he takes on board. You are to Inspect all Letters and see that they contain no Remittances or matter of Politicks, if they do you are to detain them. You are also required to prevent any Passengers or Persons whatsoever embarking on board said Vessell except Mr Thompson and the Navigators of the Vessell being the Persons mention'd in your Letter to the Council.

John Adams to Isaac Smith, Sr.

Dear sir

Philadelphia June 1. 1776

Your favours of May 14. and 22d. are now before me. The first I
shewed to Mr. Morris, as soon as I received it. The last contains Intelli-
gence, from Hallifax of the Streights to which our Enemies are reduced,
which I was very glad to learn.

I am very happy to learn from you and some other of my Friends that
Boston is securely fortified; but still I cannot be fully satisfied untill I hear
that every unfriendly Flagg is chased out of that Harbour.

Cape Ann, I am sensible is a most important Post, and if the Enemy
should possess themselves of it, they might distress the Trade of the Colony
to a great Degree. For which Reason I am determined to do every Thing
in my Power to get it fortified at the Continental Expence, I cant be con-
dent that I shall succeed but it shall not be my Fault if I dont.

I am very glad you gave me your Opinion of the Utility of that Har-
bour and of the Practicability of making it secure, because I was not enough
aquainted with it before to Speak with Precision about it.

Your Observations upon the oppressive severity of the old Regulations
of Trade in subjecting Ships and Cargoes to Confiscation for the Indiscre-
tion of a Master or Mariner, and upon the Artifice and Corruption which
was introduced respecting Hospital Money, are very just: But if you con-
sider the Resolution of Congress, and that of Virginia of the 15th. of May,
the Resolutions of the two Carolinas and Georgia, each of which Colonies,
are instituting new Governments, under the Authority of the People; if you
consider what is doing at New York, New Jersey, Pensilvania, and even in
Maryland, which are all gradually forming themselves into order to follow
the Colonies to the Northward and Southward, together with the Treaties
with Hesse, Brunswick and Waldeck and the Answer to the Mayor &c of
London; I believe you will be convinced that there is little Probability
of our ever again coming under the Yoke of British Regulations of
Trade. The Cords which connected the two Countries are cutt asunder,
and it will not be easy to splice them again, together.

I agree with you, in sentiment, that there will be little Difficulty in
Trading with France and Spain, a great deal in dealing with Portugal, and
some with Holland. Yet by very good Intelligence I am convinced, that
there are great Merchants in the United Provinces and even in Amsterdam,
who will contract to supply you with any Thing you want, whether Mer-
chandize or military Stores by the Way of Nieuport and Ostend, two Towns
which are subject to the Empress of Austria, who has never taken any public
Notice of the Dispute between Britain and Us, and has never prohibited her
Subjects from supplying us with any Thing.

There is a Gentleman, now in this City, a Native of it, and a very wor-
thy Man who has been lately in those Towns as well as Amsterdam, who in-
forms me that he had many Conversations there, with Merchants of figure,
and that they assured him they should be glad to contract to furnish us with
any Supplies, even upon Credit, for an Intrest of four Per Cent.

Other Intelligence to the same Purpose, with Additions of more Impor-
tance, has been sent here. But the Particulars may not be mentioned.

Europe seems to be in a great Commotion; altho the Appearance of a
perfect Calm is affected, I think this American Contest will light up a general War. What it will end in, God alone knows, to whose wise and righteous Providence I cheerfully submit, and am with great Esteem and Respect for the Family, your Friend & Servant.

Sir [Philadelphia, June 1, 1776]

Agreeable to your Request we send you by Capt. [Charles] Lawrence one of Our Guard Boats, and as we understand from Mr Philip Moore that you proposed both to officer and man her from your place, we have directed Capt. Lawrence to return immediately with his Crew. Be good enough to send by Capt. Lawrence a Return of all Stores which you shall receive with this boat.

MEMORANDUM BOOK OF WILLIAM BRADFORD, JR.

[Philadelphia] Friday June 1st

After breakfast I went down town & searched all the most probable places I could hear of, for seamen: but without any success. However I met one
who belonged 1/r.Y U 1 O.- 31 Y. but I resolved to search further before I took him & appointed him to meet the next morning. In the afternoon I renewed my search but in vain: ²

2. Bradford was in search of seamen to replace three who had left the brig Polly in Maurice River. The cryptogram, if such, has not been deciphered. On June 2, Bradford noted: "I set out again this morning; & lit on one who went with the Pilot to find one of his comrades. In the afternoon I met the Lad I saw yesterday morning & giving him a letter to Capt. [Philip] Lacey sent him over the River to go down by Land." And, the next day he added: "The greatest part of the day was spent in running after sailors which I At length found." ibid.

The Brig Hetty, Don Mole, is arrived here with three tons and a half of powder, one hundred and forty stand of arms, and some lead. Our ships of war, and several vessels under their convoy, went out from Cape May, last Wednesday evening [May 29]. Our ships were at some distance from the Cape, when they fell in with the above brig, and brought her safe in.

[Extract] [Baltimore] June 1st

Maryland Council of Safety to the Maryland Delegates in the Continental Congress ¹

No 8. [Annapolis, June 1, 1776] ²

Gentn We send Mr [Stephen] Steward to Philadelphia to take a View of the Gondolas built at that city, we expect to contract with him for building most of those, that are ordered to be built for our province – the difference of tide in our Bay from that in Delaware will, we apprehend, necessar-
ily occasion some alteration in the manner of building and rigging our Gondolas from those of Pennsylvania – we wish to have your sentiments on this subject after conferring with Mr Steward. –

All is quiet at Annapolis, the Governor’s boat is just returned from Virginia with Secretary Smith, and brings a letter from Commodore Hamond of the *Roebuck* to the Governor, which we have seen, he is to be sent for shortly. – the letter is dated at Gwinn’s Island, which we take to be near Pianketank between the mouth of Potowmack and Rhapahannock, the letter informs they came there to compleat their wood and water; private intelligence says the Island is of some miles extent and has stock of Cattle, Sheep &c thereon; and that they are casting up intrenchments to defend themselves against the militia; how long they will remain there, is uncertain, our Islands will probably be plundered next, and they will move, we conjecture, up the river Potowmack, or our Bay – we should be exceedingly glad to have our military stores, particularly Cannon and small arms lent the Congress for fitting out the *Wasp* and *Hornet* – inclosed we send you copy of the particulars, and wish you would apply, when there is probability of Succeding. –

Mr Smith informs that a vessel under Spanish colours was lately taken in Delaware Bay with 14000 Dollars on board, the boxes, that contained them are marked WM from whence he thinks they belong to Willing & Morris, and that there may be more money on board. – he confirms the report of Stock on the Island and says a Commissary is appointed to see that the people are paid Mr Smith also says that Commodore Hamond and Lord Dunmore both assured him that they had certain intelligence Commissioners were coming over & that he inferred from their discourse they were to treat with the Congress, he also says they told him a very powerful fleet was expected with the troops from England that [Jonathan] Hudson’s ship was with the fleet now at Gwin’s Island, that she was not yet condemned, a witness being wanting that was on board the *Liverpool* Frigate, whom Dunmore told Mr Smith could prove, that the Congress had papers on board concealed in a log of wood, which probably would condemn her we wish to hear from you by every good opportunity, and are Gentn [&c.]

MAJOR GENERAL HENRY CLINTON TO MAJOR GENERAL CHARLES CORNWALLIS 1

Major Genl On board the Sovereign
Earl Cornwallis Saturday the 1st June 1776

These Seaworthies plague me to death upon a Subject I must not pretend to understand – I have proposed that Your Lordships Ship, Your humble Servants, & such light Transports as can go in should proceed immediately to Bull’s Bay, which place for many reasons I prefer – our only [reason] I shall trouble you with, which is the proximity of that place to the Continent from whence alone I can expect to get intelligence – The Commodore seems to approve it and says that he with the rest of the Fleet will remain here or without the Bar of Charles Town till our Plan of operations is settled, but he gives me broad hints, as they do all indeed, that the Ships so anchored will not be in safety.

The Object is certainly worth an ending to but I must make the Commodore the best Judge, all I can say is that I will not attempt anything blindfolded. I must reconnoitre the Object before I attempt it – If there fore most of the Ships cannot be placed in safety at Bulls Bay, and the Commodore be satisfied with the Situation of the rest, I shall propose to him that the whole Fleet go over the Bar of Charles Town and there lay till the Plan of Attack can be formed. I am &c

COMMODORE SIR PETER PARKER TO MAJOR GENERAL HENRY CLINTON 1

Dear Sir Bristol June 1st 1776

I agree entirely with You, that it is not worth while from the Report we have had, to go into Bull’s Bay, and that it will be necessary in order to form a Plan of Attack to go over the Bar of Charle’s Town. I shall therefore give Directions accordingly, and Hope the Fleet will be under Sail early to Morrow Morning.

I intend to Dispatch immediately the Sphynx and St Lawrence Schooner to examine the Bar, and to Endeavour shou’d there be any Obstructions to remove Them, before Our Arrival. I have the Honor to be [&c.]

Sir

Please to acquaint my Lords Commissioners of the Admiralty that pursuant to their Orders to me of the 19th February last I caused publication to be made for Tenders to be delivered from such persons as might have Vessels to dispose of which on due Survey and examination should be deemed fit to be made armed Vessels for the use of His Majesty; and that I have enclosed for their Lordships inspection the reported Condition and Valuation of a Brigantine purchased the 30th May; for which I have directed the Naval Officer at Antigua Yard, to draw Bills on the Navy board for £650 Sterling the appraised Value of said Brigantine.

The 31st May I caused said Brigantine to be Commissioned and called the *Endeavour*, and have appointed Lieutenant Francis Tinsley from the *Seaford* to Command her, and have also appointed Mr George Anson Byron to be Lieutenant of the *Seaford* in his room, which I hope their Lordships will approve.
