FOREWORD

In compliance with the provisions of the act of Congress approved July 5, 1884 (46 U. S. C. 4), directing that there shall be prepared and published annually a list of vessels of the United States belonging to the commercial marine, specifying the official number, signal letters, name, rig, tonnage, home port, and place and date of build of every such vessel, there is published herein the name of every American merchant vessel and yacht which had an uncanceled document (register, enrollment and license, or license) on January 1, 1956. Other vessels (including numbered motorboats) are not listed herein, nor is a list of such vessels compiled or published by the Bureau of Customs.

All vessels with digits only as the name of the vessel (1, 213, 500, etc.) are listed before the alphabetical names, beginning on page 1; those whose names contain the prefix "No." or "Number" with one or more digits are listed under number (e. g. No. 1). All vessels with initials precede those in the same letter with full names (e. g. "A. V. Criss" would precede "Acadia"). Words commonly abbreviated have been treated as though spelled out in full. Identical names are arranged in the order of the official numbers assigned to the vessels. All marks of punctuation, including hyphens, apostrophes, periods, dashes, as well as the word "of," the ampersand, and the word "and" forming a part of the vessel's name have been ignored for purposes of alphabetizing. All vessels are listed in this publication in the above order regardless of rig or whether such vessels are used in commercial employment or exclusively for pleasure. The same sequence of listing is used in all sections of this publication.

Signal Letters of the United States Merchant Marine, the last issue of which was that for January 1, 1951, is now incorporated in Merchant Vessels of the United States. The Signal Letter section of this publication lists the signal letters, radio-call letters, or combined signal and radio-call letters assigned as of the date of compilation to all vessels documented as vessels of the United States including yachts.

Vessels which would otherwise be removed from the List of Vessels but whose outstanding documents may not be surrendered under the provisions of section 961 (a), title 46, United States Code, because such vessels are covered by preferred mortgages, are now separately listed showing the reason that such vessel would otherwise be removed from documentation.

The listing of the number in the crew of the vessels has been omitted from the List of Vessels.

The Monthly Supplement to Merchant Vessels of the United States may be obtained directly from the Bureau of Customs without charge upon request.

EXPLANATION OF TERMS AND ABBREVIATIONS

This issue of Merchant Vessels of the United States contains the name of every American merchant vessel and yacht which had an uncanceled document (register, enrollment and license, or license) on January 1, 1956.

Official number.—A number awarded to each merchant vessel and yacht of the United States. It is permanently marked on the main beam and is retained throughout the life of the vessel.

Signal and radio-call letters.—Letters or a combination of letters and numerals awarded in certain instances, upon request, to seagoing vessels and yachts to afford means of recognition by signals at sea.

Rig.—The rig abbreviations used in describing the vessels listed in this publication are:

Brg.	=barge.	Elpo.	=electric side-wheel, oil.	Ga. w.	=gas stern wheel.	Sch.	=schooner.

El. o.	=electric screw, oil.			Sc. b.	=schooner barge.		

Oil or gas engine.—Each motor vessel propelled by an engine in which the fuel combustion after starting is occasioned by heat generated wholly from compression of air in the cylinders (Diesel type), or from such heat and additional outside heat when this is not sufficient (semi-Diesel type), is indicated by ol. (ol. p., ol. s., ol. w.) or o. (el. o., elpo); and each motor vessel propelled by an engine in which the fuel is ignited by a spark, even though oil is used wholly or in part as fuel, is indicated by ga. (ga. p., ga. s., ga. w.) or g. (jt. g.). A vessel propelled by two or more engines in one or more of which fuel combustion is occasioned by a spark and in one or more of which fuel combustion is occasioned by the heat of compression the rig is indicated as gas-oil screw.

Electrically driven vessels are reported as electric screw, steam, or electric stern-wheel, steam, when the dynamos are actuated by steam turbines and as electric screw, oil, or electric stern-wheel, oil, when actuated by oil engines.

Houseboat.—This classification is applied only to unrigged vessels used exclusively for pleasure.

Name of Vessel.—The name of each vessel is printed exactly as it appears in the marine document and on the vessel, with the exception of the capitals noted in the next paragraph. An asterisk (*) before the name of a vessel signifies that the vessel has had a former name or names. These names appear in the table commencing on page 614. Another table, beginning on page 665, lists alphabetically the former names of merchant vessels giving their present names and official numbers.

Material of hull.—The name of each steel vessel is printed in CAPITALS, each wooden vessel in roman, and all others are indicated by material of build in parenthesis.

Oil fuel.—Each steam vessel fitted for burning oil is indicated by □.

Radio equipment.—Each vessel equipped with radio-transmitting apparatus only and having a license from the Federal Communications Commission is indicated by ✓. Vessels having combined signal letters and radio-call letters are indicated by ⊙. The letters for vessels assigned signal letters only are shown without symbols. In general, four-letter calls are awarded to vessels which are equipped with radio-transmitting apparatus and two-letter, four digit calls are assigned to vessels equipped with radio-telephone apparatus. In the case of a vessel equipped with neither radio-transmitting nor radio-telephone apparatus, letters are assigned, in general, in the two-letter, four-digit series.

Explanation of Terms and Abbreviations

Classification.—Each vessel classed by the American Bureau of Shipping is indicated by ✚.

Gross tonnage.—The gross tonnage of a vessel is the internal cubic capacity of all space in and on the vessel which is permanently enclosed, with the exception of certain permissible exemptions. It is expressed in tons of 100 cubic feet.

Net tonnage.—The net or register tonnage of a vessel is the remainder after deducting from the gross tonnage of the vessel the tonnage of crew spaces, master's accommodations, navigation spaces, allowance for propelling power, etc. It also is expressed in tons of 100 cubic feet.

Register length.—The register length of a vessel is the length measured on the top of the tonnage deck from the fore part of the outer planking or plating at the bow to the after part of the sternpost of screw steamers and to the after part of the rudderpost of other vessels. The register length is not usually the same as the over-all length nor the load-water-line length.

Register breadth.—The register breadth of a vessel is the breadth at its widest part measured from the outer side of the planking or plating on one side to the corresponding point on the opposite side.

Register depth.—The register depth of a vessel is the depth measured from the under side of the tonnage deck, amidships, to the bottom of the hold. The depth is not the draft of a vessel.

Year of build.—This is the year of completion of the vessel, as shown by the builder's certificate. When the year shown in this column is preceded by the letter *r*, the date given is the date of rebuilding of the vessel.

Place of build.—The place shown in this column is the place in which the vessel was completed. In the case of a vessel which has been rebuilt, as indicated by the letter *r* before the year of build in the preceding column, the place shown is the place of rebuilding of the vessel.

Service.—The particular trade or business in which the vessel is engaged. The abbreviations are:

Cbl. = cable.	Frt. = freight.	Pld. = pile driving.	Tow. = towing.
Cod = cod fishing.	Fsh. = fishing.[1]	Pls. = pleasure.[2]	Wat. = water boat.
Drg. = dredging.	I. bk. = ice breaker.	Plt. = pilot boat.	Whl. = whale fishing.
Elr. = elevator.	Lgt. = lightering.	Pol. = police boat.	Wld. = welding.
Exp. = oil exploitation.	Msc. = miscellaneous.	Ptl. = patrol boat.	Wrk. = wrecking.
Fer. = ferry.	Oys. = oystering.	Ref. = refrigerator.	Yct. = yachting.
Frb. = fire boat.	Pas. = passenger.	Tnk. = tanker.	

Horsepower.—The figures in this column represent the horsepower reported when the vessel was new or when the present engine was installed. The horsepower for rigged vessels having an outboard motor is indicated by dashes in the horsepower column.

Name of owner.—The name of the sole owner or, if there are two or more owners, the name of the managing owner, if any, or one of the owners is given. If the sole or managing owner is a corporation, the corporate name is given, except that the definite article is omitted when it forms part of the name. The abbreviation in parentheses following the name of a corporation indicates the State in which the corporation is organized. Vessels owned by the United States represented by the United States Department of Commerce, Maritime Administration, are shown in the List of Vessels as owned merely by the Maritime Administration in order to conserve space. They are listed under the full representative ownership in the Index of Managing Owners, however. Vessels owned by Divisions, Departments, etc., of States and/or Counties (State of Virginia, Department of Public Works; County of Montgomery, Maryland Department of Conservation, etc.) are shown in the List of Vessels as owned merely by the State or County (State of Virginia; County of Montgomery), but are listed under the full representative ownership in the Index of Managing Owners.

The name of the owner shown in this publication is the name of the owner of legal title as evidenced by the outstanding document for the vessel on file in the Bureau on the date of publication.

Home port.—The home port is the port designated as such by the owner and approved by the appropriate customs officer. It is the place where the permanent document of a vessel issues and where each bill of sale, conveyance, mortgage, assignment of mortgage, or hypothecation is recorded.

[1] Except cod and whale. [2] Registered vessels used exclusively for pleasure.
