1. Heavy fighting continues in Pohang area--Heavy fighting continues in Pohang where UN forces are holding the invaders near the edge of the city, but no substantial changes have occurred in the 120-mile defense perimeter. Increasing enemy activity in the rear areas of the central and north sectors may be preparations for renewed attacks in these sectors. UN naval and air force units continued to make heavy strikes against air fields, industrial areas, railroads, and enemy troop concentrations during the past 24 hours.
