2. Upon the arrival of the first increment (Ref. A) of the war reinforcements of the Antiaircraft Artillery Garrison of this Department in June 1941, the organization of the Antiaircraft Artillery Brigade will be required. This brigade will be composed of all Antiaircraft Artillery Units in the Department except the one or two batteries of harbor defense artillery regiments which still have dual assignments to harbor defense and Antiaircraft Artillery missions. The organization of this brigade is mandatory not only because of the strength of the units involved but also because of the organization of the Air Defense Command (Reference D) this brigade will be required to function independently of the Hawaiian Separate Coast Artillery Brigade for tactical operations and in training therefor.

3. It is proposed that the Antiaircraft Artillery Brigade, Hawaiian Department, will be organized as follows:

53rd C. A. Brigade (AA) (RRF.N.).

Hq. and Hq. Btry, 53rd CA Brigade (RefH.).

Intel. Btry, 53d CA Brigade (T/O 4-08 (a) HAD) (Ref. C & R).

251st. C. A. (AA)

"Teh" CA (AA) semi-mobile (less 3d Ea) (Ref. A)

"Eth" Rs, AA gun, semi mobile (less searchlight battery and one gun Battery) (Ref.A); to be expanded into the "5th" Regt. upon arrival of the remainder of the reinforcements (Ref. B)

4. Accordingly it is recommended that:

a. Authority be granted to activate the Hq. and Hq. Btry, 53d CA Brigade (T/O 4-10-1, 1. Nov. 40) and the Intel. Btry. 53d. CA Brigade (T/O 4-06 (c) New), on or about 1 June 1941.

b. A brigadier General be assigned to this Department to command the 53d CA Brigade.

TALK GIVEN BY GENERAL SHORT TO CHAMBER OF COMMERCE ON ARMY DAY

GENTLEMEN:

I am especially pleased to be able to come before this representative gathering of Honolulu business men on the occasion of the celebration of Army Day. Today our military establishment is being brought closer to the view of the general public throughout the entire United States by exhibits and various demonstrations, in order that the people may become better acquainted with some of our equipment, methods and procedures, and now I am afforded the opportunity of discussing some of our plans which will demand close and active cooperation on the part of the civil community and by various departments of your civil government.

You are all aware of the tremendous effort being expended by industry, labor and all departments of the government toward the accomplishment of a gigantic program of national defense. While there are many evidences of this activity here in Hawaii, through defense projects being carried on both by the Army and by the Navy, the tempo of action has not reached as deeply into the private life of the average citizen as has been the case in many cities on the Mainland. Conditions are changing overnight and procedures and practices of today may be changed by the plans and activities of tomorrow. None of these matters are being handled, or even considered, in the light of actual warlike moves nor with any feeling of hysteria, but simply as carefully considered plans which are to be effected for the future security of each and every individual, including the youngest child and the oldest adult, of our nation.
