ESTIMATE OF COST

To Accompany Job Order No. 29.0*

Contract No. W-414-eng-602

WORK TO BE DONE: Construct and Complete an Armament, Fire Control, Supply and Repair Building (Bombsight).

DISTRICT: Honolulu District, Honolulu, T. H.

The work to be done, as provided for herein, is located at Hickam Field, on the Island of Oahu, T. H., and is limited to the following specific item:

(1) Furnish all necessary labor and equipment, and perform all work necessary to construct and complete an Armament, Fire Control, Supply and Repair Building (bombsight). This building shall be in general conformity with Quartermaster Corps drawings for the Armament, Fire Control, Supply and Repair Building at San Antonio Air Depot (Duncan Field), Texas, as modified by the specifications, "Armament, Fire Control, Supply and Repair Building, Hickam Field," and the details shown on the drawings enumerated in the specifications. The building is to be of reinforced concrete design, approximately 67' x 90' in dimension.

The cost of the work to be done shall not exceed \$125,000.00.

(Signed) Theodore Wyman, Jr.,
THEODORE WYMAN, JR.,
*Lt. Col., Corps of Engineers,
District Engineer.*
