General Situation.	
Air Distribution.	
Table "A" showing distribution of material and personnel forces in Mandates (2 pages to be pasted together).	
Sketch of PALAO (PELEW).	
Sketch of MALAKAI Harbor, etc.	
Sketch of JALUIT Harbor, etc.	

## [1] (A) ORGANIZATION OF THE JAPANESE FLEET. OCTOBER 30, 1941. (10574)

The following revision of Op-16-F-2, O. N. I. Serial #27-41 supersedes and replaces the former report on this subject.

The principal change consists of a further increase in the number of fleet commands. This has arisen from the regrouping of aircraft carriers and seaplane tenders into separate forces, and from the creation of special task forces in connection with the southward advance into Indo-China. The regrouping has resulted in a notable specialization within the various commands, as shown below.

## MAJOR FLEET COMMANDS

I. Combined Fleet		
1. First Fleet	(Battle Force)	3 Batdivs, 1 Crudiv, 2 Desrons.
2. Second Fleet	(Scouting Force)	
3. Third Fleet	(Blockade & Transport Force)	4 Crudivs, 2 Desrons, etc. Small craft.
4. Fourth Fleet		
5. Fifth Fleet	(Mandate Defense Force)	1 Desron, 1 Subron and many small units.
6. Sixth Fleet	?	?
7. Carrier Fleet	(Submarine Fleet)	6 Subrons.
8. Combined Air Force	(Aircraft Carriers) (Seaplane tenders, etc.)	5 Cardivs. 4 Alrrons, & shore based planes.
II. Japanese Naval Forces in China.	(Staff Headquarters)	1 PG and 3 DD's
1. First China Exped. Fleet.	(Central China)	Gunboats
2. Second China Exped. Fleet.	(South China)	1 CA, 1 CL and small craft.
3. Third China Exped. Fleet.	(North China)	Torpedo Boats, etc.
4. Southern Exped. Fleet.	(Saigon)	1 CL, transports and mine craft.

[2] The Japanese Navy now includes more vessels in active service than ever before. More merchant ships have been taken over by the Navy, and the line between merchant ship and naval auxiliary grows fainter all the time. The base forces and guard divisions in the Mandated Islands have also greatly increased the strength of the Navy, which is on full-wartime footing.

## COMBINED AIR FORCE

*Kanoya Naval Air Station, Hdqtrs.*

Shore-based land planes and seaplanes. The organization provides for great mobility. Air units are ordered to work with other forces, and return to the Combined Air Force pool when their mission is fulfilled. The named Air Groups (e. g. the Takao Air Group) are not tied down to their stations, but are sent freely wherever they are needed. Furthermore, the various air squadrons and air groups frequently split into smaller units, and are scattered over wide areas.

Because of this extreme mobility, the picture is constantly changing. Accordingly, the following list makes no attempt to indicate all the temporary groupings into which the various units may be combined.

## SHIP-BASED SQUADRONS

KASHII (F) (CL)

SHIMUSHU (CM)

AP

[13] (B JAPANESE FORCES AND INSTALLATIONS IN THE MANDATED ISLANDS)

1. FOURTH FLEET, which may be termed the MANDATE FLEET, apparently administers the Naval activities, afloat and ashore and also the Army Garrisons units in the Mandated Islands. While the forces afloat exercise administrative jurisdiction over the Mandate area, the Yokosuka Naval District is directly responsible for the supply of stores, material and provisions. Truk is the headquarters for supply and munitions and has been principle Fourth Fleet operating base.

2. Up to the present the entire Mandate Islands have been lightly garrisoned, the majority of the garrison units being Naval Defence Forces ("special Landing Forces" corresponding to our Marine Corps) but some Army troops are believed to be on SAIPAN, PALAO, PONAPE, TRUK and JALUIT. The total garrison force has been estimated at fifteen thousand. In addition, there are Civil Engineering Units engaged in development work on various islands. Working in

conjunction with these are naval engineering units, naval ordnance specialists, navy yard units with civilian navy yard workers and technicians. The network of naval radio stations has been greatly expanded, meteorological stations and high frequency direction finders installed at strategic locations, aviation facilities increased both in scope and number, and shore-batteries emplaced on strategic islands of key Atolls.

3. It is apparent that a decision to expedite the fortification, expansion of facilities and militarization of the Mandated Islands, was made late in 1940, probably concurrently with the signing of the Tripartite Pact. The movement of naval auxiliaries, small and medium cargo, freight-passenger vessels (ex-merchant marine) to the Mandates began in December, 1940, and has increased in scope and number until some seventy odd vessels are engaged in this traffic, the average number present in the Mandate area at any one time being some forty odd vessels.

4. The function of supply of munitions, supplies, material and provisions to the Mandates is under the YOKOSUKA Naval District with a Headquarters for Civil Engineering, Munitions, Military Stores and Supplies for the Mandates centered at Truk, although this function is normally under the jurisdiction of Yokosuka as the Mandates are in the First (HQ—YOKOSUKA) Naval District.

5. The Commanders of the 3rd, 4th, 5th, and 6th Base Forces are subordinate commanders under Commander-in-Chief, 4th Fleet; they have a designated Flagship and a Headquarters or Administrative Section, the latter remaining ashore at the home base regardless of the movements of the command or the Flagship. Each Base Force contains a DEFENCE FORCE, detachments of which are stationed on outlying islands of that general area. Four Ro Class submarines have been reported to be attached to the PALAO BASE FORCE.

[14] 6. Considerable air activity has been in evidence in the SAIPAN, PALAO-PELELIU, TRUK, PONAPE and JALUIT-KWAJALEIN areas. Close cooperation has been noted between the Defence Forces and the Aircraft activities at their home bases. Foreign steamers nearing the SAIPAN area have been subject to aircraft observation and close scrutiny by Patrol planes, Bombers, and Fighters. Heavy land plane bombers and patrol planes, undoubtedly ORANGE, have made reconnaissance flights over the Gilbert Islands (TARAWA, BUTARI-TARI, and BERU).

7. The distribution of material, personnel, and installations in the Mandated Islands is indicated in table "A". While this is admittedly incomplete and may be subject to inaccuracies, it represents the latest and best intelligence on this subject. In addition to those listed in Table A, there are a number of potential bases, principally in the lagoons of the naturally protected atolls, which may be used as emergency basis or may be earmarked for "priority two" development.

8. The latest information (up to 25 November 1941) indicates that the present distribution of the Air forces (believed to be a temporary strategical disposition rather than a permanent assignment) in the Mandates is:

<i>Identification</i>	<i>Location</i>	<i>Includes</i>
Airron 24	Marshall Area	(AV) KAMOI (AV?) ----- Maru ex-CHITOSE Air Group ex-YOKOHAMA Air Group
11th Air Group	PALAO Area	
16th Air Group	PALAO Area	
17th Air Group	TRUK	
18th Air Group	SAIPAN	
19th Air Group	IMIEJI Is. (Jaluit Atoll)	
Air Station (and Air Group?)	WOTJE	
Air Station (and Air Group?)	KWAJALEIN	
? AIR GROUP	TRUK	

The exact composition of these Air Groups is unknown and the estimates of total plane strength in the Mandates vary widely: 62-268 planes.

(Table A, referred to in the foregoing paragraphs, consisting of pages 1 and 2 reflecting the distribution of Japanese material, personnel, and installations in the Mandated Islands, will be found reproduced as Items Nos. 108 and 109, EXHIBITS-ILLUSTRATIONS, Hewitt Inquiry.)

## Last Page of Intelligence Bulletin No. 45-41

(At this point in Exhibit No. 21 there appear two sketch maps of Palao Islands and of Malakal Harbor and approaches. These maps will be found reproduced as Items Nos. 110 and 111, respectively, EXHIBITS-ILLUSTRATIONS, Hewitt Inquiry.)

## NOTES TO ACCOMPANY SKETCH OF JALUIT

1. *Aviation Facilities*—Two landing fields, each with a hangar capable of housing twenty medium sized planes. Engineering Shop (camouflaged) situated between the two fields. Adjacent storehouses (galv. iron) camouflaged. Diesel fuel and gasoline storage in camouflaged, above-ground tanks adjacent to air fields. Diesel power plant (June-1940). Eighty planes reported based here (November, 1940).

On beach opposite southern air field is Naval Air Station having small ramp and one hangar for seaplanes (June 1940). This may be an auxiliary as present indications point to naval air Base on Imleji (EMIDJ) Is.

2. *Headquarters*—Two story concrete building. Large building to SE of Headquarters is Post Office and Telephone central. Flagstaff adjacent to Post Office is also used as signal tower. In town are many one story concrete stores. Good bitumen and powdered coral roads.

3. *Radio towers*—Two steel combination radio and lookout towers 400 feet high. Diesel engine power plant near southern tower (1940).

4. *Shore Batteries*—Bases and trunnions along the three quarter mile waterfront street called the Marine Parade (1940) (guns not mounted in June, 1940 but are now). Also three 6" guns and a battery of four 4.7" field pieces. Barracks for regular garrison of 500 soldiers (1940) (probably enlarged now).

*Mobile Batteries*—Machine guns and AA guns mounted on Diesel-tractor towed trailers. 10" searchlights on pneumatic tired truck assemblies (1940).

5. *Government Pier*—600 feet long, 75 feet wide (18'-25' alongside) equipped with two railroad tracks and three 10 ton mobile cranes. Storehouse on end of pier (1940).

6. *Mole*—150' concrete mole constructed parallel to shore line along NW corner of JABOR (1933).

7. *Conspicuous red building* (may be red-roofed building) (1936).

8. South Seas Trading Co. *PIER* (N. B. K. or "NAMBO") also called "SYDNEY Pier". Two water tanks and warehouses. Coal and briquette storage (1938).

9. *Two buildings* (resembling hangars) with tracks leading down to water from one of them (beaching gear?—small marine railway?). A gasoline storage located near the two buildings (1936).

(The sketch of Jaluit, to which the foregoing notes apply, will be found reproduced as Item No. 112, EXHIBITS-ILLUSTRATIONS, Hewitt Inquiry.)
