Log Record Sheets

This amateur radio station log contains 80 pages with 25 entries per page, for a maximum number of 2000 entries per book. The month and year are indicated at the top of each page. The date is indicated on each entry. All emergency or priority traffic, distress messages, or safety-of-life communications are entered verbatim. Routine traffic is handled separately. Additional notes are in a second line of each entry or at the bottom of each page.
