MEMORANDUM for D. Lang, Apollo Procurement Officer

Subject: Technical Evaluation Report: Apollo Operational Control and
Information Study Contract MSC-62-12

1. The attached report is directed to your attention.
2. It is requested that, if possible, arrangements should be made to initiate this contract not later than the first of April, 1962.
3. It is also brought to your attention that a revised work statement is in preparation for this contract. This revised work statement has been expanded to include certain aspects of the ground support aspects for Project Gemini, and will be issued under the title, "Manned Space Flight Operations Control Study, Design, and Development Contract."

Christopher C. Kraft, Jr.
Chief, Flight Operations Division
