FSO STS-131 IFA Review Summary

Presenter **Chris Hickey**

Date **04/20/2010** Page **2**

- There were no IFA candidates identified for FSW or PGSC
- PGSC provided assistance in developing workarounds for the following issue:
 - **Ku Band Forward and Return Link Failed (MER-03,AR-4644)**
 - Developed a method to record and downlink LDRI video for vehicle damage inspection
 - Facilitated the transmission of Shuttle data via ISS KU-Band using network interconnect
