DISPATCH ARCHIVES

Scope of database

The **Columbus Dispatch** news archive dates back to July 1985. It is updated daily at 12:00 p.m. The Columbus Dispatch's newspaper archive contains primarily staff written stories. Associated Press (AP) articles have been saved since January 2001.

The **ThisWeek** news archive dates back to January 1, 2002. All 21 community newspapers are included.

The **Columbus News Index (CNI)** is an index of news articles covering people, places and events in Franklin County and its bordering counties. This Columbus Dispatch is indexed back to 1960.

Search Tips

Most searches can be accomplished by using the standard Boolean connectors **AND**, **OR** and **BUTNOT**. The **AND** connector will narrow your search, the **OR** connector will *expand* your search and the **BUTNOT** connector will *exclude* something from your search.

Proximity searching allows you to link your search terms within a set range of words in the story. Searching for **school and funding** is less effective than **school /25 funding**.

Searchable Fields

- Date** date(4-15-1997) or date(4-15-1997 to 5-14-1997)
- Page** page(01 a)

RESEARCH

DEWEY's catalog

The catalog consists of books, newspapers, periodicals and Web sites. Use the search form on your right to find items in the catalog.

The library has selected the best Web sites to put into the catalog. With an emphasis on Central Ohio sites and journalism sites, you should find the best sources available on the Web. Search the catalog, or browse your choices with the menu on the left, or the selections below the search form.

Ready Reference

Need a quick fact? Definition? Quotation? Several of the best reference sites on the Web have been gathered here for your convenience.

Power Google

Power Google goes well beyond the capabilities of Google's default simple search, providing a powerful fill-in form for date searching, filtering and more. The Power Google page provides more options such as site and file format searches with "fill in the blank" searching options for those who don't take naturally to memorizing special syntaxes. Google's phonebook is also included.

Search Engine Central

Search Engine Central provides a guide to the other major search engines of the web. Why are these considered to be "major" search engines? Because they are either well-known or well-used. For searchers, well-known, commercially-backed search engines generally mean more dependable results. These search engines are more likely to be well-maintained

DEWEY's Web sites

- 
[Columbus, Ohio - Public Safety Department](http://www.publicsafety.ci.columbus.oh.us/) -- <http://www.publicsafety.ci.columbus.oh.us/> ★★★★★
 The Department of Public Safety manages the operations for the divisions of Fire, Police, Communications and the License and Weights & Measures sections for the City of Columbus. Its mission is to provide quality, dependable public safety service to the citizens of Columbus.
LOCAL GOVERNMENT -- OHIO -- COLUMBUS
- 
[Food and Drug Administration](http://www.fda.gov/) -- <http://www.fda.gov/> ★★★★★
 FDA's mission is to promote and protect the public health by helping safe and effective products reach the market in a timely way, and monitoring products for continued safety after they are in use. Our work is a blending of law and science aimed at protecting consumers.
DRUGS -- LAW AND LEGISLATION | FOOD LAW AND LEGISLATION | UNITED STATES--FOOD AND DRUG ADMINISTRATION
- 
[National Safety Council](http://www.nsc.org/) -- <http://www.nsc.org/> ★★★★★
 This international public service organization (founded in 1913) is "dedicated to improving the safety, health and environmental well-being of all people." Its primary tool in achieving this goal is the dissemination of information regarding safety issues. So a strong, thorough, well-planned and maintained Web site is essential in fulfilling their mission. And that is what they deliver. Everything from air bags to radon testing, from first aid resources to window safety in the home is covered. They also include a sampling of statistics from their annual print publication, Injury Facts

VOTER REGISTRATION

Scope of database

The voter registration database contains 8,005,297 registered voters in Ohio from October 2004. This data was provided by the Ohio Secretary of State.

Selecting the "Current to October '04" database gets you the most listings minus some political affiliation information and voter history. The "Current to June '04 database" provides more comprehensive political affiliation information and includes voter history.

Type of Information

- Names
- Birth Date
- Home Address
- Party Affiliation
- Voting History

Search Tips

Type the word you want to find (Smith) or type a phrase (New Albany) to find those words, in that order. To find variations of word stems, type an asterisk at the end of one or more words (librar*). Use the symbols & /! between words or phrases to represent Boolean AND, OR, NOT. Include a space before and after the symbol. Use the proximity operators w# (within) and p# (preceding) to find words near each other.

Voter Registration October 2004

Name:

(first name) (m) (last name)

Address:

(no.) (street name) (description)

(city) (zip) (county)

Other information:

(date of birth)

Voter Databases:

Current to October '04

Current to June '04 (includes history)

May 02, 2005

MARRIAGE LICENSES

Scope of database

The marriage license database contains 2,992,198 marriage records in Ohio from 1970 to 2003. This data was provided by the **Ohio Department of Health**.

NOTE: The year 1971 is currently not in this database. We are working on obtaining this data and will add it as soon as possible.

Current Marriage information

Please use the [Franklin County Common Pleas Marriage License Search](#) to find up to date marriage license information.

Type of Information

- Names
- Age when married
- County of residence
- Date of marriage
- Number of times married

Search Tips

Type the word you want to find (**Smith**) or type a phrase (**New Albany**) to find those words, in that order. To find variations of word stems, type an asterisk at the end of one or more words (**librar***). Use the symbols **&** / **!** between words or phrases to represent Boolean AND, OR, NOT. Include a space before and after the symbol. Use the proximity operators **w#** (within) and **p#** (preceding) to find words near each other.

While this practice is well-known to many divorced fathers, second wives and grandparents, many Ohioans have no idea how easily a father can become designated by Ohio's domestic courts as a visitor in his children's lives.

HISTORICAL WEATHER DATA

Scope of database

The historical weather database contains over 125 years of weather data from **July 1, 1878** to **last month**. All recent data was recorded at the Port Columbus Airport. This data was provided by the **National Weather Service**.

Type of Information

- High Temperature
- Low Temperature
- Precipitation
- Snowfall

Search Tips

You can search for items greater than or less than a certain value, or within a range. This is most commonly done when searching for dates, but may also be done when searching for values or text. Use the symbols shown below. When used with a partial date, these symbols search from the beginning of the date (first day of the month or year). A range consists of two values, low and high, separated by a colon. Include spaces around the colon.

| SYMBOL | MEANING | EXAMPLE |
|--------|--------------------------|---------------------------------------------------|
| < | LESS THAN (BEFORE) | < 1998 FINDS DATES BEFORE JANUARY 1, 1998 |
| <= | LESS THAN OR EQUAL TO | <= 6-15-98 FINDS DATES ON OR BEFORE JUNE 15, 1998 |
| > | GREATER THAN (AFTER) | > 1998 FINDS DATES AFTER DECEMBER 31, 1997 |
| >= | GREATER THAN OR EQUAL TO | >= 500 FINDS VALUES GREATER THAN OR EQUAL TO 500 |
