# ARULMIGU SRIDEVI BHOODEVI SAMETHA SRINIVASA PERUMAL THIRUKOVIL

Kattampatti, Dharmapuri District

The temple of Sri Devi Bhoodevi Sametha Srinivasa Perumal is situated at Kattampatti Village 15 kms from Dharmapuri. The temple is more than 250 years old. Regular pujas were being performed but gradually the pujas were suspended due to the residents of the Agraharam having shifted to nearby towns and cities. Due to non maintenance, the temple slipped into a dilapidated condition.

We the natives of the village and the present villagers have now joined together to reconstruct the temple with a new Garbha Greham, Artha Mandapam and Maha Mandapam and to arrange for daily pujas. A trust has been formed to organise the renovation work. A corpus fund has also to be set up. The interest of which will go towards maintenance and daily pujas. The total cost is estimated at Rs. 25 lacs. With the help of some good hearted devotees we are able to collect upto 10 lacs so far. Construction of Garbha Gruham has been started and the work is nearing completion. For completion of the other works further funds are needed. For this purpose we pray everyone of you to contribute your mite as Divine contribution and get the blessings of God.

We therefore request you to send your contribution in Cash / DD to the following address.
